Public Law 95-224
95th Congress

An Act

To distinguish Federal grant and cooperative agreement relationships from Federal procurement relationships, and for other purposes.

Feb. 3, 1978
[H.R. 7691]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act be cited as the "Federal Grant and Cooperative Agreement Act of 1977".

Federal Grant and Cooperative Agreement Act of 1977.
41 USC 501 note.

FINDINGS AND PURPOSE

SEC. 2. (a) The Congress finds that— 41 USC 501.

(1) there is a need to distinguish Federal assistance relationships from Federal procurement relationships and thereby to standardize usage and clarify the meaning of the legal instruments which reflect such relationships;

(2) uncertainty as to the meaning of such terms as "contract", "grant", and "cooperative agreement" and the relationships they reflect causes operational inconsistencies, confusion, inefficiency, and waste for recipients of awards as well as for executive agencies; and

(3) the Commission on Government Procurement has documented these findings and concluded that a reduction of the existing inconsistencies, confusion, inefficiency, and waste is feasible and necessary through legislative action.

(b) The purposes of this Act are—

(1) to characterize the relationship between the Federal Government and contractors, State and local governments, and other recipients in the acquisition of property and services and in the furnishing of assistance by the Federal Government so as to promote a better understanding of Federal spending and help eliminate unnecessary administrative requirements on recipients of Federal awards;

(2) to establish Government-wide criteria for selection of appropriate legal instruments to achieve uniformity in the use by the executive agencies of such instruments, a clear definition of the relationships they reflect, and a better understanding of the responsibilities of the parties;

(3) to promote increased discipline in the selection and use of types of contract, grant agreement, and cooperative agreements and to maximize competition in the award of contracts and encourage competition, where deemed appropriate, in the award of grants and cooperative agreements; and

(4) to require a study of the relationship between the Federal Government and grantees and other recipients in Federal assistance programs and the feasibility of developing a comprehensive system of guideline for the use of grant and cooperative agreements, and other forms of Federal assistance in carrying out such programs.

DEFINITIONS

41 USC 502.

SEC. 3. As used in this Act, the term—

(1) "State government" means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, any agency or instrumentality of a State, and any multi-State, regional, or interstate entity which has governmental functions;

(2) "local government" means any unit of government within a State, a county, municipality, city, town, township, local public authority, special district, intrastate district, council of governments, sponsor group representative organization, other interstate government entity, or any other instrumentality of a local government;

(3) "other recipient" means any person or recipient other than a State or local government who is authorized to receive Federal assistance or procurement contracts and includes any charitable or educational institution;

(4) "executive agency" means any executive department as defined in section 101 of title 5, United States Code, a military department as defined in section 102 of title 5, United States Code, an independent establishment as defined in section 104 of title 5, United States Code (except that it shall not include the General Accounting Office), a wholly owned Government corporation; and

USE OF CONTRACTS

41 USC 503.

SEC. 4. Each executive agency shall use a type of procurement contract as the legal instrument reflecting a relationship between the Federal Government and a State or local government or other recipient—

(1) whenever the principal purpose of the instrument is the acquisition, by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government; or

(2) whenever an executive agency determines in a specific instance that the use of a type of procurement contract is appropriate.

USE OF GRANT AGREEMENTS

41 USC 504.

SEC. 5. Each executive agency shall use a type of grant agreement as the legal instrument reflecting a relationship between the Federal Government and a State or local government or other recipient whenever—

Transfers.

(1) the principal purpose of the relationship is the transfer of money, property, services, or anything of value to the State or local government or other recipient in order to accomplish a public purpose of support or stimulation authorized by Federal statute, rather than acquisition, by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government; and

(2) no substantial involvement is anticipated between the executive agency, acting for the Federal Government, and the State or local government or other recipient during performance of the contemplated activity.

USE OF COOPERATIVE AGREEMENTS

SEC. 6. Each executive agency shall use a type of cooperative agreement as the legal instrument reflecting a relationship between the Federal Government and a State or local government or other recipient whenever— 41 USC 505.

(1) the principal purpose of the relationship is the transfer of money, property, services, or anything of value to the State or local government or other recipient to accomplish a public purpose of support or stimulation authorized by Federal statute, rather than acquisition, by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government; and Transfers.

Joint Resolution

Feb. 14, 1978
[H.J. Res. 386]

To provide for the striking of a national medal to commemorate the bicentennial of an outstanding historic event or personality during 1777.

Whereas the Bicentennial of the adoption of the Declaration of Independence of the United States of America has been commemorated with the breadth and dignity befitting the American diversity, and

Whereas the Bicentennial celebration during 1976 saw the majority of our citizens participate in activities which helped to improve the quality of life for millions of Americans in thousands of communities across this nation while each were brushed with a sense of our past, our history, and

Whereas the Bicentennial year has given us great impetus to continue our historical review as we realize that the signing of the Declaration of Independence was only the beginning of our struggle to become a nation, and

Whereas it was the ratification of the Constitution and the inaugural of our first President the following year that truly signaled the beginning of our success under the great American experiment, and

Whereas the Members of the Congress of the United States of America recognize that from the careful study and commemoration of past events and writings can we have a better understanding to make sound judgments affecting our future, and

Whereas the Congress of the United States assembled in the United States Capitol Building stands as a working and living symbol of our Republic, the oldest continuously democratic form of government in history, and

Whereas the United States Capitol Historical Society represents all Americans through their duly elected Representatives who themselves are members of the Society, and

Whereas the United States Capitol Historical Society was founded in 1962 with the express purpose to encourage an understanding by the people of the founding, growth and significance of the Capitol of the United States as a tangible symbol of their free representative government, and

Whereas the United States Capitol Historical Society has historically undertaken scholarly research, citizen study of the Constitution of the United States and other significant contributions to art, restoration, publication and film without appropriated funds to promote an understanding of the richness and inspiration of our history, and

Whereas the United States Capitol Historical Society seeks to foster and increase an informed patriotism of the land in the study of those historic events and personalities who contributed to the founding of the Nation and our Constitution form of government, and

Whereas the United States Capitol Historical Society recognizes the need to promote greater awareness of the events which led to the adoption of the Articles of Confederation, our first effort at governing our Republic, the intervening struggle for independence and finally the adoption of the Constitution of the United States of America, and

Whereas it is recognized that one means to generate a greater awareness of the events and personalities who helped form our national fabric is to commemorate these events and personalities on medals to be struck by the Secretary of the Treasury and made available for purchase by the citizenry; Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That, in commemoration of the Bicentennial of the founding of the United States of America and the adoption of the Constitution of the United States of America and of those individuals who participated in the American Revolution, the Secretary of the Treasury shall strike and furnish to the United States Capitol Historical Society (hereinafter referred to as the "Society") no more than 104,000 medals with suitable designs, emblems and inscriptions to be determined by the Society, with the concurrence of the Commission of Fine Arts, subject to the approval of the Secretary of the Treasury. The medals shall be made and issued at such times and in such quantities as may be required by the Society and subject to the approval of the Secretary of the Treasury but no medals shall be made after December 31, 1978. The medals shall be considered to be national medals within the meaning of section 3551 of the Revised Statutes (31 U.S.C. 368).

Historic event or personality during 1777. Bicentennial commemorative medals.

SEC. 2. The medals shall be furnished by the Secretary of the Treasury to the Society at a price equal to the cost of manufacture, including labor, materials, dies, use of machinery, and overhead expenses, plus a surcharge equal to 25 per centum of such cost of manufacture. Such surcharge shall be deposited in the Treasury as miscellaneous receipts. Security satisfactory to the Director of the Mint shall be furnished by the Society to indemnify the United States for full payment of the costs of manufacture.

Cost.

SEC. 3. The medals authorized to be issued pursuant to this Act shall be struck in bronze, silver and gold and shall be of such size or sizes as is determined by the Secretary of the Treasury in consultation with the Society.

Public Law 95-237
95th Congress

An Act

Feb. 24, 1978
[H.R. 3454]

To designate certain endangered public lands for preservation as wilderness, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Endangered American Wilderness Act of 1978".

Endangered American Wilderness Act of 1978.

STATEMENT OF FINDINGS AND POLICY

16 USC 1132 note.

SECTION 1. (a) The Congress finds that—

16 USC 1132 note.

(1) many areas of undeveloped national forest land possess and exhibit outstanding natural characteristics giving them high value as wilderness and will, if properly preserved, contribute as an enduring resource of wilderness for the benefit of the American people;

(2) certain of these undeveloped national forest lands meet all statutory criteria for suitability as wilderness as established by subsection 2(c) of the Wilderness Act (78 Stat. 890), but are not adequately protected and lack statutory designation pursuant to the Wilderness Act as units of the National Wilderness Preservation System;

16 USC 1131.

(3) these and other undeveloped national forest lands exhibiting wilderness values are immediately threatened by pressures of a growing and more mobile population, large-scale industrial and economic growth, and development and uses inconsistent with the protection, maintenance, restoration, and enhancement of their wilderness character; and

(4) among such immediately threatened areas are lands not being adequately protected or fully studied for wilderness suitability by the agency responsible for their administration.

(b) Therefore, the Congress finds and declares that it is in the national interest that certain of these endangered areas be promptly designated as wilderness within the National Wilderness Preservation System, in order to preserve such areas as an enduring resource of wilderness which shall be managed to promote and perpetuate the wilderness character of the land and its specific multiple values for watershed preservation, wildlife habitat protection, scenic and historic preservation, scientific research and educational use, primitive recreation, solitude, physical and mental challenge, and inspiration for the benefit of all of the American people of present and future generations.

"(A) the construction or acquisition of any facilities, or major items of equipment, which may be required at locations other than installations of the Administration, for the performance of research, development, and demonstration activities, and

"(B) grants to any organization for purchase or construction of research facilities.

No such funds shall be used under this subsection for the acquisition of land. Fee title to all such facilities and items of equipment shall be vested in the United States, unless the Administrator or his designee

determines in writing that the research, development, and demonstration authorized by such Act would best be implemented by permitting fee title or any other property interest to be vested in an entity other than the United States; but before approving the vesting of such title or interest in such entity, the Administrator shall (i) transmit such determination, together with all pertinent data, to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate and (ii) wait a period of thirty calendar days (not including any day in which either House of Congress is not in session because of adjournment of more than three calendar days to a day certain), unless prior to the expiration of such period each such committee has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

"(c)(1) Not to exceed 1 per centum of all funds appropriated pursuant to any annual authorization Act for 'Operating expenses' may be used by the Administrator to construct, expand, or modify laboratories and other facilities, including the acquisition of land, at any location under the control of the Administrator, if the Administrator determines that (A) such action would be necessary because of changes in the national programs authorized to be funded by such Act or because of new scientific or engineering developments, and (B) deferral of such action until the enactment of the next authorization Act would be inconsistent with the policies established by Congress for the Administration.

Limitation.

"(2) No funds may be obligated for expenditure or expended under paragraph (1) for activities described in such paragraph unless—

Report, transmittal to congressional committees. Notice.

"(A) a period of thirty calendar days (not including any day in which either House of Congress is not in session because of adjournment of more than three calendar days to a day certain) has passed after the Administrator has transmitted to the appropriate committees of the House of Representatives and the Senate a written report containing a full and complete statement concerning (i) the nature of the construction, expansion, or modification involved, (ii) the cost thereof, including the cost of any real estate action pertaining thereto, and (iii) the reason why such construction, expansion, or modification is necessary and in the national interest, or

unless (i) a period of thirty calendar days (not including any day in which either House of Congress is not in session because of adjournment of more than three calendar days to a day certain) has passed after the receipt by the appropriate committees of the House of Representatives and the Senate of notice given by the Administrator containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action, or (ii) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

"(2) Notwithstanding any other provision of this section or the authorization Act involved, the aggregate amount available for use within the categories of coal, petroleum and natural gas, oil shale, solar, geothermal, nuclear energy (non-weapons), environment and safety, and conservation from sums appropriated pursuant to an annual authorization Act may not, as a result of reprograming, be decreased by more than 10 per centum of the total of the sums appropriated pursuant to such Act for those categories.

"(B) an amount equal to 60 per centum of that portion of the actual total project cost of any demonstration facility which exceeds the project cost of such facility as estimated at the time the loan guarantee is issued;

"(3) the Administrator has determined that there will be a continued reasonable assurance of full repayment;

"(4) the obligation is subject to the condition that it not be subordinated to any other financing;

"(9) the obligation provides that the Administrator shall, after a period of not less than ten years from issuance of the obligation, taking into consideration whether the Government's needs for information to be derived from the project have been substantially met and whether the project is capable of commercial operation, determine the feasibility and advisability of terminating the Federal participation in the project. In the event that such determination is positive, the Administrator shall notify the borrower and provide the borrower with not less than two nor more than three years in which to find alternative financing. At the expiration of the designated period of time, if the borrower has been unable to secure alternative financing, the Administrator is authorized to collect from the borrower an additional fee of 1 per centum per annum on the remaining obligation to which the Federal guarantee applies.

Automotive Propulsion Research and Development Act of 1978.

TITLE III—AUTOMOTIVE PROPULSION RESEARCH AND DEVELOPMENT

SHORT TITLE

15 USC 2701 note.

SEC. 301. This title may be cited as the "Automotive Propulsion Research and Development Act of 1978".

FINDINGS AND PURPOSES

15 USC 2701.

SEC. 302. (a) The Congress finds that—

(1) existing automobile propulsion systems, on the average, fall short of meeting the long-term goals of the Nation with respect to environmental protection, and energy conservation;

(2) advanced alternatives to existing automobile propulsion systems could, with sufficient research and development effort, meet these long-term goals, and have the potential to be mass produced at reasonable cost; and advanced automobile propulsion systems could operate with significantly less adverse environmental impact and fuel consumption than existing automobiles, while meeting all of the other requirements of Federal law;

(3) insufficient resources are being devoted to both research on and development of advanced automobile propulsion system technology;

(4) an expanded research and development effort with respect to advance automobile propulsion system technology would complement and stimulate corresponding efforts by the private sector and would encourage automobile manufacturers to consider seriously the incorporation of such advanced technology into automobiles and automobile components; and

(5) the Nation's energy and environmental problems are urgent, and therefore advanced automobile propulsion system technology should be developed, tested, demonstrated, and prepared for manufacture within the shortest practicable time.

(b) It is therefore the purpose of the Congress, in this title to—

(1) (A) direct the Department of Energy to make contracts and grants for research and development leading to the development of advanced automobile propulsion systems within 5 years of the date of enactment of this Act, or within the shortest practicable time consistent with appropriate research and development techniques, and (B) evaluate and disseminate information with respect to advanced automobile propulsion system technology;

(2) preserve, enhance, and facilitate competition in research, development, and production with respect to existing and alternative automobile propulsion systems; and

(3) supplement, but neither supplant nor duplicate, the automotive propulsion system research and development efforts of private industry.

DEFINITIONS

SEC. 303. As used in this title, the term— 15 USC 2702.

(2) "developer" means any person engaged in whole or in part in research or other efforts directed toward the development of advanced automobile technology;

(3) "fuel" means any energy source capable of propelling an automobile;

(4) "fuel economy" refers to the average distance traveled in representative driving conditions by an automobile per unit of fuel consumed, as determined by the Administrator of the Environmental Protection Agency in accordance with test procedures which shall be established by rule and shall require that fuel economy tests be conducted in conjunction with the exhaust emissions tests mandated by section 206 of the Clean Air Act (42 U.S.C. 1857f-5);

(5) "intermodal adaptability" refers to any characteristics of an automobile which enable it to be operated or carried, or which facilitate its operation or carriage, by or on an alternative mode or other system of transportation;

(6) "reliability" refers to (A) the average time and distance over which normal automobile operation can be expected without significant repair or replacement of parts, and (B) the ease of diagnosis and repair of an automobile, its systems, and parts in the event of failure during use or damage from an accident;

(7) "safety" refers to the performance of an automobile propulsion system or equipment in such a manner that the public is protected against unreasonable risk of accident and against unreasonable risk of death or bodily injury in case of accident;

(8) "State" means any State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, or any other territory or possession of the United States.

DUTIES OF THE SECRETARY OF ENERGY

"(d) With respect to any obligation guaranteed under this title, the Administrator is authorized to enter into a contract to pay, and to pay, holders of the obligation, for and on behalf of the borrower, from the Geothermal Resources Development Fund, the principal and interest payments which become due and payable on the unpaid balance of such obligation if the Administrator finds that—

"(1) the borrower is unable to meet such payments and is not in default; it is in the public interest to permit the borrower to

continue to pursue the purposes of such project; and the probable net benefit to the Federal Government in paying such principal and interest will be greater than that which would result in the event of a default;

Public Law 95-242
95th Congress

An Act

Mar. 10, 1978
[H.R. 8638]

To provide for more efficient and effective control over the proliferation of nuclear explosive capability.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Nuclear Non-Proliferation Act of 1978".

Nuclear Non-Proliferation Act of 1978.
22 USC 3201 note.

STATEMENT OF POLICY

22 USC 3201.

SEC. 2. The Congress finds and declares that the proliferation of nuclear explosive devices or of the direct capability to manufacture or otherwise acquire such devices poses a grave threat to the security interests of the United States and to continued international progress toward world peace and development. Recent events emphasize the urgency of this threat and the imperative need to increase the effectiveness of international safeguards and controls on peaceful nuclear activities to prevent proliferation. Accordingly, it is the policy of the United States to—

(a) actively pursue through international initiatives mechanisms for fuel supply assurances and the establishment of more effective international controls over the transfer and use of nuclear materials and equipment and nuclear technology for peaceful purposes in order to prevent proliferation, including the establishment of common international sanctions;

(b) take such actions as are required to confirm the reliability of the United States in meeting its commitments to supply nuclear reactors and fuel to nations which adhere to effective non-proliferation policies by establishing procedures to facilitate the timely processing of requests for subsequent arrangements and export licenses;

(c) strongly encourage nations which have not ratified the Treaty on the Non-Proliferation of Nuclear Weapons to do so at the earliest possible date; and

(d) cooperate with foreign nations in identifying and adapting suitable technologies for energy production and, in particular, to identify alternative options to nuclear power in aiding such nations to meet their energy needs, consistent with the economic and material resources of those nations and environmental protection.

STATEMENT OF PURPOSE

22 USC 3202.

SEC. 3. It is the purpose of this Act to promote the policies set forth above by—

(a) establishing a more effective framework for international cooperation to meet the energy needs of all nations and to ensure that the worldwide development of peaceful nuclear activities and the export by any nation of nuclear materials and equipment and nuclear technology intended for use in peaceful nuclear activities do not contribute to proliferation;

(b) authorizing the United States to take such actions as are required to ensure that it will act reliably in meeting its commit-

ment to supply nuclear reactors and fuel to nations which adhere to effective non-proliferation policies;

(c) providing incentives to the other nations of the world to join in such international cooperative efforts and to ratify the Treaty; and

(d) ensuring effective controls by the United States over its exports of nuclear materials and equipment and of nuclear technology.

TITLE I—UNITED STATES INITIATIVES TO PROVIDE ADEQUATE NUCLEAR FUEL SUPPLY

POLICY

SEC. 101. The United States, as a matter of national policy, shall take such actions and institute such measures as may be necessary and feasible to assure other nations and groups of nations that may seek to utilize the benefits of atomic energy for peaceful purposes that it will provide a reliable supply of nuclear fuel to those nations and groups of nations which adhere to policies designed to prevent proliferation. Such nuclear fuel shall be provided under agreements entered into pursuant to section 161 of the 1954 Act or as otherwise authorized by law. The United States shall ensure that it will have available the capacity on a long-term basis to enter into new fuel supply commitments consistent with its non-proliferation policies and domestic energy needs. The Commission shall, on a timely basis, 22 USC 3221. 42 USC 2201.

authorize the export of nuclear materials and equipment when all the applicable statutory requirements are met.

URANIUM ENRICHMENT CAPACITY

22 USC 3222.

SEC. 102. The Secretary of Energy is directed to initiate construction planning and design, construction, and operation activities for expansion of uranium enrichment capacity, as elsewhere provided by law. Further the Secretary as well as the Nuclear Regulatory Commission, the Secretary of State, and the Director of the Arms Control and Disarmament Agency are directed to establish and implement procedures which will ensure to the maximum extent feasible, consistent with this Act, orderly processing of subsequent arrangements and export licenses with minimum time delay.

REPORT

Study.
22 USC 3222 note.
Report to Congress.

SEC. 103. The President shall promptly undertake a study to determine the need for additional United States enrichment capacity to meet domestic and foreign needs and to promote United States nonproliferation objectives abroad. The President shall report to the Congress on the results of this study within twelve months after the date of enactment of this Act.

INTERNATIONAL UNDERTAKINGS

Discussions and negotiations.
22 USC 3223.

SEC. 104. (a) Consistent with section 105 of this Act, the President shall institute prompt discussions with other nations and groups of nations, including both supplier and recipient nations, to develop international approaches for meeting future worldwide nuclear fuel needs. In particular, the President is authorized and urged to seek to negotiate as soon as practicable with nations possessing nuclear fuel production facilities or source material, and such other nations and groups of nations, such as the IAEA, as may be deemed appropriate, with a view toward the timely establishment of binding international undertakings providing for—

(1) the establishment of an international nuclear fuel authority (INFA) with responsibility for providing agreed upon fuel services and allocating agreed upon quantities of fuel resources to ensure fuel supply on reasonable terms in accordance with agreements between INFA and supplier and recipient nations;

(2) a set of conditions consistent with subsection (d) under which international fuel assurances under INFA auspices will be provided to recipient nations, including conditions which will ensure that the transferred materials will not be used for nuclear explosive devices;

(3) devising, consistent with the policy goals set forth in section 403 of this Act, feasible and environmentally sound approaches for the siting, development, and management under effective international auspices and inspection of facilities for the provision of nuclear fuel services, including the storage of special nuclear material;

(4) the establishment of repositories for the storage of spent nuclear reactor fuel under effective international auspices and inspection;

(5) the establishment of arrangements under which nations placing spent fuel in such repositories would receive appropriate

compensation for the energy content of such spent fuel if recovery of such energy content is deemed necessary or desirable; and

(6) sanctions for violation of the provisions of or for abrogation of such binding international undertakings.

(b) The President shall submit to Congress not later than six months after the date of enactment of this Act proposals for initial fuel assurances, including creation of an interim stockpile of uranium enriched to less than 20 percent in the uranium isotope 235 (low-enriched uranium) to be available for transfer pursuant to a sales arrangement to nations which adhere to strict policies designed to prevent proliferation when and if necessary to ensure continuity of nuclear fuel supply to such nations. Such submission shall include proposals for the transfer of low-enriched uranium up to an amount sufficient to produce 100,000 MWe years of power from light water nuclear reactors, and shall also include proposals for seeking contributions from other supplier nations to such an interim stockpile pending the establishment of INFA. Proposals, submittal to Congress.

(c) The President shall, in the report required by section 103, also address the desirability of and options for foreign participation, including investment, in new United States uranium enrichment facilities. This report shall also address the arrangements that would be required to implement such participation and the commitments that would be required as a condition of such participation. This report shall be accompanied by any proposed legislation to implement these arrangements. Proposed legislation.

(d) The fuel assurances contemplated by this section shall be for the benefit of nations that adhere to policies designed to prevent proliferation. In negotiating the binding international undertakings called for in this section, the President shall, in particular, seek to ensure that the benefits of such undertakings are available to non-nuclear-weapon states only if such states accept IAEA safeguards on all their peaceful nuclear activities, do not manufacture or otherwise acquire any nuclear explosive device, do not establish any new enrichment or reprocessing facilities under their de facto or de jure control, and place any such existing facilities under effective international auspices and inspection.

(e) The report required by section 601 shall include information on the progress made in any negotiations pursuant to this section.

(f)(1) The President may not enter into any binding international undertaking negotiated pursuant to subsection (a) which is not a treaty until such time as such proposed undertaking has been submitted to the Congress and has been approved by concurrent resolution.

(2) The proposals prepared pursuant to subsection (b) shall be submitted to the Congress as part of an annual authorization Act for the Department of Energy.

REEVALUATION OF NUCLEAR FUEL CYCLE

SEC. 105. The President shall take immediate initiatives to invite all nuclear supplier and recipient nations to reevaluate all aspects of the nuclear fuel cycle, with emphasis on alternatives to an economy based on the separation of pure plutonium or the presence of high enriched uranium, methods to deal with spent fuel storage, and methods to improve the safeguards for existing nuclear technology. The President shall, in the first report required by section 601, detail the progress of such international reevaluation. 22 USC 3224.

TITLE II—UNITED STATES INITIATIVES TO STRENGTHEN THE INTERNATIONAL SAFEGUARDS SYSTEM

POLICY

22 USC 3241.

SEC. 201. The United States is committed to continued strong support for the principles of the Treaty on the Non-Proliferation of Nuclear Weapons, to a strengthened and more effective International Atomic Energy Agency and to a comprehensive safeguards system administered by the Agency to deter proliferation. Accordingly, the United States shall seek to act with other nations to—

(a) continue to strengthen the safeguards program of the IAEA and, in order to implement this section, contribute funds, technical resources, and other support to assist the IAEA in effectively implementing safeguards;

(b) ensure that the IAEA has the resources to carry out the provisions of Article XII of the Statute of the IAEA;

(c) improve the IAEA safeguards system (including accountability) to ensure—

(1) the timely detection of a possible diversion of source or special nuclear materials which could be used for nuclear explosive devices;

(2) the timely dissemination of information regarding such diversion; and

(3) the timely implementation of internationally agreed procedures in the event of such diversion;

(d) ensure that the IAEA receives on a timely basis the data needed for it to adminster an effective and comprehensive international safeguards program and that the IAEA provides timely notice to the world community of any evidence of a violation of any safeguards agreement to which it is a party; and

(e) encourage the IAEA, to the maximum degree consistent with the Statute, to provide nations which supply nuclear materials and equipment with the data needed to assure such nations of adherence to bilateral commitments applicable to such supply.

TRAINING PROGRAM

22 USC 3242.

SEC. 202. The Department of Energy, in consultation with the Commission, shall establish and operate a safeguards and physical security training program to be made available to persons from nations and groups of nations which have developed or acquired, or may be expected to develop or acquire, nuclear materials and equipment for use for peaceful purposes. Any such program shall include training in the most advanced safeguards and physical security techniques and technology, consistent with the national security interests of the United States.

NEGOTIATIONS

22 USC 3243.

SEC. 203. The United States shall seek to negotiate with other nations and groups of nations to—

(1) adopt general principles and procedures, including common international sanctions, to be followed in the event that a nation violates any material obligation with respect to the peaceful use of nuclear materials and equipment or nuclear technology, or in

the event that any nation violates the principles of the Treaty, including the detonation by a non-nuclear-weapon state of a nuclear explosive device; and

(2) establish international procedures to be followed in the event of diversion, theft, or sabotage of nuclear materials or sabotage of nuclear facilities, and for recovering nuclear materials that have been lost or stolen, or obtained or used by a nation or by any person or group in contravention of the principles of the Treaty.

(b) Section 64 of the 1954 Act is amended by inserting the following immediately after the second sentence thereof: "The authority to distribute source material under this section other than under an export license granted by the Nuclear Regulatory Commission shall in no case extend to quantities of source material in excess of three metric tons per year per recipient.". 42 USC 2094.

(c) Chapter 10 of the 1954 Act is amended by adding a new section 111 as follows:

"SEC. 111. a. The Nuclear Regulatory Commission is authorized to license the distribution of special nuclear material, source material, and byproduct material by the Department of Energy pursuant to section 54, 64, and 82 of this Act, respectively, in accordance with the same procedures established by law for the export licensing of such material by any person: *Provided*, That nothing in this section shall require the licensing of the distribution of byproduct material by the Department of Energy under section 82 of this Act. 42 USC 2141. *Supra.* 42 USC 2112.

SEC. 302. Subsection 57 b. of the 1954 Act is amended to read as follows:

"b. It shall be unlawful for any person to directly or indirectly engage in the production of any special nuclear material outside of the United States except (1) as specifically authorized under an agreement for cooperation made pursuant to section 123, including a specific authorization in a subsequent arrangement under section 131 of this Act, or (2) upon authorization by the Secretary of Energy after a determination that such activity will not be inimical to the interest of the United States: *Provided*, That any such determination by the Secretary of Energy shall be made only with the concurrence of the Department of State and after consultation with the Arms Control and Disarmament Agency, the Nuclear Regulatory Commission, the Department of Commerce, and the Department of Defense. The Secretary of Energy shall, within ninety days after the enactment of the Nuclear Non-Proliferation Act of 1978, establish orderly and expeditious procedures, including provision for necessary administrative actions and inter-agency memoranda of understanding, which are mutually agreeable to the Secretaries of State, Defense, and Commerce, the Director of the Arms Control and Disarmament Agency, and the Nuclear Regulatory Commission for the consideration of requests for authorization under this subsection. Such procedures shall include, at a minimum, explicit direction on the handling of such requests, express deadlines for the solicitation and collection of the views of the consulted agencies (with identified officials responsible for meeting such deadlines), an interagency coordinating authority to monitor the processing of such requests, predetermined procedures for the expeditious handling of intra-agency and inter-agency disagreements and appeals to higher authorities, frequent meetings of inter-agency administrative coordinators to review the status of all pending requests, and similar administrative mechanisms. To the extent practicable, an applicant should be advised of all the information required of the applicant for the entire process for every agency's needs at the beginning of the process. Potentially controversial requests should be identified as quickly as possible so that any required policy decisions or diplomatic consultations can be initiated in a timely manner. An immediate effort should be undertaken to establish quickly any necessary standards and criteria, including the nature of any required assurances or evidentiary showings, for the decision required under this subsection. The processing of any request proposed and filed as of the date of enactment of the Nuclear Non-Proliferation Act of 1978 shall not be delayed pending the development and establishment of procedures to implement the requirements of this subsection. Any trade secrets or proprietary information submitted by any person seeking an authorization under this subsection shall be afforded the maximum degree of protection allowable by law: *Provided further*, That the export of component parts as defined in subsection 11 v. SUBSEQUENT ARRANGEMENTS

SEC. 303. (a) Chapter 11 of the 1954 Act, as amended by sections 304, 305, 306, 307, and 308, is further amended by adding at the end thereof the following:

"SEC. 131. SUBSEQUENT ARRANGEMENTS.— 42 USC 2160.

"a. (1) Prior to entering into any proposed subsequent arrangement under an agreement for cooperation (other than an agreement for cooperation arranged pursuant to subsection 91 c., 144 b., or 144 c. of this Act), the Secretary of Energy shall obtain the concurrence of the Secretary of State and shall consult with the Director, the Commission, and the Secretary of Defense: *Provided*, That the Secretary of State shall have the leading role in any negotiations of a policy nature pertaining to any proposed subsequent arrangement regarding arrangements for the storage or disposition of irradiated fuel elements or approvals for the transfer, for which prior approval is required under an agreement for cooperation, by a recipient of source or special nuclear material, production or utilization facilities, or nuclear technology. Notice of any proposed subsequent arrangement shall be published in the Federal Register, together with the written determination of the Secretary of Energy that such arrangement will not be inimical to the common defense and security, and such proposed subsequent arrangement shall not take effect before fifteen days after publication. Whenever the Director declares that he intends to prepare a Nuclear Proliferation Assessment Statement pursuant to paragraph (2) of this subsection, notice of the proposed subsequent arrangement which is the subject of the Director's declaration shall not be published until after the receipt by the Secretary of Energy of such Statement or the expiration of the time authorized by subsection c. for the preparation of such Statement, whichever occurs first.

Notice, publication in Federal Register.

"(2) If in the Director's view a proposed subsequent arrangement might significantly contribute to proliferation, he may prepare an unclassified Nuclear Proliferation Assessment Statement with regard to such proposed subsequent arrangement regarding the adequacy of the safeguards and other control mechanisms and the application of the peaceful use assurances of the relevant agreement to ensure that assistance to be furnished pursuant to the subsequent arrangement will not be used to further any military or nuclear explosive purpose. For the purposes of this section, the term 'subsequent arrangements' means arrangements entered into by any agency or department of the United States Government with respect to cooperation with any nation or group of nations (but not purely private or domestic arrangements) involving—

"(1) the Secretary of Energy may not enter into any subsequent arrangement for the retransfer of any such material to a third country for reprocessing, for the reprocessing of any such material, or for the subsequent retransfer of any plutonium in quantities greater than 500 grams resulting from the reprocessing of any such material, until he has provided the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate with a report containing his reasons for entering into such arrangement and a period of 15 days of continuous session (as defined in subsection 130 g. of this Act) has elapsed: *Provided, however*, That if in the view of the President an emergency exists due to unforeseen circumstances requiring immediate entry into a subsequent arrangement, such period shall consist of fifteen calendar days;

Post, p. 139.

"(2) the Secretary of Energy may not enter into any subsequent arrangement for the reprocessing of any such material in a facility which has not processed power reactor fuel assemblies or been the subject of a subsequent arrangement therefor prior to the date of enactment of the Nuclear Non-Proliferation Act of 1978 or for subsequent retransfer to a non-nuclear-weapon state of any plutonium in quantities greater than 500 grams resulting from such reprocessing, unless in his judgment, and that of the Secretary of State, such reprocessing or retransfer will not result in a significant increase of the risk of proliferation beyond that which exists at the time that approval is requested. Among all the factors in making this judgment, foremost consideration will be given to whether or not the reprocessing or retransfer will take place under conditions that will ensure timely warning to the United States of any diversion well in advance of the time at which the non-nuclear-weapon state could

transform the diverted material into a nuclear explosive device; and

"(3) the Secretary of Energy shall attempt to ensure, in entering into any subsequent arrangement for the reprocessing of any such material in any facility that has processed power reactor fuel assemblies or been the subject of a subsequent arrangement therefor prior to the date of enactment of the Nuclear Non-Proliferation Act of 1978, or for the subsequent retransfer to any non-nuclear-weapon state of any plutonium in quantities greater than 500 grams resulting from such reprocessing, that such reprocessing or retransfer shall take place under conditions comparable to those which in his view, and that of the Secretary of State, satisfy the standards set forth in paragraph (2).

Nuclear materials, reprocessing or transfer procedures.

"c. The Secretary of Energy shall, within ninety days after the enactment of this section, establish orderly and expeditious procedures, including provision for necessary administrative actions and inter-agency memoranda of understanding, which are mutually agreeable to the Secretaries of State, Defense, and Commerce, the Director of the Arms Control and Disarmament Agency, and the Nuclear Regulatory Commission for the consideration of requests for subsequent arrangements under this section. Such procedures shall include, at a minimum, explicit direction on the handling of such requests, express deadlines for the solicitation and collection of the views of the consulted agencies (with identified officials responsible for meeting such deadlines), an inter-agency coordinating authority to monitor the processing of such requests, predetermined procedures for the expeditious handling of intra-agency and inter-agency disagreements and appeals to higher authorities, frequent meetings of inter-agency administrative coordinators to review the status of all pending requests, and similar administrative mechanisms. To the extent practicable, an applicant should be advised of all the information required of the applicant for the entire process for every agency's needs at the beginning of the process. Potentially controversial requests should be identified as quickly as possible so that any required policy decisions or diplomatic consultations can be initiated in a timely manner. An immediate effort should be undertaken to establish quickly any necessary standards and criteria, including the nature of any required assurance or evidentiary showings, for the decisions required under this section. Further, such procedures shall specify that if he intends to prepare a Nuclear Proliferation Assessment Statement, the Director shall so declare in his response to the Department of Energy. If the Director declares that he intends to prepare such a Statement, he shall do so within sixty days of his receipt of a copy of the proposed subsequent arrangement (during which time the Secretary of Energy may not enter into the subsequent arrangement), unless pursuant to the Director's request, the President waives the sixty-day requirement and notifies the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate of such waiver and the justification therefor. The processing of any subsequent arrangement proposed and filed as of the date of enactment of this section shall not be delayed pending the development and establishment of procedures to implement the requirements of this section.

(2)(E) (for the storage or disposition of irradiated fuel elements), where such arrangement involves a direct or indirect commitment of the United States for the storage or other disposition, interim or permanent, of any foreign spent nuclear fuel in the United States, the Secretary of Energy may not enter into any such subsequent arrangement, unless:

SEC. 304. (a) Chapter 11 of the 1954 Act is amended by adding a new section 126 as follows:

"SEC. 126. EXPORT LICENSING PROCEDURES.— 42 USC 2155.

"a. No license may be issued by the Nuclear Regulatory Commission (the 'Commission') for the export of any production or utilization facility, or any source material or special nuclear material, including distributions of any material by the Department of Energy under section 54, 64, or 82, for which a license is required or requested, and no exemption from any requirement for such an export license may be granted by the Commission, as the case may be, until— Exemption. *Ante*, p. 125. *Supra*. 42 USC 2112.

The Secretary of State shall, within ninety days after the enactment of this section, establish orderly and expeditious procedures, including provision for necessary administrative actions and inter-agency memoranda of understanding, which are mutually agreeable to the Secretaries of Energy, Defense, and Commerce, the Director of the Arms Control and Disarmament Agency, and the Nuclear Regulatory Commission for the preparation of the executive branch judgment on export applications under this section. To the extent practicable, an applicant should be advised of all the information required of the applicant for the entire process for every agency's needs at the beginning of the process. Potentially controversial applications should be identified as quickly as possible so that any required policy decisions or diplomatic consultations con be initiated in a timely manner. An immediate effort should be undertaken to establish quickly any necessary standards and criteria, including the nature of any required assurances or evidentiary showings, for the decisions required under this section. The processing of any export application proposed and filed as of the date of enactment of this section shall not be delayed pending the development and establishment of procedures to implement the requirements of this section. The executive branch judgment shall be completed in not more than sixty days from receipt of the application or request, unless the Secretary of State in his discretion specifically authorizes additional time for consideration of the application or request because it is in the national interest to allow such additional time. The Secretary shall notify the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives of any such authorization. In submitting any such judgment, the Secretary of State shall specifically address the extent to which the export criteria then in effect are met and the extent to which the cooperating party has adhered to the provisions of the applicable agreement for cooperation. In the event he considers it warranted, the Secretary may also address the following additional factors, among others:

Standards and criteria.

Notice to congressional committees.

"(A) whether issuing the license or granting the exemption will materially advance the non-proliferation policy of the United States by encouraging the recipient nation to adhere to the Treaty, or to participate in the undertakings contemplated by section 403 or 404(a) of the Nuclear Non-Proliferation Act of 1978;

"(C) whether the recipient nation or group of nations has agreed that conditions substantially identical to the export criteria set forth in section 127 of this Act will be applied by another nuclear supplier nation or group of nations to the proposed United States export, and whether in the Secretary's judgment those conditions will be implemented in a manner acceptable to the United States.

Post, p. 136.

Data and recommendations.

The Secretary of State shall provide appropriate data and recommendations, subject to requests for additional data and recommendations, as required by the Commission or the Secretary of Energy, as the case may be; and

"(2) the Commission finds, based on a reasonable judgment of the assurances provided and other information available to the Federal Government, including the Commission, that the criteria

in section 127 of this Act or their equivalent, and any other applicable statutory requirements, are met: *Provided*, That continued cooperation under an agreement for cooperation as authorized in accordance with section 124 of this Act shall not be prevented by failure to meet the provisions of paragraph (4) or (5) of section 127 for a period of thirty days after enactment of this section, and for a period of twenty-three months thereafter if the Secretary of State notifies the Commission that the nation or group of nations bound by the relevant agreement has agreed to negotiations as called for in section 404(a) of the Nuclear Non-Proliferation Act of 1978; however, nothing in this subsection shall be deemed to relinquish any rights which the United States may have under agreements for cooperation in force on the date of enactment of this section,: *Provided further*, That if, upon the expiration of such twenty-four month period, the President determines that failure to continue cooperation with any group of nations which has been exempted pursuant to the above proviso from the provisions of paragraph (4) or (5) of section 127 of this Act, but which has not yet agreed to comply with those provisions would be seriously prejudicial to the achievement of United States non-proliferation objectives or otherwise jeopardize the common defense and security, he may, after notifying the Congress of his determination, extend by Executive order the duration of the above proviso for a period of twelve months, and may further extend the duration of such proviso by one year increments annually thereafter if he again makes such determination and so notifies the Congress. In the event that the Committee on International Relations of the House of Representatives or the Committee on Foreign Relations of the Senate reports a joint resolution to take any action with respect to any such extension, such joint resolution will be considered in the House or Senate, as the case may be, under procedures identical to those provided for the consideration of resolutions pursuant to section 130 of this Act: *And additionally provided*, That the Commission is authorized to (A) make a single finding under this subsection for more than a single application or request, where the applications or requests involve exports to the same country, in the same general time frame, of similar significance for nuclear explosive purposes and under reasonably similar circumstances and (B) make a finding under this subsection that there is no material changed circumstance associated with a new application or request from those existing at the time of the last application or request for an export to the same country, where the prior application or request was approved by the Commission using all applicable procedures of this section, and such finding of no material changed circumstance shall be deemed to satisfy the requirement of this paragraph for findings of the Commission. The decision not to make any such finding in lieu of the findings which would otherwise be required to be made under this paragraph shall not be subject to judicial review: *And provided further*, That nothing contained in this section is intended to require the Commission independently to conduct or prohibit the Commission from independently conducting country or site specific visitations in the Commission's consideration of the application of IAEA safeguards.

Presidential review.

"(2) If, after receiving the executive branch judgment that the issuance of a proposed export license will not be inimical to the common defense and security, the Commission does not issue the proposed license on a timely basis because it is unable to make the statutory determinations required under this Act, the Commission shall publicly issue its decision to that effect, and shall submit the license application to the President. The Commission's decision shall include an explanation of the basis for the decision and any dissenting or separate views. If, after receiving the proposed license application and reviewing the Commission's decision, the President determines that withholding the proposed export would be seriously prejudicial to the achievement of United States non-proliferation objectives, or would otherwise jeopardize the common defense and security, the proposed export may be authorized by Executive order: *Provided*, That prior to any such export, the President shall submit the Executive order, together with his explanation of why, in light of the Commission's decision, the export should nonetheless be made, to the Congress for a period of sixty days of continuous session (as defined in subsection 130 g.) and shall be referred to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate, but any such proposed export shall not occur if during such sixty-day period the Congress adopts a concurrent resolution stating in substance that it does not favor the proposed export. Any such Executive order shall be considered pursuant to the procedures set forth in section 130 of this Act for the consideration of Presidential submissions: *And provided further*, That the procedures established pursuant to subsection (b) of section 304 of the Nuclear Non-Proliferation Act of 1978 shall provide that the Commission shall immediately initiate review of any application for a license under this section and to the maximum extent feasible shall expeditiously process the application concurrently with the executive branch review, while awaiting the final executive branch judgment. In initiating its review, the Commission may identify a set of concerns and requests for information associated with the projected issuance of such license and shall transmit such concerns and requests to the executive branch which shall address such concerns and requests in its written communications with the Commission. Such procedures shall also provide that if the Commission has not completed action on the application within sixty days after the receipt of an executive branch judgment that the proposed export or exemption is not inimical to the common defense and security or that any export in the category to which the proposed export belongs would not be inimical to the common defense and security because it lacks significance for nuclear explosive purposes, the Commission shall inform the applicant in writing of the reason for delay and provide follow-up reports as appropriate. If the Commission has not completed action by the end of an additional sixty days (a total of one hundred and twenty days from receipt of the executive branch judgment), the President may authorize the proposed export by Executive order, upon a finding that further delay would be excessive and upon making the findings required for such Presidential authorizations under this subsection, and subject to the Congressional review procedures set forth herein. However, if the Commission has commenced procedures for public

(1) of this section: *Provided further*, That nothing in this section shall affect the right of the Commission to obtain data and recommendations from the Secretary of State at any time as provided in subsection a. (1) of this section.

In the event that the House of Representatives or the Senate passes a joint resolution which would adopt one or more additional export criteria, or would modify any existing export criteria under this Act, any such joint resolution shall be referred in the other House to the Committee on Foreign Relations of the Senate or the Committee on International Relations of the House of Representatives, as the case may be, and shall be considered by the other House under applicable procedures provided for the consideration of resolutions pursuant to section 130 of this Act.". (b) Within one hundred and twenty days of the date of enactment of this Act, the Commission shall, after consultations with the Secretary of State, promulgate regulations establishing procedures (1) for the granting, suspending, revoking, or amending of any nuclear export license or exemption pursuant to its statutory authority; (2) for public participation in nuclear export licensing proceedings when the Commission finds that such participation will be in the public interest and will assist the Commission in making the statutory determinations required by the 1954 Act, including such public hearings and access to information as the Commission deems appropriate: *Provided*, That judicial review as to any such finding shall be limited to the determination of whether such finding was arbitrary and capricious; (3) for a public written Commission opinion accompanied by the dissenting or separate views of any Commissioner, in those proceedings where one or more Commissioners have dissenting or separate views on the issuance of an export license; and (4) for public notice of Commission proceedings and decisions, and for recording of minutes and votes of the Commission: *Provided further*, That until the regulations required by this subsection have been promulgated, the Commission shall implement the provisions of this Act under temporary procedures established by the Commission. (c) The procedures to be established pursuant to subsection (b) shall constitute the exclusive basis for hearings in nuclear export licensing proceedings before the Commission and, notwithstanding section 189 a. of the 1954 Act, shall not require the Commission to grant any person an on-the-record hearing in such a proceeding. (d) Within sixty days of the date of enactment of this Act, the Commission shall, in consultation with the Secretary of State, the Secretary of Energy, the Secretary of Defense, and the Director, promulgate (and may from time to time amend) regulations establishing the levels of physical security which in its judgment are no less strict than those established by any international guidelines to which the United States subscribes and which in its judgment will provide adequate protection for facilities and material referred to in paragraph (3) of section 127 of the 1954 Act taking into consideration variations in risks to security as appropriate. CRITERIA GOVERNING UNITED STATES NUCLEAR EXPORTS

SEC. 305. Chapter 11 of the 1954 Act, as amended by section 304, is further amended by adding at the end thereof the following:

42 USC 2156. "SEC. 127. CRITERIA GOVERNING UNITED STATES NUCLEAR EXPORTS.—

"The United States adopts the following criteria which, in addition to other requirements of law, will govern exports for peaceful nuclear uses from the United States of source material, special nuclear material, production or utilization facilities, and any sensitive nuclear technology:

"(1) IAEA safeguards as required by Article III(2) of the Treaty will be applied with respect to any such material or facilities proposed to be exported, to any such material or facilities previously exported and subject to the applicable agreement for cooperation, and to any special nuclear material used in or produced through the use thereof.

"(2) No such material, facilities, or sensitive nuclear technology proposed to be exported or previously exported and subject to the applicable agreement for cooperation, and no special nuclear material produced through the use of such materials, facilities, or sensitive nuclear technology, will be used for any nuclear explosive device or for research on or development of any nuclear explosive device.

"(3) Adequate physical security measures will be maintained with respect to such material or facilities proposed to be exported and to any special nuclear material used in or produced through the use thereof. Following the effective date of any regulations promulgated by the Commission pursuant to section 304(d) of the Nuclear Non-Proliferation Act of 1978, physical security measures shall be deemed adequate if such measures provide a level of protection equivalent to that required by the applicable regulations.

Ante, p. 131.

"(4) No such materials, facilities, or sensitive nuclear technology proposed to be exported, and no special nuclear material produced through the use of such material, will be retransferred to the jurisdiction of any other nation or group of nations unless the prior approval of the United States is obtained for such retransfer. In addition to other requirements of law, the United States may approve such retransfer only if the nation or group of nations designated to receive such retransfer agrees that it shall be subject to the conditions required by this section.

"(5) No such material proposed to be exported and no special nuclear material produced through the use of such material will be reprocessed, and no irradiated fuel elements containing such material removed from a reactor shall be altered in form or content, unless the prior approval of the United States is obtained for such reprocessing or alteration.

"(6) No such sensitive nuclear technology shall be exported unless the foregoing conditions shall be applied to any nuclear material or equipment which is produced or constructed under the jurisdiction of the recipient nation or group of nations by or through the use of any such exported sensitive nuclear technology.".

ADDITIONAL EXPORT CRITERION AND PROCEDURES

SEC. 306. Chapter 11 of the 1954 Act, as amended by sections 304 and 305, is further amended by adding at the end thereof the following:

"SEC. 128. ADDITIONAL EXPORT CRITERION AND PROCEDURES.— 42 USC 2157.

"a. (1) As a condition of continued United States export of source material, special nuclear material, production or utilization facilities, and any sensitive nuclear technology to non-nuclear-weapon states, no such export shall be made unless IAEA safeguards are maintained with respect to all peaceful nuclear activities in, under the jurisdiction of, or carried out under the control of such state at the time of the export.

"(2) The President shall seek to achieve adherence to the foregoing criterion by recipient non-nuclear-weapon states.

"b. The criterion set forth in subsection a. shall be applied as an export criterion with respect to any application for the export of materials, facilities, or technology specified in subsection a. which is filed after eighteen months from the date of enactment of this section, or for any such application under which the first export would occur at least twenty-four months after the date of enactment of this section, except as provided in the following paragraphs: Export applications, criterion enforcement.

"(1) If the Commission or the Department of Energy, as the case may be, is notified that the President has determined that failure to approve an export to which this subsection applies because such criterion has not yet been met would be seriously prejudicial to the achievement of United States non-proliferation objectives or otherwise jeopardize the common defense and security, the license or authorization may be issued subject to other applicable requirements of law: *Provided*, That no such export of any production or utilization facility or of any source or special nuclear material (intended for use as fuel in any production or utilization facility) which has been licensed or authorized pursuant to this subsection shall be made to any non-nuclear-weapon state which has failed to meet such criterion until the first such license or authorization with respect to such state is submitted to the Congress (together with a detailed assessment of the reasons underlying the President's determination, the judgment of the executive branch required under section 126 of this Act, and any Commission opinion and views) for a period of sixty days of continuous session (as defined in subsection 130 g. of this Act) and referred to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate, but such export shall not occur if during such sixty-day period the Congress adopts a concurrent resolution stating in substance that the Congress does not favor the proposed export. Any such license or authorization shall be considered pursuant to the procedures set forth in section 130 of this Act for the consideration of Presidential submissions. Report to congressional committees. *Ante*, p. 131. *Post*, p. 139.

"(2) If the Congress adopts a resolution of disapproval pursuant to paragraph (1), no further export of materials, facilities, or technology specified in subsection a. shall be permitted for the remainder of that Congress, unless such state meets the criterion or the President notifies the Congress that he has determined that significant progress has been made in achieving adherence to such criterion by such state or that United States foreign policy interests dictate reconsideration and the Congress, pursuant to the procedure of paragraph (1), does not adopt a concurrent resolu- Congressional disapproval, resolution.

tion stating in substance that it disagrees with the President's determination.

Export authorizations, congressional review.

"(3) If the Congress does not adopt a resolution of disapproval with respect to a license or authorization submitted pursuant to paragraph (1), the criterion set forth in subsection a. shall not be applied as an export criterion with respect to exports of materials, facilities and technology specified in subsection a. to that state: *Provided*, That the first license or authorization with respect to that state which is issued pursuant to this paragraph after twelve months from the elapse of the sixty-day period specified in paragraph (1), and the first such license or authorization which is issued after each twelve-month period thereafter, shall be submitted to the Congress for review pursuant to the procedures specified in paragraph (1): *Provided further*, That if the Congress adopts a resolution of disapproval during any review period provided for by this paragraph, the provisions of paragraph (2) shall apply with respect to further exports to such state.".

"(2) any nation or group of nations that is found by the President to have, at any time after the effective date of this section,

"(A) materially violated an agreement for cooperation with the United States, or, with respect to material or equipment not supplied under an agreement for cooperation, materially violated the terms under which such material or equipment was supplied or the terms of any commitments obtained with respect thereto pursuant to section 402(a) of the Nuclear Non-Proliferation Act of 1978; or

Post, p. 145.

"(B) assisted, encouraged, or induced any non-nuclear-weapon state to engage in activities involving source or special nuclear material and having direct significance for the manufacture or acquisition of nuclear explosive devices, and has failed to take steps which, in the President's judgment, represent sufficient progress toward terminating such assistance, encouragement, or inducement; or

"(C) entered into an agreement after the date of enactment of this section for the transfer of reprocessing equipment, materials, or technology to the sovereign control of a non-nuclear-weapon state except in connection with an international fuel cycle evaluation in which the United States is a participant or pursuant to a subsequent international agreement or understanding to which the United States subscribes;

unless the President determines that cessation of such exports would be seriously prejudicial to the achievement of United States non-proliferation objectives or otherwise jeopardize the common defense and security: *Provided*, That prior to the effective date of any such determination, the President's determination, together with a report containing the reasons for his determination, shall be submitted to the Congress and referred to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate for a period of sixty days of continuous session (as defined in subsection 130 g. of this Act), but any such determination shall not become effective if during such sixty-day period the Congress adopts a concurrent resolution stating in substance that it does not favor the determination. (1) (A) of this Act, the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives, and in addition, in the case of a proposed agreement for cooperation arranged pursuant to subsection 91 c., 144 b., or 144 c., the Committee on Armed Services of the House of Representatives and the Committee on Armed Services of the Senate, shall each submit a report to its respective House on its views and recommendations respecting such Presidential submission together with a resolution, as defined in subsection f., stating in substance that the Congress approves or disapproves such submission, as the case may be: *Provided*, That if any such committee has not reported such a resolution at the end of such forty-five day period, such committee shall be deemed to be discharged from further consideration of such submission and if, in the case of a proposed agreement for cooperation arranged pursuant to subsection 91 c., 144 b., or 144 c. of this Act, the other relevant committee of that House has reported such a resolution, such committee shall be deemed discharged from further consideration of that resolution. If no such resolution has been reported at the end of such period, the first resolution, as defined in subsection f., which is introduced within five days thereafter within such House shall be placed on the appropriate calendar of such House.

"e. Appeals from the decisions of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to such a resolution shall be decided without debate.

"(2) the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of any period of time in which Congress is in continuous session.

"h. This section is enacted by Congress—

"(1) as an exercise of the rulemaking power of the Senate and the House of Representatives, respectively, and as such they are deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in that House in the case of resolutions described by subsection f. of this section; and they supersede other rules only to the extent that they are inconsistent therewith; and

"(2) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner and to the same extent as in the case of any other rule of that House.".

Except as provided in section 126 b. (2), no such component, substance, or item which is so determined by the Commission shall be exported unless the Commission issues a general or specific license for its export after finding, based on a reasonable judgment of the assurances provided and other information available to the Federal Government, including the Commission, that the following criteria or their equivalent are met: (1) IAEA safeguards as required by Article III (2) of the Treaty will be applied with respect to such component, substance, or item; (2) no such component, substance, or item will be used for any nuclear explosive device or for research on or development of any nuclear explosive device; and (3) no such component, substance, or item will be retransferred to the jurisdiction of any other nation or group of nations unless the prior consent of the United States is obtained for such retransfer; and after determining in writing that the issuance of each such general or specific license or category of licenses will not be inimical to the common defense and security: *Provided*, That a specific license shall not be required for an export pursuant to this section if the component, item or substance is covered by a facility license issued pursuant to section 126 of this Act. To amend the Act of October 2, 1968, an Act to establish a Redwood National Park in the State of California, and for other purposes.

Mar. 27, 1978
[H.R. 3813]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Redwood National Park, expansion. Employment program.

TITLE I

SEC. 101. (a) In order to protect existing irreplaceable Redwood National Park resources from damaging upslope and upstream land uses, to provide a land base sufficient to insure preservation of significant examples of the coastal redwood in accordance with the original intent of Congress, and to establish a more meaningful Redwood National Park for the use and enjoyment of visitors, the Act entitled "An Act to establish a Redwood National Park in the State of California, and for other purposes", approved October 2, 1968 (82 Stat. 931), is amended as follows:

16 USC 79a.

(1) In subsection 2(a) after "September 1968," insert "and the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167-80005-D and dated March 1978,".

Boundaries. 16 USC 79b.

(2) In section 2, subsection (a), delete "fifty-eight thousand" and substitute "one hundred and six thousand" and delete the period at the end of the subsection and add "and publicly owned highways and roads." In section 2, subsection (b), delete "by donation only". At the end of section 2, insert the following new subsection "(c)":

"(c) Within the area outside the boundaries of Redwood National Park indicated as the 'Park Protection Zone' on the map entitled 'Proposed Additions, Redwood National Park, California', numbered 167-80005-D and dated March 1978, the Secretary is authorized to acquire lands and interests in land: *Provided*, That lands may be acquired from a willing seller or upon a finding by the Secretary that failure to acquire all or a portion of such lands could result in physical damage to park resources and following notice to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the House of Representatives. Any lands so acquired shall be managed in a manner which will maximize the protection of the resources of Redwood National Park, and in accordance with the Act of October 21, 1976 (90 Stat. 2743). Acquisition of a parcel of land under the authority of this subsection shall not as a result of such acquisition diminish the right of owners of adjacent lands to the peaceful use and enjoyment of their land and shall not confer authority upon the Secretary to acquire additional lands except as provided in this subsection.".

Park Protection Zone, land acquisition.

Notice to congressional committees.

43 USC 1701 note.

(3) In subsection 3(a), delete the period at the end of the second sentence and add the following: "which donation of lands or interest in lands may be accepted in the discretion of the Secretary subject to such preexisting reverters and other conditions as may appear in the

16 USC 79c.

title to these lands held by the State of California, and such other reverters and conditions as may be consistent with the use and management of the donated lands as a portion of Redwood National Park. Notwithstanding any other provision of law, the Secretary may expend appropriated funds for the management of and for the construction, design, and maintenance of permanent improvements on such lands and interests in land as are donated by the State of California in a manner not inconsistent with such reverters and other conditions.".

Vested and possessory rights in certain real property. 16 USC 79c.

(4) In subsection 3(b)(1), after "NPS–RED–7114–B", insert "and effective on the date of enactment of this phrase, there is hereby vested in the United States all right, title, and interest in, and the right to immediate possession of, all real property within the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167–80005–D and dated March 1978, and all right, title, and interest in, and the right to immediate possession of the down tree personal property (trees severed from the ground by man) severed prior to January 1, 1975, or subsequent to January 31, 1978, within the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167–80005–D and dated March 1978,".

At the end of subsection 3(b)(1), insert the following new paragraphs: "Down tree personal property severed subsequent to December 31, 1974, and prior to February 1, 1978 may be removed in accordance with applicable State and Federal law, or other applicable licenses, permits, and existing agreements, unless the Secretary determines that the removal of such down timber would damage second growth resources or result in excessive sedimentation in Redwood Creek: *Provided, however*, That down timber lying in stream beds may not be removed without permission of the Secretary: *Provided*, That such removal shall also be subject to such reasonable conditions as may be required by the Secretary to insure the continued availability of raw materials to Redwoods United, Incorporated, a nonprofit corporation located in Manila, California.

"The Secretary shall permit, at existing levels and extent of access and use, continued access and use of each acquired segment of the B line, L line, M line, and K and K roads by each current affected woods employer or its successor in title and interest: *Provided*, That such use is limited to forest and land management and protection purposes, including timber harvesting and road maintenance. The Secretary shall permit, at existing levels and extent of access and use, continued access and use of acquired portions of the Bald Hills road by each current affected woods employer or its successor in title and interest: *Provided further*, That nothing in this sentence shall diminish the authority of the Secretary to otherwise regulate the use of the Bald Hills road.".

(5) In subsection 3(b)(2), delete the last sentence and add the following sentences at the end of the paragraph: "Any action against the United States with regard to the provisions of this Act and for the recovery of just compensation for the lands and interests therein taken by the United States, and for the down tree personal property taken, shall be brought in the United States district court for the district where the land is located without regard to the amount claimed. The United States may initiate proceedings at any time seeking a determination of just compensation in the district court in the manner provided by sections 1358 and 1403 of title 28, United States Code, and may deposit in the registry of the court the estimated just compensation, or a part thereof, in accordance with the procedure gen-

erally described by section 258a of title 40, United States Code. Interest shall not be allowed on such amounts as shall have been paid into the court. In the event that the Secretary determines that the fee simple title to any property (real or personal) taken under this section is not necessary for the purposes of this Act, he may, with particular attention to minimizing the payment of severance damages and to allow for the orderly removal of down timber, revest title to such property subject to such reservations, terms, and conditions, if any, as he deems appropriate to carry out the purposes of this Act, and may compensate the former owner for no more than the fair market value of the rights so reserved, except that the Secretary may not revest title to any property for which just compensation has been paid; or, the Secretary may sell at fair market value without regard to the requirements of the Federal Property and Administrative Services Act of 1949, as amended, such down timber as in his judgment may be removed without damage to the park, the proceeds from such sales being credited to the Treasury of the United States. If the State of California designates a right-of-way for a bypass highway around the eastern boundary of Prairie Creek Redwood State Park prior to October 1, 1984, the Secretary is authorized and directed to acquire such lands or interests in lands as may be necessary for such a highway and, subject to such conditions as the Secretary may determine are necessary to assure the adequate protection of Redwood National Park, shall thereupon donate the designated right-of-way to the State of California for a new bypass highway from a point south of Prairie Creek Redwood State Park through the drainage of May Creek and Boyes Creek to extend along the eastern boundary of Prairie Creek Redwood State Park within Humboldt County. Such acreage as may be necessary in the judgment of the Secretary for this conveyance, and for a buffer thereof, shall be deemed to be a publicly owned highway for purposes of section 101(a)(2) of this amendment effective on the date of enactment of this section.".

Effective on October 1, 1978, there are authorized to be appropriated such sums as may be necessary for the implementation of contracts and cooperative agreements pursuant to this subsection: *Provided*, That it is the express intent of Congress that the Secretary shall to the greatest degree possible insure that such contracts and cooperative agreements provide for the maximum retention of senior employees by such owners and for their utilization in rehabilitation and other efforts. The Secretary, in consultation with the Secretary of Agriculture, is further authorized, pursuant to contract or cooperative agreement with agencies of the Federal Executive, the State of California, any political or governmental subdivision thereof, any corporation, not-for-profit corporation, private entity or person, to initiate, provide funds, equipment, and personnel for the development and implementation of a program for the rehabilitation of areas within and upstream from the park contributing significant sedimentation because of past logging disturbances and road conditions, and, to the extent feasible, to reduce risk of damage to streamside areas adjacent to Redwood Creek and for other reasons: *Provided further*, That authority to make payments under this subsection shall be effective only to such extent or in such amounts as are provided in advance in appro-

The Secretary shall undertake and publish studies on erosion and sedimentation originating within the hydrographic basin of Redwood Creek with particular effort to identify sources and causes, including differentiation between natural and man-aggravated conditions, and shall adapt his general management plan to benefit from the results of such studies. The Secretary, or the Secretary of Agriculture, where appropriate, shall also manage any additional Federal lands under his jurisdiction that are within the hydrographic basin of Redwood Creek in a manner which will minimize sedimentation which could affect the park, and in coordination with plans for sediment management within the basin. Greatest creditable service preference.

(C) shall require that, in a case in which two or more affected

employee applicants have approximately equal qualifications for a job for which they are to receive full consideration, that applicant with the greatest creditable service shall be given preference among those applicants entitled to full consideration; and

TITLE II

DEFINITIONS

SEC. 201. As used in this title, the term—

(1) "Secretary" unless otherwise indicated, means the Secretary of the Department of Labor;

(2) "expansion area" means the area indicated as "Proposed Additions" (exclusive of the park protection zone) on the map entitled "Additional Lands, Redwood National Park, Humboldt County, California", numbered 167-80005-D and dated March 1978. The number of acres authorized to be included within the expansion area is forty-eight thousand acres, as further provided herein;

(3) "employee" means a person employed by an affected employer and, with such exceptions as the Secretary may determine, in an occupation not described by section 13(a)(1) of the Fair Labor Standards Act (29 U.S.C. 213(a)(1));

(4) "contract employees" are employees performing work pursuant to a contract or agreement for services within or directly related to the expansion area between an affected contract employer and an affected woods employer;

(5) "industry employer" means a corporation, partnership, joint venture, person, or other form of business entity (including a predecessor or successor by purchase, merger, or other form of acquisition), of which a working portion or division is an affected employer;

(6) "affected employer" means a corporation, partnership, joint venture, person, or other form of business entity (including a predecessor or a successor by purchase, merger, or other form of acquisition), or a working portion or division thereof, which is engaged in the harvest of timber or in related sawmill, plywood, and other wood processing operations, and which meets the qualifications set forth in the definition of affected woods employer, affected mill employer, or affected contract employer;

(7) "affected woods employer" means an affected employer engaged in the harvest of redwood timber who owns at least 3 per centum of the number of acres authorized to be included within the expansion area on January 1, 1977, and on the date of enactment of this section: *Provided*, That an affected woods employer shall be only that major portion or division of the industry employer directly responsible for such harvesting operations;

(8) "affected mill employer" means an affected employer engaged in sawmill, plywood, and other wood processing operations in Humboldt or Del Norte Counties in the State of California who has either (A) obtained 15 per centum or more of its raw wood materials directly from affected woods employers during calendar year 1977, or (B) is a wholly owned mill of an affected woods employer: *Provided*, That an affected mill employer shall be only that major portion or division of the industry employer directly responsible for such wood processing operations;

(9) "affected contract employer" means an affected employer providing services pursuant to contract with an affected woods employer, if at least 15 per centum of said employer's employee-hours worked during calendar year 1977 were within or directly related to the expansion area pursuant to such contract or contracts;

(A) had seniority under a collective bargaining agreement with an affected employer as of May 31, 1977, has at least twelve months of creditable service as of the date of enactment of this section, and has performed work for one or more affected employers on or after January 1, 1977, or

(B) has performed work for one or more affected employers for at least one thousand hours from January 1, 1977, through the period to the date of enactment of this section, and has a continuing employment relationship with an affected employer, as determined by the Secretary, as of the date of enactment of this section or, if laid off on or after May 31, 1977, had such a relationship as of the date of such layoff;

(11) "affected employee" means a covered employee who is either totally or partially laid off by an affected employer within a time period beginning on or after May 31, 1977, and ending September 30, 1980, unless extended, as provided in section 203, or is determined by the Secretary to be adversely affected by the expansion of the Redwood National Park. An employee shall be deemed adversely affected as of the date of the employee's layoff, downgrading, or termination;

(12) "total layoff" means a calendar week during which affected employers have made no work available to a covered employee and made no payment to said covered employee for time not worked, and "partial layoff" means a calendar week for which all pay received by a covered employee from affected employers is at least 10 per centum less than the layoff or vacation replacement benefit that would have been payable for that week had said covered employee suffered a total layoff: *Provided*, That the terms "total layoff" and "partial layoff" shall also apply to a covered employee who had received any workers' compensation benefits or unemployment compensation disability benefits after said covered employee becomes able to work and available for work and is otherwise within the meaning of total layoff and partial layoff as defined in this paragraph;

(13) "Federal agency" has the same meaning as "agency" in section 552(c) of title 5, United States Code;

(14) "suitable work" shall be defined— 5 USC 551.

(A) as set forth in the California Unemployment Insurance Code, or Federal law if applicable, unless otherwise more restrictively defined by the Secretary, taking into account the unique characteristics of logging and related work; and

(B) with respect to an employee who has completed retraining paid for by the Secretary, as a job paying no less than the prevailing wage rate in the area for the occupation for which said employee was retrained; or

(C) as a job comparable with that which said employee would be required to accept pursuant to the seniority provisions of the applicable collective-bargaining agreement (or, if not covered by such an agreement, in accordance with the usual practice of the affected employer);

(15) "seniority" with respect to an employee covered by a collective-bargaining agreement with an affected employer, shall be determined as provided in such agreement and shall be deemed to refer to company seniority, if the agreement provides for such seniority and, otherwise, to plant seniority;

(16) "continuous service" with respect to employees not having seniority under a collective-bargaining agreement with an affected employer or an industry employer shall mean a period of time measured in months equal to the sum of all hours during which the employee performed work for said employer plus all hours for which the employee received pay for time not worked divided by one hundred and seventy-three;

(17) "performed work" shall include any time during which an employee worked for an affected employer or with respect to which an employee received pay from such an employer for time not worked, and shall also include any time during which an employee would have been at work for such an employer if not for service in the armed forces, for a leave (approved by the employer) for work with an employee organization, or for a disability for which said employee received workers' compensation, disability compensation benefits provided under California law, or social security disability pension benefits: *Provided*, That contract employees shall be deemed to have performed work during the period of such service or disability only if—

(A) the employee worked within or directly related to the expansion area immediately prior to the occurrence of such service or disability and

(B) the employee returned or sought to return to work for an affected contract employer immediately after the end of the service or disability if that was prior to the date of enactment.

The term "work performed", when used in relation to a period of time, shall also be deemed to include any period during which an employee is deemed to have performed work;

(18) "terminal pay" means the payments to employees provided for in sections 207, 208, and 209 which, regardless of the designations used herein to distinguish among them are intended and shall be deemed to be severance pay and, as such, shall be treated for Federal income tax and State unemployment insurance purposes in the same manner as is provided by California State law;

Terminal pay reductions.

(19) Notwithstanding any other provision of this Act, the Secretary shall reduce the amount of terminal pay for an employee,

as calculated pursuant to section 207, 208, or 209, by the amount of the Federal and State income taxes which would be required to be withheld by an employer from wages equal to such terminal pay if paid to an employee with the same number of income tax exemptions as the recipient. For purposes of determining the amounts of such reductions with respect to severance payments made pursuant to sections 208 and 209, said severance payments shall be prorated over the number of weeks the equivalent sums would have been paid if the employees were eligible for and claiming the weekly layoff benefits provided in section 207. The Secretary shall withhold social security contributions from terminal pay in the same amounts as would be withheld if such pay (before the reductions provided for in this subsection) were wages and the Secretary shall make contributions on behalf of employees receiving terminal pay to the trust funds created under section 201 of the Social Security Act equal to the contributions required to be made by an employer paying wages equal to such unreduced terminal pay; and

42 USC 401.

(20) "Sixty-fifth birthday" means the last day of the month in which the sixty-fifth birthday occurs.

SEC. 202. The Secretary is authorized to develop the necessary procedures to implement this title.

AFFECTED EMPLOYEES

SEC. 203. The total or partial layoff of a covered employee employed by an affected employer during the period beginning May 31, 1977, and ending September 30, 1980, other than for a cause that would disqualify an employee for unemployment compensation, except as provided in section 205, is conclusively presumed to be attributable to the expansion of Redwood National Park: *Provided*, That the Secretary may, for good cause, extend this period for any group of covered employees by no more than one year at a time after September 30, 1980. Any covered employee laid off during that period by an affected employer shall be considered an affected employee at any time said employee is on such layoff within the period ending September 30, 1984, or, if earlier, the end of said employee's period of protection as defined herein: *Provided, however*, That the number of affected employees with respect to an affected contract employer shall be limited in any week to that number of such employees otherwise affected as provided herein that is equal to the percentage of the affected employer's employee hours during calendar year 1977 that were worked within or directly related to the expansion area.

Employee rights and benefits.

SEC. 204. (a) The Secretary shall provide, to the maximum extent feasible, for retention and accrual of all rights and benefits which affected employees would have had in an employment with affected employers during the period in which they are affected employees. The Secretary is authorized and shall seek to enter into such agreements as he may deem to be appropriate with affected employees and employers, labor organizations representing covered employees, and trustees of applicable pension and welfare funds, or to take such other actions as he deems appropriate to provide for affected employees (including the benefits provided for in section 207(d)) the following rights and benefits:

(1) retention and accrual of seniority rights, including recall rights (or, in the case of employees not covered by collective-bargaining agreements, application of the same preferences and

privileges based upon length of continuous service as are applied under the affected employer's usual practices) under conditions no more burdensome to said employees than to those actively employed; and

(2) continuing entitlement to health and welfare benefits and accrual of pension rights and credits based upon length of employment and/or amounts of earnings to the same extent as and at no greater cost to said employees than would have been applicable had they been actively employed.

(b) The Secretary shall provide, additionally, for continuing entitlement to health and welfare benefits (other than group life and additional death, dismemberment, and loss of sight benefits) for employees who—

(1) retired from employment with an affected employer for reasons other than disability on or after May 31, 1977, but not later than September 30, 1984;

(2) are receiving pension benefits under a plan financed by industry employers;

(3) were age sixty-two or older but less than age sixty-five at the time of retirement; and

(4) are not eligible for benefits under title XVIII of the Social Security Act.

42 USC 1395.

Payments to pension and welfare trust funds.

(c) The agreements described in subsection (a) of this section shall provide for the Secretary, effective October 1, 1977, to make payments on behalf of eligible affected employees including employees eligible for the benefits provided for in section 207(d) to the applicable pension and welfare trust funds and to insurance companies. Such payments may be made in the form of grants and/or contributions equivalent to the difference between the amounts payable by their affected employers and labor organizations pursuant to collective-bargaining agreements (or, in the absence of such agreements, pursuant to established practice) and the amounts that would have been paid by their affected employers and their labor organizations had said employees worked or received pay for the periods for which they receive layoff benefits: *Provided*, That no payment shall be made to a pension fund on behalf of an employee who is receiving a pension from such fund. For purposes of determining the amounts of contributions calculated on the basis of worked or compensable hours, layoff and vacation replacement benefits shall be converted into the hours they represent in accordance with regulations to be issued by the Secretary.

29 USC 1001 note.
29 USC 186.

(d) No person shall be subject to liability under the Employee Retirement Income Security Act of 1974, section 302 of the Labor-Management Relations Act, 1947, or any other law, solely by reason of the receipt of payments from the Secretary or the payment of benefits to affected employees in accordance with this section. Receipt of such payments and the payment of such benefits are deemed to be consistent with any relevant plan documents. No action taken pursuant to this section shall be deemed to place the Secretary in the position of an employer or a party in interest (including a fiduciary) for purposes of the Employee Retirement Income Security Act of 1974.

29 USC 1001 note.
Filing date.

SEC. 205. (a) An application for unemployment compensation filed by a covered employee on or after the first Monday following the date of enactment shall be deemed an application for the benefits provided by this Act.

Layoff and vacation replacement benefits, eligibility requirements.

(b) An affected employee shall be eligible (unless said employee has received a social security retirement or disability benefit or a pension under a plan contributed to by an affected employer) for layoff and

vacation replacement benefits, as defined herein, effective the first Monday following the date of enactment, for each week of total or partial layoff if, with respect to said week, said employee—

(1) is registered with the United States Employment and Training Service in Humboldt or Del Norte Counties or one of the adjacent counties in the State of California or at such other location as the Secretary may designate;

(2) is eligible for unemployment compensation benefits under the California Unemployment Insurance Code: *Provided*, That the Secretary is authorized and directed to provide for the payment of benefits under this title to an affected employee who is held ineligible or is disqualified for benefits under said code solely because of one or more of the following reasons: insufficient base period earnings; exhaustion of benefit rights; earnings in excess of the amount which would entitle the employee to a partial benefit for the week; the waiting week requirement; unavailability for work because of jury duty, National Guard duty, retraining authorized, financed or approved by a public agency, or because of a similar reason as determined by the Secretary; refusal of work which is not "suitable work" as defined in section 201(14); receipt of a worker's compensation or other benefit for partial disability which the employee would be entitled to receive while working; and any other cause of ineligibility with respect to which the Secretary determines that, under the circumstances, it would be unreasonable or otherwise contrary to the purpose of this Act to deny said employee a benefit provided for herein; and

Payments to ineligible or disqualified employees.

(3) the employee's period of protection has not been exhausted or otherwise ended by acceptance of a severance payment.

SEC. 206. (a) The period of protection for an affected employee shall start with the beginning of the first week for which said employee is eligible to receive a layoff or vacation replacement benefit as provided by this title, and shall continue until the earliest of (i) the date said employee accepts a severance payment provided for below, (ii) a period equal to the length of the employee's creditable service is exhausted, or (iii) said employee's sixty-fifth birthday. In no event shall such period extend beyond September 30, 1984, except as provided by subsection (d) of section 207.

Protection period.

(b) Creditable service shall be computed as follows:

(1) a period equal to the length of an employee's seniority (or continuous service as defined herein) with said employee's last affected employer as of the date said employee's period of protection begins; plus

(2) a period equal to the sum of all prior periods during which the employee had seniority (or continuous service) with the same affected employer and with other industry employers: *Provided*, That if such seniority was broken (or such continuous service was interrupted) for more than three consecutive years for any reason other than employment with other affected or industry employers, periods of service in the Armed Forces or disabilities for which said employee received any workers' compensation benefits, unemployment compensation disability benefits, or disability benefits under the Social Security Act, any periods of seniority (or continuous service) prior to the break in seniority (or interruption in continuous service) shall be disregarded.

Creditable service, computation.

(c) If necessary, in order to establish an employee's creditable service, the Secretary shall request authorization to examine said employee's social security wage record and shall compute such service from it by a method to be prescribed by regulation.

Weekly layoff benefit, computation.

SEC. 207. (a) Except as further provided in this section, the amount of an eligible employee's weekly layoff benefit shall be equal to (1) the annual average of all hours of work performed by said employee for the last affected employer or whom the employee worked prior to the date of enactment of this section during those three of the five calendar years immediately preceding said date during which such hours were greatest, counting hours paid for at time and a half and double time as one and one-half and two hours, respectively, multiplied by (2) the wage rate applicable, during the week for which the benefit is payable, to the highest paid job held by said employee, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section, and divided by (3) fifty-two.

(b) The weekly benefit amount for an eligible employee with less than five calendar years of employment with one affected employer immediately prior to the enactment date shall be equal to the lessor of—

(1) the average benefit that would be payable with respect to the same week to those covered employees (if they were eligible in the same week) who had five or more calendar years of employment with the same affected employer (in accord with subsection (a) of this section) whose benefit amounts are computed on the basis of the wage rate for a job the same as, or most similar to, the highest paid job said employee had held, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section, or

(2) an amount calculated by substituting in clause (1) of subsection (a) the annual average of all hours of work performed by said employee for said employer during those calendar years for which said employee had performed work and throughout which he had seniority (or continuous service).

Seasonal employees, classification, benefit computation.

(c) Notwithstanding subsections (a) and (b), the Secretary shall classify as a "seasonal employee" any affected employee whose highest paid job held, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section was in an occupation in which the average annual number of weeks during which work was actually performed by all covered employees employed in said occupation during the five calendar years preceding the enactment date was forty or less. With respect to such seasonal employees—

(1) the calculation of benefit amount set forth in subsection (a) shall be modified by—

(A) deducting from the hours for which said employee received pay those hours representing vacation pay and vacation pay increments and;

(B) substituting for the fifty-two provided in clause (3) of subsection (a) a divisor equal to the average annual number of weeks for which said employee performed work for an affected employer in said occupation during those three of the five calendar years immediately preceding the date of enactment during which the number of such weeks was greatest: *Provided*, That this calculation shall be modified in accord with subsection (b) with respect to those employees who had less than five calendar years of employment with one affected employer immediately prior to the date of enactment of this section.

(2) the number of weekly benefits payable in any calendar year shall not exceed the annual average number of weeks for which a seasonal employee received pay from an affected employer for work performed in the employee's occupation, as established by paragraph (1)(B), and shall be payable only during those weeks of each year determined by the Secretary to be the usual season for that occupation;

(3) vacation pay and vacation pay increments shall be paid in the same amounts and at the same times of each year as they would have been paid had said employee performed work during all of the time for which said employee receives layoff benefits. Such pay is referred to herein as "vacation replacement benefits".

Elder employees, extension of protection period.

(d) Notwithstanding any other provision of this Act, the benefits for any affected employee who will reach the age of sixty on or before September 30, 1984, shall be extended after the end of the employee's period of protection (unless severance pay has been accepted) until the employee's sixty-fifth birthday, and shall be equal to said employee's weekly layoff benefit.

Benefit amount, reduction.

(e) The benefit amount provided by this section for any week of total or partial layoff shall be reduced by—

(1) the full amount of any earnings, including pay for time not worked with respect to the same week, from employment obtained pursuant to section 103, or employment by employers engaged in timber harvesting, or in related sawmill, plywood, and other wood processing operations;

(2) 50 per centum of earnings and pay for time not worked from any other employer with respect to that week; and

(3) the full amount of any unemployment compensation attributable to that week.

Severance pay, eligibility.

SEC. 208. (a) An affected employee (other than a short-service employee described in subsection (a) of section 209) shall be paid severance pay in accordance with this section if said employee:

(1) has been on a continuous layoff from employment with the employee's last affected employer for a period of at least twenty weeks subsequent to December 31, 1977;

(2) has no definite recall date for work with the affected employer by whom the employee was laid off and no offer of suitable work by any affected employer; and

(3) applies for severance pay during a week with respect to which said employee has not performed work for an affected employer: *Provided*, That this clause shall not result in denial of severance pay to an otherwise eligible employee who at the time of application is totally and permanently disabled as defined in the Social Security Act; or

(4) was permanently separated from employment with an affected employer during the period beginning May 31, 1977, and ending on the date of enactment of this Act, as a result of the closure of the mill or plant in which said employee was employed and has not, since said separation, been employed by an affected employer.

Provided, That an employee shall be deemed an affected employee for purposes of this section if said employee meets the requirements of clauses (1), (2), and (3) of section 204(b).

Severance pay, amount.

(b) The amount of severance pay payable to an employee shall be computed by multiplying the applicable number of weeks determined in accordance with subsection (c) by the amount of the weekly layoff

benefit (without reduction for earnings or other benefits) which is payable, or would be payable if the employee were eligible, for the week in which the application was filed: *Provided*, That for a seasonal employee the amount so calculated, plus the amount of vacation replacement benefits applicable for that year shall be multiplied by the number of weeks in said employee's usual season, as determined in section 207(c), and the result divided by fifty-two.

(c) The number of weeks of severance pay shall be equal to one week for each month of the employee's creditable service up to a maximum of seventy-two weeks: *Provided*, That the severance payment to any employee shall not exceed the total amount of the weekly layoff and vacation replacement benefits which would have been payable if said employee were to be eligible for such benefits continuously from the week of application until the end of the applicable period of protection (or, in the case of an employee described in the final proviso of subsection (a), until the earlier of said employee's sixty-fifth birthday or September 30, 1984), calculated on the basis of the weekly amounts of such benefits as of the date of application for severance pay.

Protection period, termination.

(d) Acceptance of severance pay terminates the affected employee's period of protection and makes said employee ineligible thereafter for all other forms of terminal pay and for the protections provided in section 204, except as otherwise specifically provided in this Act.

Return-payment agreement.

(e) Before making a severance payment to an employee, the Secretary shall obtain said employee's written agreement that, upon resumption of employment in the industry within Humboldt and Del Norte Counties and the counties adjacent thereto in the State of California prior to September 30, 1980, or such later date established by the Secretary with respect to said employee pursuant to section 203, said employee will return it in weekly installments equal to a specified percentage of the employee's earnings in the industry, which the Secretary shall set at a reasonable level. The agreement shall include authorization for the Secretary to arrange with an employer for withholding of the applicable amounts from the employee's pay.

SHORT-SERVICE EMPLOYEES

Benefits, ineligibility.

SEC. 209. (a) Notwithstanding any other provision of this Act, an affected employee as defined in this title shall be ineligible for any benefit under this title except as provided in this section if:

(2) said employee as of the date of becoming an affected employee, does not have service credit for pension purposes of at least five full years under a pension plan contributed to by industry employers.

Severance pay.

(b) An affected employee described in subsection (a) shall be paid severance pay in accordance with this section if said employee meets the requirements of section 208(a).

(c) Said employee shall be paid a severance payment equal to forty times the hourly wage rate applicable at the time of application for severance pay to the highest paid job held by said employee, other than by temporary assignment, during calendar year 1977, with the employee's last affected employer for each one hundred and seventy-three hours for which said employee performed work for affected employers.

(d) Subsection (d) of section 208 shall be applicable to employees applying for and accepting severance payments pursuant to this section except that such employees shall remain eligible for allowances provided for in sections 211 and 212, and for retraining as provided for in section 210(a) and while in good faith engaged in such training shall be paid the same stipends and allowances as are generally applicable to individuals engaged in such retraining programs who are not employees as defined in this Act.

RETRAINING

SEC. 210. (a) An affected employee is eligible to apply for and the Secretary shall authorize training (including training for technical and professional occupations) at Government expense during said employee's period of protection if—

(2) there is substantial reason to believe that the employee's employment prospects would be enhanced after successful completion of the training for which application has been filed.

(b) An affected employee engaged in training authorized by subsection (a) shall be paid layoff and vacation replacement benefits while in good faith engaged in such training and shall continue to be paid such benefits while so engaged. **Layoff and vacation replacement benefits.**

SEC. 211. Upon application filed by an affected employee during said employee's period of protection, said employee shall be eligible for a job search allowance under the same terms, conditions, and amounts as provided in section 237 of the Trade Act of 1974 (19 U.S.C. 2297). **Job search allowance.**

SEC. 212. (a) A relocation allowance shall be paid upon application by an affected employee during the applicable period of protection if— **Relocation allowance.**

(A) suitable employment affording a reasonable expectation of long-term duration in the area in which said employee wishes to relocate; or

(B) a bona fide offer of such employment; or

(3) the employee relocated during the period beginning May 31, 1977, and ending on the date of enactment, because of acceptance of employment requiring a change in residence to a location outside the commuting area in which said employee resided immediately prior to becoming an affected employee.

(b) The Secretary shall provide the same moving expense benefits for the same purposes as are set forth in the Regional Rail Reorganization Act of 1973 (Public Law 93-236). **Moving expense benefits. 45 USC 701 note.**

(2) develop and implement procedures for the filing (including filing by mail in appropriate circumstances as determined by the Secretary) of applications, appeals, and complaints relating to the rights and entitlements established for employees by this title designed to facilitate prompt determinations and prompt payment to eligible applicants.

(e) The Secretary shall direct that notices, reports, applications, appeals, and information concerning the implementation of this title required to be filed with the Secretary shall be filed at the offices of the United States Employment and Training Service in Humboldt and Del Norte Counties of the State of California and that information required to facilitate employees' exercise of their rights under this title shall be kept available at such offices unless the Secretary shall designate additionally.

TITLE II—ADOPTION OPPORTUNITIES

FINDINGS AND DECLARATION OF PURPOSE

42 USC 5111.

SEC. 201. The Congress hereby finds that many thousands of children remain in institutions or foster homes solely because of legal and other barriers to their placement in permanent, adoptive homes; that the majority of such children are of school age, handicapped, or both; that adoption may be the best alternative for assuring the healthy development of such children; that there are qualified persons seeking to adopt such children who are unable to do so because of barriers to their placement; and that, in order both to enhance the stability and love of the child's home environment and to avoid wasteful expenditures of public funds, such children should not be maintained in foster care or institutions when adoption is appropriate and families for them can be found. It is, therefore, the purpose of this title to facilitate the elimination of barriers to adoption and to provide permanent and loving home environments for children who would benefit by adoption, particularly children with special needs by—

(1) promoting the establishment of model adoption legislation and procedures in the States and territories of the United States in order to eliminate jurisdictional and legal obstacles to adoption; and

(2) providing a mechanism for the Department of Health, Education, and Welfare to (A) promote quality standards for adoption services (including pre-placement, post-placement, and post-adoption counseling and standards to protect the rights of children in need of adoption), and (B) provide for a national adoption and foster care information data gathering and analysis system and a national adoption information exchange system to bring together children who would benefit by adoption and qualified prospective adoptive parents who are seeking such children.

MODEL ADOPTION LEGISLATION AND PROCEDURES

Publication in Federal Register. 42 USC 5112.

SEC. 202. (a) Not later than eighteen months after the date of enactment of this Act, the Secretary of Health, Education, and Welfare (hereinafter referred to as the "Secretary") shall issue, based on

the recommendations of the panel described in subsection (b) of this section, proposed model adoption legislation and procedures and publish such proposal in the Federal Register for comment. After soliciting and giving due consideration to the comments of interested individuals, groups, and organizations and consulting further with such panel, the Secretary shall issue and publish model adoption legislation and procedures which shall not conflict with the provisions of any interstate compact in operation pursuant to which States are making, supervising, or regulating placements of children.

Panel.
Appointment.

(b)(1) Not later than ninety days after the date of enactment of this Act, the Secretary shall appoint a panel (hereinafter referred to as the "panel") to be composed of not less than eleven nor more than seventeen members generally representative of public and voluntary organizations, agencies, and persons interested and with expertise and experience in facilitating the achievement of the purposes of this title (including, but not limited to, national, State, and local child welfare organizations, including those representative of minorities, and adoptive parent organizations). The panel shall (A) review current conditions, practices, and laws relating to adoption, with special reference to their effect on facilitating or impeding the location of suitable adoptive homes for children who would benefit by adoption and the completion of suitable adoptions for such children; and (B) not later than twelve months after the date on which the members of the panel have been appointed, propose to the Secretary model (including adoption assistance agreement) legislation and procedures relating to adoption designed to facilitate adoption by families of all economic levels.

Termination.

(2) The panel shall be terminated thirty days after the Secretary publishes the final model legislation and procedures pursuant to subsection (a) of this section.

Compensation.

(3) Members of the panel, other than those regularly employed by the Federal Government, while serving on business of the panel shall be entitled to receive compensation at a rate not in excess of the daily equivalent of the rate payable to a GS–18 employee under section 5322 of title 5, United States Code, including traveltime; and, while so serving away from their homes or regular places of business, they may be allowed travel expenses (including per diem in lieu of subsistence) as authorized by section 5703 of such title for persons in the Government service employed intermittently.

(c) The Secretary shall take such steps as he or she deems necessary to encourage and facilitate the enactment in each State of comprehensive adoption assistance legislation and the establishment in each State of the model legislation and procedures published pursuant to subsection (a) of this section.

INFORMATION AND SERVICES

42 USC 5113.

SEC. 203. (a) The Secretary shall establish in the Department of Health, Education, and Welfare an appropriate administrative arrangement to provide a centralized focus for planning and coordinating of all departmental activities affecting adoption and foster care and for carrying out the provisions of this title. The Secretary shall make available such consultant services and personnel, together with

appropriate administrative expenses, as are necessary for carrying out such purposes.

(b) In connection with carrying out the provisions of subsection (a) of this section, the Secretary shall—

(1) provide (directly or by grant to or contract with public or private nonprofit agencies and organizations) for the establishment and operation of a national adoption and foster care data gathering and analysis system utilizing data collected by States pursuant to requirements of law;

(2) conduct (directly or by grant to or contract with public or private nonprofit agencies or organizations) an education and training program on adoption, and prepare, publish, and disseminate (directly or by grant to or contract with public or private nonprofit agencies and organizations) to all interested parties, public and private agencies and organizations (including, but not limited to, hospitals, health care and family planning clinics, and social services agencies), and governmental bodies, information and education and training materials regarding adoption and adoption assistance programs;

(3) notwithstanding any other provision of law, provide (directly or by grant to or contract with public or private nonprofit agencies or organizations) for (A) the operation of a national adoption information exchange system (including only such information as is necessary to facilitate the adoptive placement of children, utilizing computers and data processing methods to assist in the location of children who would benefit by adoption and in the placement in adoptive homes of children awaiting adoption); and (B) the coordination of such system with similar State and regional systems;

(4) provide (directly or by grant to or contract with public or private nonprofit agencies or organizations, including parent groups) for the provision of technical assistance in the planning, improving, developing, and carrying out of programs and activities relating to adoption; and

(5) consult with other appropriate Federal departments and agencies in order to promote maximum coordination of the services and benefits provided under programs carried out by such departments and agencies with those carried out by the Secretary, and provide for the coordination of such aspects of all programs within the Department of Health, Education, and Welfare relating to adoption.

An Act

Apr. 26, 1978
[H.R. 7744]

To amend the Acts of August 11, 1888, and March 2, 1919, pertaining to carrying out projects for improvements of rivers and harbors by contract or otherwise, and for other purposes.

Rivers and harbors, improvements.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 3 of the Act of August 11, 1888 (25 Stat. 423; 33 U.S.C. 622), is amended to read as follows:

"SEC. 3. (a) The Secretary of the Army, acting through the Chief of Engineers (hereinafter referred to as the 'Secretary'), in carrying out projects for improvement of rivers and harbors (other than surveys, estimates, and gagings) shall, by contract or otherwise, carry out such work in the manner most economical and advantageous to the United States. The Secretary shall have dredging and related work done by contract if he determines private industry has the capability to do such work and it can be done at reasonable prices and in a timely manner. During the four-year period which begins on the date of enactment of this subsection, the Secretary may limit the application of the second sentence of this subsection for work for which the federally owned fleet is available to achieve an orderly transition to full implementation of this subsection.

"(b) As private industry reasonably demonstrates its capability under subsection (a) to perform the work done by the federally owned fleet, at reasonable prices and in a timely manner, the federally owned fleet shall be reduced in an orderly manner, as determined by the Secretary, by retirement of plant. To carry out emergency and national defense work the Secretary shall retain only the minimum federally owned fleet capable of performing such work and he may exempt from the provisions of this section such amount of work as he determines to be reasonably necessary to keep such fleet fully operational, as determined by the Secretary, after the minimum fleet requirements have been determined. Notwithstanding the preceding sentence, in carrying out the reduction of the federally owned fleet, the Secretary may retain so much of the federally owned fleet as he determines necessary, for so long as he determines necessary, to insure the capability of the Federal Government and private industry together to carry out projects for improvements of rivers and harbors. For the purpose of making the determination required by the preceding sentence the Secretary shall not exempt any work from the requirements of this section. The minimum federally owned fleet shall be maintained to technologically modern and efficient standards, including replacement as necessary. The Secretary is authorized and directed to undertake a study to determine the minimum federally owned fleet required to perform emergency and national defense work. The study, which shall be submitted to Congress within two years after enactment of this subsection, shall also include preservation of employee rights of persons presently employed on the existing federally owned fleet.".

Study.

Submittal to Congress.

SEC. 2. Section 8 of the Act of March 2, 1919 (40 Stat. 1290; 33 U.S.C. 624), is amended to read as follows:

"SEC. 8. (a) No works of river and harbor improvement shall be done by private contract—

"(1) if the Secretary of the Army, acting through the Chief of Engineers, determines that Government plant is reasonably available to perform the subject work and the contract price for doing the work is more than 25 per centum in excess of the estimated comparable cost of doing the work by Government plant; or

"(2) in any other circumstance where the Secretary of the Army, acting through the Chief of Engineers, determines that the contract price is more than 25 per centum in excess of what he determines to be a fair and reasonable estimated cost of a well-equipped contractor doing the work.

"(b) In estimating the comparable cost of doing the work under subsection (a)(1) by Government plant the Secretary of the Army, acting through the Chief of Engineers shall, in addition to the cost of labor and materials, take into account proper charges for depreciation of plant, all supervising and overhead expenses, interest on the capital invested in the Government plant (but the rate of interest shall not exceed the maximum prevailing rate being paid by the United States on current issues of bonds or other evidences of indebtedness) and such other Government expenses and charges as the Chief of Engineers determines to be appropriate.

"(c) In determining a fair and reasonable estimated cost of doing work by private contract under subsection (a)(2), the Secretary of the Army, acting through the Chief of Engineers, shall, in addition to the cost of labor and materials, take into account proper charges for depreciation of plant, all expenses for supervision, overhead, workmen's compensation, general liability insurance, taxes (State and local), interest on capital invested in plant, and such other expenses and charges the Secretary of the Army, acting through the Chief of Engineers, determines to be appropriate.".

Public Law 95-273
95th Congress

An Act

May 8, 1978
[S. 1617]

To establish a program of ocean pollution research, development, and monitoring, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Ocean Pollution Research and Development and Monitoring Planning Act of 1978".

National Ocean Pollution Research and Development and Monitoring Planning Act of 1978.
33 USC 1701 note.

SEC. 2. FINDINGS AND PURPOSES.

33 USC 1701.

(a) FINDINGS.—The Congress finds and declares the following:

(1) Man's activities in the marine environment can have a profound short-term and long-term impact on such environment and greatly affect ocean and coastal resources therein.

(2) There is a need to establish a comprehensive Federal plan for ocean pollution research and development and monitoring, with particular attention being given to the inputs, fates, and effects of pollutants in the marine environment.

(3) Man will increasingly be forced to rely on ocean and coastal resources as other resources are depleted. Our ability to protect, preserve, develop, and utilize these ocean and coastal resources is directly related to our understanding of the effects which ocean pollution has upon such resources.

(4) Numerous departments, agencies, and instrumentalities of the Federal Government sponsor, support, or fund activities relating to ocean pollution research and development and monitoring. However, such activities are often uncoordinated and can result in unnecessary duplication.

(5) Better planning and more effective use of available funds, personnel, vessels, facilities, and equipment is the key to effective Federal action regarding ocean pollution research and development and monitoring.

(b) PURPOSES.—It is therefore the purpose of the Congress in this Act—

(1) to establish a comprehensive 5-year plan for Federal ocean pollution research and development and monitoring programs in order to provide planning for, coordination of, and dissemination of information with respect to such programs within the Federal Government;

(2) to develop the necessary base of information to support, and to provide for, the rational, efficient, and equitable utilization, conservation, and development of ocean and coastal resources; and

(3) to designate the National Oceanic and Atmospheric Administration as the lead Federal agency for preparing the plan referred to in paragraph (1) and to require the Administration to carry out a comprehensive program of ocean pollution research and development and monitoring under the plan.

33 USC 1702.

SEC. 3. DEFINITIONS.

As used in this Act, unless the context otherwise requires—

(1) The term "Administration" means the National Oceanic and Atmospheric Administration.

(2) The term "Administrator" means the Administrator of the Administration.

(3) The term "Director" means the Director of the Office of Science and Technology Policy in the Executive Office of the President.

(4) The term "marine environment" means the coastal zone (as defined in section 304(1) of the Coastal Zone Management Act of 1972 (16 U.S.C. 1453(1))); the seabed, subsoil, and waters of the territorial sea of the United States; the waters of any zone over which the United States asserts exclusive fishery management authority; the waters of the high seas; and the seabed and subsoil of and beyond the Outer Continental Shelf.

(5) The term "ocean and coastal resource" has the same meaning as is given such term in section 203(7) of the National Sea Grant Program Act (33 U.S.C. 1122(7)).

(6) The term "ocean pollution" means any short-term or long-term change in the marine environment.

SEC. 4. COMPREHENSIVE FEDERAL PLAN RELATING TO OCEAN POLLUTION.

33 USC 1703.

(a) LEAD AGENCY FOR PLAN.—The Administrator, in consultation with the Director and other appropriate Federal officials having authority over ocean pollution research and development and monitoring programs, shall prepare, in accordance with this section, a comprehensive 5-year plan (hereinafter in this Act referred to as the "Plan") for the overall Federal effort in ocean pollution research and development and monitoring. The Plan shall be prepared and submitted to Congress and the President on or before February 15, 1979, and a revision of the Plan shall be prepared and so submitted by February 15 of each odd-numbered year occurring after 1979.

Responsibility.

Submittal to President and Congress.

(b) CONTENT OF PLAN.—The Plan shall contain, but need not be limited to, the following elements:

(1) ASSESSMENT AND ORDERING OF NATIONAL NEEDS AND PROBLEMS.—The Plan shall—

National priorities.

(A) identify those national needs and problems, which relate to specific aspects of ocean pollution (including, but not limited to, the effects of ocean pollution on the economic, social, and environmental values of ocean and coastal resources), which exist and will arise during the Plan period;

(B) establish the priority, based upon the value and cost of information which can be obtained from specific ocean pollution research and development and monitoring programs and projects, in which such needs should be met, and such problems should be solved, during the Plan period; and

(C) contain, if pursuant to the preparation of any revision of the Plan required under subsection (a) it is determined that any national need or problem or priority set forth in the preceding version of the Plan should be changed, a detailed explanation of the reasons for the change.

(2) EXISTING FEDERAL CAPABILITY.—The Plan shall contain—

Existing Federal capability.

(A) a detailed listing of all existing Federal programs relating to ocean pollution research and development and monitoring (including, but not limited to, general research on marine ecosystems), which listing shall include, with respect to each such program—

(i) a catalogue of the Federal personnel, facilities, vessels and other equipment currently assigned to, or used for, the program, and

(ii) a detailed description of the existing goals and costs of the program, including, but not limited to, a categorical breakdown of the funds currently being expended, and planned to be expended, to conduct the program; and

(B) an analysis of the extent to which each such program, if continued on the basis and at the funding level described pursuant to subparagraph (A)(ii), will assist in meeting the priorities set forth pursuant to paragraph (1)(B) during the Plan period.

(3) POLICY RECOMMENDATIONS.—If it is determined, as a result of the analysis required to be made under paragraph (2)(B), that the priorities set forth pursuant to paragraph (1)(B) will not be adequately met during the Plan period using the existing Federal capability described pursuant to paragraph (2)(A), the Plan shall contain those recommendations for changes in the overall Federal effort in ocean pollution research and development and monitoring which would ensure that those priorities are adequately met during the Plan period. Such recommendations may include, but need not be limited to—

(A) changes in the goals to be achieved under various existing Federal ocean pollution research and development and monitoring programs;

(B) suggested increases and decreases in the funding for any such existing program consistent with the extent to which such program contributes to the meeting of such priorities;

(C) specific proposals for interagency cooperation in cases in which the pooling of the resources of two or more Federal departments, agencies, or instrumentalities under existing programs could further efforts to meet such priorities or would eliminate duplication of effort; and

(D) suggested legislation to establish new Federal programs considered to be necessary if such priorities are to be met.

Budget review.

(4) BUDGET REVIEW.—The Plan shall contain a description of actions taken by the Administrator and the Director to coordinate the budget review process for the purpose of ensuring interagency coordination and cooperation in (A) the carrying out of Federal ocean pollution research and development and monitoring programs; and (B) eliminating unnecessary duplication of effort among such programs.

"Plan Period."

(c) For purposes of this section, the term "Plan period" means—

(1) with respect to the Plan as required to be submitted on February 15, 1979, the period of 5 fiscal years beginning on October 1, 1978; and

(2) with respect to each revision of the Plan, the period of 5 fiscal years beginning on October 1 of the year before the year in which the revision is required to be prepared under subsection (a).

33 USC 1704.

SEC. 5. COMPREHENSIVE OCEAN POLLUTION PROGRAM IN THE ADMINISTRATION.

Establishment.

(a) ESTABLISHMENT OF PROGRAM.—The Administrator shall establish within the Administration a comprehensive, coordinated, and effective ocean pollution research and development and monitoring program. The Administrator shall carry out all projects and activities under the program in a manner consistent with the Plan.

(b) CONTENT OF THE PROGRAM.—The program required to be established under subsection (a) shall include, but not be limited to—

(1) all projects and activities relating to ocean pollution research and development and monitoring for which the Administrator has responsibility under provisions of law (including, but not limited to, title II of the Marine Protection, Research, and Sanctuaries Act of 1972 (33 U.S.C. 1441-1444)) other than paragraph (2);

(2) such projects and activities addressed to the priorities set forth in the Plan pursuant to section 4(b)(1)(B) that can be appropriately conducted within the Administration; and

(3) the provision of financial assistance under section 6.

SEC. 6. FINANCIAL ASSISTANCE.

33 USC 1705.

(a) GRANTS AND CONTRACTS.—The Administrator may provide financial assistance in the form of grants or contracts for research and development and monitoring projects or activities which are needed to meet priorities set forth in the Plan pursuant to section 4(b)(1)(B), if such priorities are not being adequately addressed by any Federal department, agency, or instrumentality.

Grants and contracts.

(b) APPLICATIONS FOR ASSISTANCE.—Any person, including institutions of higher education and departments, agencies, and instrumentalities of the Federal Government or of any State or political subdivision thereof, may apply for financial assistance under this section for the conduct of projects and activities described in subsection (a), and, in addition, specific proposals may be invited. Each application for financial assistance shall be made in writing in such form and manner, and contain such information, as the Administrator may require. The Administrator may enter into contracts under this section without regard to section 3709 of the Revised Statutes of the United States (41 U.S.C. 5).

Contract authority.

(c) EXISTING PROGRAMS.—The projects and activities supported by grants or contracts made or entered into under this section shall, to the maximum extent practicable, be administered through existing Federal programs (including, but not limited to, the National Sea Grant Program) concerned with ocean pollution research and development and monitoring.

(d) ACTION BY ADMINISTRATOR.—The Administrator shall act upon each application for a grant or contract under this section within six months after the date on which all required information is received by the Administrator from the applicant. Each grant made or contract entered into under this section shall be subject to such terms and conditions as the Secretary deems necessary in order to protect the interests of the United States. The total amount paid pursuant to any such grant or contract may, in the discretion of the Administrator, be up to 100 percent of the total cost of the project or activity involved.

(e) RECORDS.—Each recipient of financial assistance under this section shall keep such records as the Administrator shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such assistance, the total cost of the project or activity in connection with which such assistance was given or used, the amount of that portion of the cost of the project or activity which was supplied by other sources, and such other records as will facilitate an effective audit. Such records shall be maintained for three years after the completion of such project or activity. (2) may, upon written request from the Administrator or Director, make available to the Administrator or Director, on a reimbursable basis or otherwise, such personnel (with their consent and without prejudice to their position and rating), services, or facilities as may be necessary to assist the Administrator or the Director to achieve the purposes of this Act; and

"(2) PROPOSED RULE CHANGES.—

"(A) FILING OF PROPOSED RULE CHANGES.—The Board of Directors of SIPC shall file with the Commission, in accordance with such rules as the Commission may prescribe, a copy of any proposed rule or any proposed amendment to or repeal of any rule of SIPC (hereinafter in this subsection collectively referred to as a 'proposed rule change'), accompanied by a concise general statement of the basis and purpose of such proposed rule change. The Commission shall, upon the filing of any proposed rule change, publish notice thereof, together with the terms of substance of such proposed rule change or a description of the subjects and issues involved. The Commission shall give interested persons an opportunity to submit written data, views, and arguments with respect to such proposed rule change. No proposed rule change shall take effect unless approved by the Commission or otherwise permitted in accordance with the provisions of this paragraph. Notice.

"(B) ACTION BY THE COMMISSION.—Within thirty-five days after the date of publication of notice of the filing of a proposed rule change, or within such longer period as the

Commission may designate of not more than ninety days after such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or as to which SIPC consents, the Commission shall—

"(i) by order approve such proposed rule change; or

"(ii) institute proceedings to determine whether such proposed rule change should be disapproved.

Notice. Hearing.

"(C) PROCEEDINGS.—Proceedings instituted with respect to a proposed rule change pursuant to subparagraph (B)(ii) shall include notice of the grounds for disapproval under consideration and opportunity for hearing, and shall be concluded within one hundred eighty days after the date of publication of notice of the filing of such proposed rule change. At the conclusion of such proceedings, the Commission shall, by order, approve or disapprove such proposed rule change. The Commission may extend the time for conclusion of such proceedings for not more than sixty days if it finds good cause for such extension and publishes its reasons for so finding, or for such longer period as to which SIPC consents.

"(D) GROUNDS FOR APPROVAL OR DISAPPROVAL.—The Commission shall approve a proposed rule change if it finds that such proposed rule change is in the public interest and is consistent with the purposes of this Act, and any proposed rule change so approved shall be given force and effect as if promulgated by the Commission. The Commission shall disapprove a proposed rule change if it does not make the finding referred to in the preceding sentence. The Commission shall not approve any proposed rule change prior to thirty days after the date of publication of notice of the filing thereof, unless the Commission finds good cause for so doing and publishes its reasons for so finding.

"(E) EXCEPTION.—Notwithstanding any other provision of this paragraph, a proposed rule change may take effect—

"(i) upon the date of filing with the Commission, if such proposed rule change is designated by SIPC as relating solely to matters which the Commission, consistent with the public interest and the purposes of this subsection, determines by rule do not require the procedures set forth in this paragraph; or

"(ii) upon such date as the Commission shall for good cause determine. Any proposed rule change which takes effect under this clause shall be filed promptly thereafter and reviewed in accordance with the provisions of subparagraph (A).

At any time within sixty days after the date of filing of any rule change which has taken effect pursuant to this subparagraph, the Commission may summarily abrogate such rule change and require that it be refiled and reviewed in accordance with the provisions of this paragraph, if the Commission finds that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of this Act. Any action of the Commission pursuant to the preceding sentence shall not affect the validity or force of

a rule change during the period it was in effect and shall not be reviewable under section 25 of the 1934 Act or deemed to be final agency action for purposes of section 704 of title 5, United States Code. 15 USC 78y.

"(3) ACTION REQUIRED BY COMMISSION.—The Commission may, by such rules as it determines to be necessary or appropriate in the public interest or to carry out the purposes of this Act, require SIPC to adopt, amend, or repeal any SIPC bylaw or rule, whenever adopted.".

PROTECTION OF INVESTORS

SEC. 7. (a) Section 5(a) of such Act (15 U.S.C. 78eee(a)) is amended by striking out paragraphs (2) and (3) and inserting in lieu thereof the following new paragraphs:

"(2) ACTION BY SELF-REGULATORY ORGANIZATION.—If a self-regulatory organization has given notice to SIPC pursuant to subsection (a)(1) with respect to a broker or dealer, and such broker or dealer undertakes to liquidate or reduce its business either pursuant to the direction of a self-regulatory organization or voluntarily, such self-regulatory organization may render such assistance or oversight to such broker or dealer as it considers appropriate to protect the interests of customers of such broker or dealer. The assistance or oversight by a self-regulatory organization shall not be deemed the assumption or adoption by such self-regulatory organization of any obligation or liability to customers, other creditors, shareholders, or partners of the broker or dealer, and shall not prevent or act as a bar to any action by SIPC.

"(3) ACTION BY SIPC.—If SIPC determines that—

"(A) any member of SIPC (including any person who

was a member within one hundred eighty days prior to such determination) has failed or is in danger of failing to meet its obligations to customers; and

"(B) one or more of the conditions specified in subsection (b)(1) exist with respect to such member,

SIPC may, upon notice to such member, file an application for a protective decree with any court of competent jurisdiction specified in section 21(e) or 27 of the 1934 Act, except that no such application shall be filed with respect to a member the only customers of which are persons whose claims could not be satisfied by SIPC advances pursuant to section 9. 15 USC 78u, 78aa. 15 USC 78iii.

"(4) EFFECT OF OTHER PENDING ACTIONS.—An application with respect to a member of SIPC filed with a court under paragraph (3)—

"(A) may, with the consent of the Commission, be combined with any action brought by the Commission, including an action by the Commission for a temporary receiver pending an appointment of a trustee under subsection (b)(3); and

"(B) may be filed notwithstanding the pendency in the same or any other court of any bankruptcy, mortgage foreclosure, or equity receivership proceeding or any proceeding to reorganize, conserve, or liquidate such member or its property, or any proceeding to enforce a lien against property of such member.".

(b) Section 5(b) of such Act (15 U.S.C. 78eee(b)) is amended to read as follows:

"(b) COURT ACTION.—

"(1) ISSUANCE OF PROTECTIVE DECREE.—Upon receipt of an application by SIPC under subsection (a)(3), the court shall forthwith issue a protective decree if the debtor consents thereto, if the debtor fails to contest such application, or if the court finds that such debtor—

"(A) is insolvent within the meaning of the Bankruptcy Act, or is unable to meet its obligations as they mature; *Post*, p. 2549.

"(B) has committed an act of bankruptcy within the meaning of the Bankruptcy Act;

"(C) is the subject of a proceeding pending in any court or before any agency of the United States or any State in which a receiver, trustee, or liquidator for such debtor has been appointed;

"(D) is not in compliance with applicable requirements under the 1934 Act or rules of the Commission or any self-regulatory organization with respect to financial responsibility or hypothecation of customers' securities; or 15 USC 78a.

"(E) is unable to make such computations as may be necessary to establish compliance with such financial responsibility or hypothecation rules.

Unless the debtor consents to the issuance of a protective decree, the application shall be heard three business days after the date on which it is filed, or at such other time as the court shall determine, taking into consideration the urgency which the circumstances require.

"(2) JURISDICTION AND POWERS OF COURT.—

"(A) EXCLUSIVE JURISDICTION.—Upon the filing of an

application with a court for a protective decree with respect to a debtor, such court—

"(i) shall have exclusive jurisdiction of such debtor and its property wherever located (including property located outside the territorial limits of such court and property held by any other person as security for a debt or subject to a lien);

"(ii) shall have exclusive jurisdiction of any suit against the trustee with respect to a liquidation proceeding; and

"(iii) except as inconsistent with the provisions of this Act, shall have the jurisdiction, powers, and duties conferred upon a court of bankruptcy by the Bankruptcy Act, together with such other jurisdiction, powers, and duties as are prescribed by this Act.

"(B) STAY OF PENDING ACTIONS.—Pending the issuance of a protective decree under paragraph (1), the court with which an application has been filed—

"(i) shall stay any pending bankruptcy, mortgage foreclosure, equity receivership, or other proceeding to reorganize, conserve, or liquidate the debtor or its property and any other suit against any receiver, conservator, or trustee of the debtor or its property, and shall continue such stay upon appointment of a trustee pursuant to paragraph (3);

"(ii) may stay any proceeding to enforce a lien against property of the debtor or any other suit against the debtor, including a suit by stockholders of the debtor which interferes with prosecution by the trustee of claims against former directors, officers, or employees of the debtor, and may continue such stay upon appointment of a trustee pursuant to paragraph (3);

"(iii) may stay enforcement of, and upon appointment of a trustee pursuant to paragraph (3), may continue the stay for such period of time as may be appropriate, but shall not abrogate, the right of setoff provided in section 68 of the Bankruptcy Act, and the right to enforce a valid, nonpreferential lien or pledge against the property of the debtor; and

Post, p. 2549.

"(iv) may appoint a temporary receiver.

"(3) APPOINTMENT OF TRUSTEE AND ATTORNEY.—If the court issues a protective decree under paragraph (1), such court shall forthwith appoint, as trustee for the liquidation of the business of the debtor and as attorney for the trustee, such persons as SIPC, in its sole discretion, specifies. The persons appointed as trustee and as attorney for the trustee may be associated with the same firm. SIPC may, in its sole discretion, specify itself or one of its employees as trustee in any case in which SIPC has determined that the liabilities of the debtor to unsecured general creditors and to subordinated lenders appear to aggregate less than $750,000 and that there appear to be fewer than five hundred customers of such debtor. No person may be appointed to serve as trustee or attorney for the trustee if such person is not disinterested within the meaning of paragraph (6), except that for any specified purpose other than to represent a trustee in

conducting a liquidation proceeding, the trustee may, with the approval of SIPC and the court, employ an attorney who is not disinterested. A trustee appointed under this paragraph shall qualify by filing a bond in the manner prescribed by the applicable provisions of the Bankruptcy Act, except that neither SIPC nor any employee of SIPC shall be required to file a bond when appointed as trustee.

Post, p. 2549.

"(4) REFERENCE TO REFEREE IN BANKRUPTCY.—If the court issues a protective decree and appoints a trustee under this section, such court may, at any stage of the proceeding, refer the proceeding to a referee in bankruptcy to hear and determine any or all matters, or to a referee in bankruptcy as special master to hear and report generally or upon specified matters. Only under special circumstances shall a reference be made to a special master who is not a referee in bankruptcy.

"(5) COMPENSATION FOR SERVICES AND REIMBURSEMENT OF EXPENSES.—

"(A) ALLOWANCES IN GENERAL.—The court shall grant reasonable compensation for services rendered and reimbursement for proper costs and expenses incurred (hereinafter in this paragraph referred to as 'allowances') by a trustee, and by the attorney for such a trustee, in connection with a liquidation proceeding. No allowances (other than reimbursement for proper costs and expenses incurred) shall be granted to SIPC or any employee of SIPC for serving as trustee. Allowances may be granted on an interim basis during the course of the liquidation proceeding at such times and in such amounts as the court considers appropriate.

"(B) ALLOWANCES TO REFEREE IN BANKRUPTCY OR SPECIAL MASTER.—In the event a proceeding has been referred to a referee in bankruptcy or special master, the district judge may grant reasonable allowances to such referee in bankruptcy or a special master, in the manner provided for in a case filed under chapter X of the Bankruptcy Act, as now in effect or as amended from time to time.

"(C) APPLICATION FOR ALLOWANCES.—Any person seeking allowances shall file with the court an application which complies in form and content with the provisions of the Bankruptcy Act governing applications for allowances under such Act. A copy of such application shall be served upon SIPC when filed. The court shall fix a time for a hearing on such application, and notice of such hearing shall be given to the applicant, the trustee, the debtor, the creditors, SIPC, and such other persons as the court may designate, except that notice need not be given to customers whose claims have been or will be satisfied in full or to creditors who cannot reasonably be expected to receive any distribution during the course of the liquidation proceeding.

Hearing.
Notice.

"(D) RECOMMENDATIONS OF SIPC AND AWARDING OF ALLOWANCES.—Whenever an application for allowances is filed pursuant to subparagraph (C), SIPC shall file its recommendation with respect to such allowances with the court prior to the hearing on such application and shall, if it so requests, be allowed a reasonable time after such hearing within which to file a further recommendation. In any case

in which such allowances are to be paid by SIPC without reasonable expectation of recoupment thereof as provided in this Act and there is no difference between the amounts requested and the amounts recommended by SIPC, the court shall award the amounts recommended by SIPC. In determining the amount of allowances in all other cases, the court shall give due consideration to the nature, extent, and value of the services rendered, and shall place considerable reliance on the recommendation of SIPC.

"(E) APPLICABLE RESTRICTIONS.—The restrictions on sharing of compensation set forth in the Bankruptcy Act shall apply to allowances.

Post, p. 2549.

"(F) CHARGE AGAINST ESTATE.—Allowances granted by the court, including interim allowances, shall be charged against the general estate of the debtor as a cost and expense of administration. If the general estate is insufficient to pay allowances in whole or in part, SIPC shall advance such funds as are necessary for such payment.

"(6) DISINTERESTEDNESS.—

"(A) STANDARDS.—For purposes of paragraph (3), a person shall not be deemed disinterested if—

"(i) such person is a creditor (including a customer), stockholder, or partner of the debtor;

"(ii) such person is or was an underwriter of any of the outstanding securities of the debtor or within five years prior to the filing date was the underwriter of any securities of the debtor;

"(iii) such person is, or was within two years prior to the filing date, a director, partner, officer, or employee of the debtor or such an underwriter, or an attorney for the debtor or such an underwriter; or

"(iv) it appears that such person has, by reason of any other direct or indirect relationship to, connection with, or interest in the debtor or such an underwriter, or for any other reason, an interest materially adverse to the interests of any class of creditors (including customers) or stockholders,

except that SIPC shall in all cases be deemed disinterested, and an employee of SIPC shall be deemed disinterested if such employee would, except for his association with SIPC, meet the standards set forth in this subparagraph.

"(B) HEARING.—The court shall fix a time for a hearing on disinterestedness, to be held promptly after the appointment of a trustee. Notice of such hearing shall be mailed at least ten days prior thereto to each person who, from the books and records of the debtor, appears to have been a customer of the debtor with an open account within the past twelve months, to the address of such person as it appears from the books and records of the debtor, and to the creditors and stockholders of the debtor, to SIPC, and to such other persons as the court may designate. The court may, in its discretion, also require that notice be given by publication in such newspaper or newspapers of general circulation as it may designate. At such hearing, at any adjournment thereof, or upon application, the court shall hear objections to the

Notice, publication.

retention in office of a trustee or attorney for a trustee on the grounds that such person is not disinterested.".

(c) Section 5 of such Act (15 U.S.C. 78eee) is amended by adding at the end thereof the following new subsection:

"(d) SIPC PARTICIPATION.—SIPC shall be deemed to be a party in interest as to all matters arising in a liquidation proceeding, with the right to be heard on all such matters, and shall be deemed to have intervened with respect to all such matters with the same force and effect as if a petition for such purpose had been allowed by the court.".

GENERAL PROVISIONS OF A LIQUIDATION PROCEEDING

SEC. 8. Section 6 of such Act (15 U.S.C. 78fff) is amended to read as follows:

"SEC. 6. GENERAL PROVISIONS OF A LIQUIDATION PROCEEDING.

"(a) PURPOSES.—The purposes of a liquidation proceeding under this Act shall be—

"(1) as promptly as possible after the appointment of a trustee in such liquidation proceeding, and in accordance with the provisions of this Act—

"(A) to deliver customer name securities to or on behalf of the customers of the debtor entitled thereto as provided in section 8(c)(2); and

Post, p. 261.

"(B) to distribute customer property and (in advance thereof or concurrently therewith) otherwise satisfy net equity claims of customers to the extent provided in this section;

"(2) to sell or transfer offices and other productive units of the business of the debtor;

"(3) to enforce rights of subrogation as provided in this Act; and

"(4) to liquidate the business of the debtor.

"(b) APPLICATION OF BANKRUPTCY ACT.—To the extent consistent with the provisions of this Act, a liquidation proceeding shall be conducted in accordance with, and as though it were being conducted under, the Bankruptcy Act. For purposes of applying the Bankruptcy Act to this Act, any reference in the Bankruptcy Act to the date of commencement of proceedings under the Bankruptcy Act shall be deemed to be a reference to the filing date under this Act.

Post, p. 2549.

"(c) DETERMINATION OF CUSTOMER STATUS.—In a liquidation proceeding under this Act, whenever a person has acted with respect to cash or securities with the debtor after the filing date and in a manner which would have given him the status of a customer with respect to such cash or securities had the action occurred prior to the filing date, and the trustee is satisfied that such action was taken by the customer in good faith and prior to the appointment of the trustee, the date on which such action was taken shall be deemed to be the filing date for purposes of determining the net equity of such customer with respect to such cash or securities.

"(d) APPORTIONMENT.—In a liquidation proceeding under this Act, any cash or securities remaining after the liquidation of a lien or pledge made by a debtor shall be apportioned between his general estate and customer property in the proportion in which the general property of the debtor and the cash and securities of the customers of such debtor contributed to such lien or pledge. Securities apportioned

to the general estate under this subsection shall be subject to the provisions of section 16(5)(A).

Post, p. 271.

"(e) COSTS AND EXPENSES OF ADMINISTRATION.—All costs and expenses of administration of the estate of the debtor and of the liquidation proceeding shall be borne by the general estate of the debtor to the extent it is sufficient therefor, and the priorities of distribution from the general estate shall be as provided in the Bankruptcy Act. Costs and expenses of administration shall include payments pursuant to section 8(e) and section 9(c)(1) (to the extent such payments recovered securities which were apportioned to the general estate pursuant to subsection (d)) and costs and expenses of SIPC employees utilized by the trustee pursuant to section 7(a)(2). All funds advanced by SIPC to a trustee for such costs and expenses of administration shall be recouped from the general estate as a first priority under the Bankruptcy Act.".

NEW SECTIONS OF THE SECURITIES INVESTOR PROTECTION ACT OF 1970

15 USC 78*o*, 78ggg–78*lll*.

SEC. 9. The Securities Investor Protection Act of 1970 (15 U.S.C. 78aaa et seq.) is amended by redesignating sections 7 through 12 as sections 11 through 16, respectively, and by inserting immediately after section 6 the following new sections:

15 USC 78fff–1.

"SEC. 7. POWERS AND DUTIES OF A TRUSTEE.

"(a) TRUSTEE POWERS.—A trustee shall be vested with the same powers and title with respect to the debtor and the property of the debtor, including the same rights to avoid preferences, as a trustee in bankruptcy under the Bankruptcy Act has with respect to a bankrupt and the property of a bankrupt. In addition, a trustee may, with the approval of SIPC but without any need for court approval—

"(1) hire and fix the compensation of all personnel (including officers and employees of the debtor and of its examining authority) and other persons (including accountants) that are deemed by the trustee necessary for all or any purposes of the liquidation proceeding;

"(2) utilize SIPC employees for all or any purposes of a liquidation proceeding; and

"(3) margin and maintain customer accounts of the debtor for the purposes of section 8(f).

"(b) TRUSTEE DUTIES.—To the extent consistent with the provisions of this Act or as otherwise ordered by the court, a trustee shall be subject to the same duties as a trustee in bankruptcy, except that a trustee may, but shall have no duty to, reduce to money any securities constituting customer property or in the general estate of the debtor. In addition, the trustee shall—

"(1) deliver securities to or on behalf of customers to the maximum extent practicable in satisfaction of customer claims for securities of the same class and series of an issuer; and

"(2) subject to the prior approval of SIPC but without any need for court approval, pay or guarantee all or any part of the indebtedness of the debtor to a bank, lender, or other person if the trustee determines that the aggregate market value of securities to be made available to the trustee upon the payment or guarantee of such indebtedness does not appear to be less than the total amount of such payment or guarantee.

"(c) REPORTS BY TRUSTEE TO COURT.—The trustee shall make to the court and to SIPC such written reports as may be required by the Bankruptcy Act, and shall include in such reports information with respect to the progress made in distributing cash and securities to customers. Such reports shall be in such form and detail as the Commission determines by rule to present fairly the results of the liquidation proceeding as of the date of or for the period covered by such reports, having due regard for the requirements of section 17 of the 1934 Act and the rules prescribed under such section and the magnitude of items and transactions involved in connection with the operations of a broker or dealer.

Post p. 2549.

15 USC 78q.

"(d) INVESTIGATIONS.—The trustee shall—

"(1) as soon as practicable, investigate the acts, conduct, property, liabilities, and financial condition of the debtor, the operation of its business, and any other matter, to the extent relevant to the liquidation proceeding, and report thereon to the court;

"(2) examine, by deposition or otherwise, the directors and officers of the debtor and any other witnesses concerning any of the matters referred to in paragraph (1);

"(3) report to the court any facts ascertained by the trustee with respect to fraud, misconduct, mismanagement, and irregularities, and to any causes of action available to the estate; and

"(4) as soon as practicable, prepare and submit, to SIPC and such other persons as the court designates and in such form and manner as the court directs, a statement of his investigation of matters referred to in paragraph (1).

"SEC. 8. SPECIAL PROVISIONS OF A LIQUIDATION PROCEEDING. 15 USC 78fff-2.

"(a) NOTICE AND CLAIMS.—

"(1) NOTICE OF PROCEEDINGS.—Promptly after the appointment of the trustee, such trustee shall cause notice of the commencement of proceedings under this section to be published in one or more newspapers of general circulation in the form and manner determined by the court, and at the same time shall cause a copy of such notice to be mailed to each person who, from the books and records of the debtor, appears to have been a customer of the debtor with an open account within the past twelve months, to the address of such person as it appears from the books and records of the debtor. Notice to creditors other than customers shall be given in the manner prescribed by the Bankruptcy Act, except that such notice shall be given by the trustee.

Publication.

"(2) STATEMENT OF CLAIM.—A customer shall file with the trustee a written statement of claim but need not file a formal proof of claim, except that no obligation of the debtor to any person associated with the debtor within the meaning of section 3(a)(18) or section 3(a)(21) of the 1934 Act, any beneficial owner of 5 per centum or more of the voting stock of the debtor, or any member of the immediate family of any such person or owner may be satisfied without formal proof of claim.

15 USC 78c.

"(3) TIME LIMITATIONS.—No claim of a customer or other creditor of the debtor which is received by the trustee after the expiration of the six-month period beginning on the date of publication of notice under paragraph (1) shall be allowed, except that the court may, upon application within such period and for cause shown, grant a reasonable, fixed extension of time for the filing of a claim by the United States, by a State or political subdivision

thereof, or by an infant or incompetent person without a guardian. Any claim of a customer for net equity which is received by the trustee after the expiration of such period of time as may be fixed by the court (not exceeding sixty days after the date of publication of notice under paragraph (1)) need not be paid or satisfied in whole or in part out of customer property, and, to the extent such claim is satisfied from moneys advanced by SIPC, it shall be satisfied in cash or securities (or both) as the trustee determines is most economical to the estate.

"(4) EFFECT ON CLAIMS.—Except as otherwise provided in this section, and without limiting the powers and duties of the trustee to discharge obligations promptly as specified in this section, nothing in this section shall limit the right of any person, including any subrogee, to establish by formal proof or otherwise as the court may provide such claims as such person may have against the debtor, including claims for the payment of money and the delivery of specific securities, without resort to moneys advanced by SIPC to the trustee.

"(b) PAYMENTS TO CUSTOMERS.—After receipt of a written statement of claim pursuant to subsection (a)(2), the trustee shall promptly discharge, in accordance with the provisions of this section, all obligations of the debtor to a customer relating to, or net equity claims based upon, securities or cash, by the delivery of securities or the making of payments to or for the account of such customer (subject to the provisions of subsection (d) and section 9(a)) insofar as such obligations are ascertainable from the books and records of the debtor or are otherwise established to the satisfaction of the trustee. For purposes of distributing securities to customers, all securities shall be valued as of the close of business on the filing date. For purposes of this subsection, the court shall, among other things—

"(1) with respect to net equity claims, authorize the trustee to satisfy claims out of moneys made available to the trustee by SIPC notwithstanding the fact that there has not been any showing or determination that there are sufficient funds of the debtor available to satisfy such claims; and

"(2) with respect to claims relating to, or net equities based upon, securities of a class and series of an issuer which are ascertainable from the books and records of the debtor or are otherwise established to the satisfaction of the trustee, authorize the trustee to deliver securities of such class and series if and to the extent available to satisfy such claims in whole or in part, with partial deliveries to be made pro rata to the greatest extent considered practicable by the trustee.

Any payment or delivery of property pursuant to this subsection may be conditioned upon the trustee requiring claimants to execute, in a form to be determined by the trustee, appropriate receipts, supporting affidavits, releases, and assignments, but shall be without prejudice to any right of a claimant to file formal proof of claim within the period specified in subsection (a)(3) for any balance of securities or cash to which such claimant considers himself entitled.

"(c) CUSTOMER RELATED PROPERTY.—

"(1) ALLOCATION OF CUSTOMER PROPERTY.—The trustee shall allocate customer property of the debtor as follows:

"(A) first, to SIPC in repayment of advances made by SIPC pursuant to section 9(c)(1), to the extent such

advances recovered securities which were apportioned to customer property pursuant to section 6(d);

Ante, p. 259.

"(B) second, to customers of such debtor, who shall share ratably in such customer property on the basis and to the extent of their respective net equities;

"(C) third, to SIPC as subrogee for the claims of customers;

"(D) fourth, to SIPC in repayment of advances made by SIPC pursuant to section 9(c)(2).

Any customer property remaining after allocation in accordance with this paragraph shall become part of the general estate of the debtor. To the extent customer property and SIPC advances pursuant to section 9(a) are not sufficient to pay or otherwise satisfy in full the net equity claims of customers, such customers shall be entitled, to the extent only of their respective unsatisfied net equities, to participate in the general estate as unsecured creditors. For purposes of allocating customer property under this paragraph, securities to be delivered in payment of net equity claims for securities of the same class and series of an issuer shall be valued as of the close of business on the filing date.

"(2) DELIVERY OF CUSTOMER NAME SECURITIES.—The trustee shall deliver customer name securities to or on behalf of a customer of the debtor entitled thereto if the customer is not indebted to the debtor. If the customer is so indebted, such customer may, with the approval of the trustee, reclaim customer name securities upon payment to the trustee, within such period of time as the trustee determines, of all indebtedness of such customer to the debtor.

"(3) RECOVERY OF TRANSFERS.—Whenever customer property is not sufficient to pay in full the claims set forth in subparagraphs (A) through (D) of paragraph (1), the trustee may recover any property transferred by the debtor which, except for such transfer, would have been customer property if and to the extent that such transfer is voidable or void under the provisions of the Bankruptcy Act. Such recovered property shall be treated as customer property. For purposes of such recovery, the property so transferred shall be deemed to have been the property of the debtor and, if such transfer was made to a customer or for his benefit, such customer shall be deemed to have been a creditor, the laws of any State to the contrary notwithstanding.

Post, p. 2549.

"(d) PURCHASE OF SECURITIES.—The trustee shall, to the extent that securities can be purchased in a fair and orderly market, purchase securities as necessary for the delivery of securities to customers in satisfaction of their claims for net equities based on securities under section 7(b)(1) and for the transfer of customer accounts under subsection (f), in order to restore the accounts of such customers as of the filing date. To the extent consistent with subsection (c), customer property and moneys advanced by SIPC may be used by the trustee to pay for securities so purchased. Moneys advanced by SIPC for each account of a separate customer may not be used to purchase securities to the extent that the aggregate value of such securities on the filing date exceeded the amount permitted to be advanced by SIPC under the provisions of section 9(a).

"(e) CLOSEOUTS.—

"(1) IN GENERAL.—Any contract of the debtor for the purchase or sale of securities in the ordinary course of its business with other brokers or dealers which is wholly executory on the filing date shall not be completed by the trustee, except to the extent permitted by SIPC rule. Upon the adoption by SIPC of rules with respect to the closeout of such a contract but prior to the adoption of rules with respect to the completion of such a contract, the other broker or dealer shall close out such contract, without unnecessary delay, in the best available market and pursuant to such SIPC rules. Until such time as SIPC adopts rules with respect to the completion or closeout of such a contract, such a contract shall be closed out in accordance with Commission Rule S6(d)-1 as in effect on the date of enactment of this section, or any comparable rule of the Commission subsequently adopted, to the extent not inconsistent with the provisions of this subsection.

"(2) NET PROFIT OR LOSS.—A broker or dealer shall net all profits and losses on all contracts closed out under this subsection and—

"(A) if such broker or dealer shows a net profit on such contracts, he shall pay such net profit to the trustee; and

"(B) if such broker or dealer sustains a net loss on such contracts, he shall be entitled to file a claim against the debtor with the trustee in the amount of such net loss.

To the extent that a net loss sustained by a broker or dealer arises from contracts pursuant to which such broker or dealer was acting for its own customer, such broker or dealer shall be entitled to receive funds advanced by SIPC to the trustee in the amount of such loss, except that such broker or dealer may not receive more than $40,000 for each separate customer with respect to whom it sustained a loss. With respect to a net loss which is not payable under the preceding sentence from funds advanced by SIPC, the broker or dealer shall be entitled to participate in the general estate as an unsecured creditor.

"(3) REGISTERED CLEARING AGENCIES.—Neither a registered clearing agency which by its rules has an established procedure for the closeout of open contracts between an insolvent broker or dealer and its participants, nor its participants to the extent such participants' claims are or may be processed within the registered clearing agency, shall be entitled to receive SIPC funds in payment of any losses on such contracts, except as SIPC may otherwise provide by rule. If such registered clearing agency or its participants sustain a net loss on the closeout of such contracts with the debtor, they shall have the right to participate in the general estate as unsecured creditors to the extent of such loss. Any funds or other property owed to the debtor, after the closeout of such contracts, shall be promptly paid to the trustee. Rules adopted by SIPC under this paragraph shall provide that in no case may a registered clearing agency or its participants, to the extent such participants' claims are or may be processed within the registered clearing agency, be entitled to receive funds advanced by SIPC in an amount greater, in the aggregate, than could be received by the participants if such participants proceeded individually under paragraphs (1) and (2).

"(4) DEFINITION.—For purposes of this subsection, the term 'customer' does not include any person who—

"(A) is a broker or dealer;

"(B) had a claim for cash or securities which by contract, agreement, or understanding, or by operation of law, was part of the capital of the claiming broker or dealer or was subordinated to the claims of any or all creditors of such broker or dealer; or

"(C) had a relationship of the kind specified in section 9(a)(5) with the debtor.

A claiming broker or dealer shall be deemed to have been acting on behalf of its customer if it acted as agent for such customer or if it held such customer's order which was to be executed as a part of its contract with the debtor.

"(f) TRANSFER OF CUSTOMER ACCOUNTS.—In order to facilitate the prompt satisfaction of customer claims and the orderly liquidation of the debtor, the trustee may, pursuant to terms satisfactory to him and subject to the prior approval of SIPC, sell or otherwise transfer to another member of SIPC, without consent of any customer, all or any part of the account of a customer of the debtor. In connection with any such sale or transfer to another member of SIPC and subject to the prior approval of SIPC, the trustee may—

"(1) waive or modify the need to file a written statement of claim pursuant to subsection (a)(2); and

"(2) enter into such agreements as the trustee considers appropriate under the circumstances to indemnify any such member of SIPC against shortages of cash or securities in the customer accounts sold or transferred.

The funds of SIPC may be made available to guarantee or secure any indemnification under paragraph (2). The prior approval of SIPC to such indemnification shall be conditioned, among such other standards as SIPC may determine, upon a determination by SIPC that the probable cost of any such indemnification can reasonably be expected not to exceed the cost to SIPC of proceeding under section 9(a) and section 9(b).

"SEC. 9. SIPC ADVANCES. 15 USC 78fff-3.

"(a) ADVANCES FOR CUSTOMERS' CLAIMS.—In order to provide for prompt payment and satisfaction of net equity claims of customers of the debtor, SIPC shall advance to the trustee such moneys, not to exceed $100,000 for each customer, as may be required to pay or otherwise satisfy claims for the amount by which the net equity of each customer exceeds his ratable share of customer property, except that—

"(1) if all or any portion of the net equity claim of a customer in excess of his ratable share of customer property is a claim for cash, as distinct from a claim for securities, the amount advanced to satisfy such claim for cash shall not exceed $40,000 for each such customer;

"(2) a customer who holds accounts with the debtor in separate capacities shall be deemed to be a different customer in each capacity;

"(3) if all or any portion of the net equity claim of a customer in excess of his ratable share of customer property is satisfied by the delivery of securities purchased by the trustee pursuant to section 8(d), the securities so purchased shall be valued as of the filing date for purposes of applying the dollar limitations of this subsection;

"(4) no advance shall be made by SIPC to the trustee to pay or otherwise satisfy, directly or indirectly, any net equity claim of a customer who is a general partner, officer, or director of the debtor, a beneficial owner of five per centum or more of any class of equity security of the debtor (other than a nonconvertible stock having fixed preferential dividend and liquidation rights), a limited partner with a participation of five per centum or more in the net assets or net profits of the debtor, or a person who, directly or indirectly and through agreement or otherwise, exercised or had the power to exercise a controlling influence over the management or policies of the debtor; and

"(5) no advance shall be made by SIPC to the trustee to pay or otherwise satisfy any net equity claim of any customer who is a broker or dealer or bank, other than to the extent that it shall be established to the satisfaction of the trustee, from the books and records of the debtor or from the books and records of a broker or dealer or bank, or otherwise, that the net equity claim of such broker or dealer or bank against the debtor arose out of transactions for customers of such broker or dealer or bank (which customers are not themselves a broker or dealer or bank or a person described in paragraph (4)), in which event each such customer of such broker or dealer or bank shall be deemed a separate customer of the debtor.

To the extent moneys are advanced by SIPC to the trustee to pay or otherwise satisfy the claims of customers, in addition to all other rights it may have at law or in equity, SIPC shall be subrogated to the claims of such customers with the rights and priorities provided in this Act, except that SIPC as subrogee may assert no claim against customer property until after the allocation thereof to customers as provided in section 8(c).

"(b) OTHER ADVANCES.—SIPC shall advance to the trustee—

"(1) such moneys as may be required to carry out section 8(e); and

"(2) to the extent the general estate of the debtor is not sufficient to pay any and all costs and expenses of administration of the estate of the debtor and of the liquidation proceeding, the amount of such costs and expenses.

"(c) DISCRETIONARY ADVANCES.—SIPC may advance to the trustee such moneys as may be required to—

"(1) pay or guarantee indebtedness of the debtor to a bank, lender, or other person under section 7(b)(2);

"(2) guarantee or secure any indemnity under section 8(f); and

"(3) purchase securities under section 8(d).

15 USC 78fff-4.

"SEC. 10. DIRECT PAYMENT PROCEDURE.

"(a) DETERMINATION REGARDING DIRECT PAYMENTS.—If SIPC determines that—

"(1) any member of SIPC (including a person who was a member within one hundred eighty days prior to such determination) has failed or is in danger of failing to meet its obligations to customers;

15 USC 78eee.

"(2) one or more of the conditions specified in section 5(b)(1) exist with respect to such member;

"(3) the claim of each customer of the member is within the limits of protection provided in section 9(a);

"(4) the claims of all customers of the member aggregate less than $250,000;

"(5) the cost to SIPC of satisfying customer claims under this section will be less than the cost under a liquidation proceeding; and

"(6) such member's registration as a broker-dealer under section 15(b) of the 1934 Act has been terminated, or such member has consented to the use of the direct payment procedure set forth in this section, 15 USC 78o.

SIPC may, in its discretion, use the direct payment procedure set forth in this section in lieu of instituting a liquidation proceeding with respect to such member.

"(b) NOTICE.—Promptly after a determination under subsection (a) that the direct payment procedure is to be used with respect to a member, SIPC shall cause notice of such direct payment procedure to be published in one or more newspapers of general circulation in a form and manner determined by SIPC, and at the same time shall cause to be mailed a copy of such notice to each person who appears, from the books and records of such member, to have been a customer of the member with an open account within the past twelve months, to the address of such person as it appears from the books and records of such member. Such notice shall state that SIPC will satisfy customer claims directly, without a liquidation proceeding, and shall set forth the form and manner in which claims may be presented. A direct payment procedure shall be deemed to commence on the date of first publication under this subsection and no claim by a customer shall be paid or otherwise satisfied by SIPC unless received within the six-month period beginning on such date, except that SIPC shall, upon application within such period, and for cause shown, grant a reasonable, fixed extension of time for the filing of a claim by the United States, by a State or political subdivision thereof, or by an infant or incompetent person without a guardian. "(c) PAYMENTS TO CUSTOMERS.—SIPC shall promptly satisfy all obligations of the member to each of it customers relating to, or net equity claims based upon, securities or cash by the delivery of securities or the effecting of payments to such customer (subject to the provisions of section 8(d) and section 9(a)) insofar as such obligations are ascertainable from the books and records of the member or are otherwise established to the satisfaction of SIPC. For purposes of distributing securities to customers, all securities shall be valued as of the close of business on the date of publication under subsection (b). Any payment or delivery of securities pursuant to this section may be conditioned upon the execution and delivery, in a form to be determined by SIPC, of appropriate receipts, supporting affidavits, releases, and assignments. To the extent moneys of SIPC are used to satisfy the claims of customers, in addition to all other rights it may have at law or in equity, SIPC shall be subrogated to the claims of such customers against the member.

"(d) EFFECT ON CLAIMS.—Except as otherwise provided in this section, nothing in this section shall limit the right of any person, including any subrogee, to establish by formal proof or otherwise such claims as such person may have against the member, including claims for the payment of money and the delivery of specific securities, without resort to moneys of SIPC.

"(e) JURISDICTION OF DISTRICT COURTS.—After SIPC has published notice of the institution of a direct payment procedure under this section, any person aggrieved by any determination of SIPC with respect to his claim under subsection (c) may, within six months following mailing by SIPC of its determination with respect to such claim, seek a final adjudication of such claim. The district courts of the United States shall have original and exclusive jurisdiction of any civil action for the adjudication of such claim, without regard to the citizenship of the parties or the amount in controversy. Any such action shall be brought in the judicial district where the head office of the debtor is located. Any determination of the rights of a customer under subsection (c) shall not prejudice any other right or remedy of the customer against the member.

"(f) DISCONTINUANCE OF DIRECT PAYMENT PROCEDURES.—If, at any time after the institution of a direct payment procedure with respect to a member, SIPC determines, in its discretion, that continuation of such direct payment procedure is not appropriate, SIPC may cease such direct payment procedure and, upon so doing, may seek a protective decree pursuant to section 5. To the extent payments of cash, distributions of securities, or determinations with respect to the validity of a customer's claim are made under this section, such payments, distributions, and determinations shall be recognized and given full effect in the event of any subsequent liquidation proceeding. Any action brought under subsection (e) and pending at the time of the appointment of a trustee under section 5(b)(3) shall be permanently stayed by the court at the time of such appointment, and the court shall enter an order directing the transfer or removal to it of such suit. Upon such removal or transfer the complaint in such action shall constitute the plaintiff's claim in the liquidation proceeding, if appropriate, and shall be deemed received by the trustee on the date of his appointment regardless of the date of actual transfer or removal of such action.

15 USC 78eee.

"(g) REFERENCES.—For purposes of this section, any reference to the trustee in sections 7(b)(1), 8(d), 8(f), 9(a), 16(5) and 16(12) shall be deemed a reference to SIPC, and any reference to the date of publication of notice under section 8(a) shall be deemed a reference to the publication of notice under this section.".

Social Security Act, expenditure reimbursement. Appropriation authorization. 42 USC 1397a note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) there is authorized to be appropriated for the fiscal year which ends on September 30, 1979, not to exceed $543,000,000, to remain available until expended, to enable the Secretary of the Treasury to pay to any State the amount determined by the Secretary of Health, Education, and Welfare (hereinafter in this Act referred to as the "Secretary"), in accordance with the succeeding provisions of this Act, to be payable to the State in settlement of the unpaid claim of the State against the United States for reimbursement of expenditures made by the State prior to October 1, 1975, with respect to services (and related administrative costs) which the State asserts were provided (or incurred) under an approved State plan pursuant to title I, IV-A, VI, X, XIV, or XVI of the Social Security Act.

42 USC 301, 601, 801 note, 1201 note, 1351 note, 1381. "Unpaid claim."

(b) For purposes of this Act, the term "unpaid claim" of any State means (subject to the succeeding sentence) the total amount of Federal reimbursement for expenditures of the type specified in subsection (a) which has not been paid to such State prior to the date of enactment of this Act. In determining such total amount in the case of any State, any portion thereof attributable to expenditures made in any fiscal year with respect to which the provisions of section 1130 of the Social Security Act (as then in effect) were applicable shall be reduced (but not below zero) by the excess (if any) of (1) the aggregate of the portion of such total amount attributable to expenditures made in such year and the total amount of the Federal reimbursement paid prior to the date of enactment of this Act to such State with respect to expenditures made in such year, over (2) the State's allotment determined under such section 1130 for such year.

42 USC 1320b note.

42 USC 1397a note.

SEC. 2. (a) In the case of that portion of the unpaid claim of a State that the Secretary determines was asserted against the United States, in the form and manner prescribed by the Secretary with respect to the filing of claims under titles I, IV-A, VI, X, XIV, and XVI of the Social Security Act, prior to April 1, 1977, the Secretary shall certify to the Secretary of the Treasury for payments to the State the sum of—

42 USC 301, 601, 801 note, 1201 note, 1351 note, 1381.

(1) an amount equal to 38 percent of so much of such portion as does not exceed $50,000,000;

(2) an amount equal to 35 percent of so much of such portion as exceeds $50,000,000 but does not exceed $150,000,000; and

(3) an amount equal to 21 percent of so much of such portion as exceeds $150,000,000;

except that the percentage specified in paragraph (1) shall be 58 percent and the percentage specified in paragraph (2) shall be 50 percent in the case of a State if the portion of the unpaid claim of such State referred to in the preceding provisions of this subsection equals or exceeds 85 percent of the sum of (A) such portion and (B) the

total amount of Federal reimbursement for expenditures of the type specified in the first section of this Act which has been paid to such State prior to the date of enactment of this Act but with respect to which formal steps have been initiated by the Secretary to recover such reimbursement.

(b)(1) In the case of the portion of the unpaid claims of a State that the Secretary determines meets the requirements of subsection (a), except that the claim was asserted, in the form and manner prescribed by the Secretary, on or after April 1, 1977, but prior to the ninety-first day following the date upon which this Act is enacted, the Secretary shall certify to the Secretary of the Treasury for payment to the State, subject to paragraph (2), an amount equal to 15 percent of so much of such portion as he finds to be for the provision of services that he finds the State provided and for which he has not provided reimbursement, but the expenditures for which were reimbursable under title I, IV–A, VI, X, XIV, or XVI of the Social Security Act prior to April 1, 1977, or, if not services the expenditures for which were reimbursable, are services of a similar kind and are not otherwise reimbursable under this Act. 42 USC 301, 601, 801 note, 1201 note, 1351 note, 1381.

(2) The Secretary may not certify for payment to any State under the authority of this subsection an aggregate amount that exceeds 5 percent of that State's allotment for the fiscal year 1973 of social service funds under titles I, IV–A, X, XIV, and XVI of the Social Security Act, as determined in accordance with section 1130(b) of such Act, less the amount certified for payment to the State under subsection (a) of this section. 42 USC 1320b note.

(3) The Secretary shall have no authority, by regulations or otherwise, to extend the time period specified in paragraph (1) or to waive the time limit for assertion of a claim.

SEC. 3. (a) Except with respect to amounts paid by the Secretary to a State prior to April 1, 1977, no State is entitled to reimbursement of expenditures described by the first section of this Act, except as provided by this Act. 42 USC 1397a note.

(b) Neither the Secretary nor any other official of the Federal Government may seek to recover any amount paid to a State prior to April 1, 1977, or pursuant to this Act, as reimbursement of expenditures made by the State of the type described by the first section of this Act.

SEC. 4. (a) The Secretary is authorized to enter into agreements with any State in accordance with the provisions of this Act, and agreements entered into prior to the enactment of this Act, to the extent not inconsistent with the terms hereof, shall have the same force and effect as agreements entered into subsequent to enactment of this Act. (b) In the absence of an agreement, a State dissatisfied with a determination by the Secretary under this Act may, by application to the Secretary within 60 days after the date of notice to the State of that determination, obtain the Secretary's review of that determination. If the application requests a hearing, the Secretary shall conduct a hearing after reasonable notice to the State, and shall, on the basis of evidence adduced at the hearing, affirm, modify, or reverse his determination. If the Secretary does not preside at the reception of the evidence at the hearing, the decision of the presiding official or body shall be the decision of the Secretary. Notice and hearing.

Jurisdiction.

(c) No court of the United States has jurisdiction to entertain any action seeking the review of any determination or finding of the Secretary under this Act, or otherwise seeking to compel a determination by the Secretary to certify for payment any claim described by the first section of this Act; except that the appropriate district court shall have jurisdiction over any action seeking enforcement of an agreement of the kind referred to in subsection (a).

42 USC 1397a note.

SEC. 5. (a) Amounts appropriated under the first section of this Act shall be first applied in settlement of the portions of unpaid claims described in section 2(a). If, after that payment, the amounts remaining are insufficient to pay the amounts established by section 2(b) with respect to the portions of unpaid claims asserted under section 2(b), the Secretary shall certify for payment with respect to each such portion an amount that bears the same relationship to that portion as the total of such remaining available amounts bears to the total of all portions of unpaid claims asserted under section 2(b).

(b) A reduction effected by subsection (a) of this section in the amount payable to a State under section 2(b) does not give rise to an entitlement of the State to the difference between the amount payable under section 2(b) (without regard to subsection (a) of this section) and the amount payable under section 2(b) after application of subsection (a) of this section.

(c) In the event that the amount appropriated pursuant to the first section of this Act exceeds the payable portions of unpaid claims under subsections (a) and (b) of section 2, the amount paid to any State receiving a payment computed with respect to paragraph (3) of section 2(a) shall be increased (to the extent of such excess) by an amount equal to the difference between the amount it received under section 2(a) and the amount it would have so received if the percentage in such paragraph had been 25 percent.

42 USC 1397a note.

SEC. 6. The Secretary of the Treasury shall pay to each State, out of amounts appropriated pursuant to the first section of this Act, all amounts certified by the Secretary as payable to that State under the terms of this Act.

"(C) Such regulations, in the case of services furnished by proprietary providers and facilities may include, if the Secretary finds it feasible and appropriate, provision for recognition of a reasonable rate of return on equity capital, providing such rate of return does not exceed the rate of return stipulated in section 1861(v)(1)(B).

"(D) For purposes of section 1878, a renal dialysis facility shall be treated as a provider of services. 42 USC 1395oo.

"(3) With respect to payments for physicians' services furnished to individuals determined to have end-stage renal disease, the Secretary shall pay 80 percent of the amounts calculated for such services—

"(A) on a reasonable charge basis (but may, in such case, make payment on the basis of the prevailing charges of other physicians for comparable services) except that payment may not be made under this subparagraph for routine services furnished during a maintenance dialysis episode, or

"(B) on a comprehensive monthly fee or other basis for an aggregate of services provided over a period of time (as defined in regulations).

Agreements.

"(4) Pursuant to agreements with approved providers of services and renal dialysis facilities, the Secretary may make payments to such providers and facilities for the cost of home dialysis supplies and equipment and self-care home dialysis support services furnished to patients whose self-care home dialysis is under the direct supervision of such provider or facility, on the basis of a target reimbursement rate (as defined in paragraph (6)).

"(5) An agreement under paragraph (4) shall require, in accordance with regulations prescribed by the Secretary, that the provider or facility will—

"(A) assume full responsibility for directly obtaining or arranging for the provision of—

"(i) such medically necessary dialysis equipment as is prescribed by the attending physician;

"(ii) dialysis equipment maintenance and repair services;

"(iii) the purchase and delivery of all necessary medical supplies; and

"(iv) where necessary, the services of trained home dialysis aides;

Records.

"(B) perform all such administrative functions and maintain such information and records as the Secretary may require to verify the transactions and arrangements described in subparagraph (A);

"(C) submit such cost reports, data, and information as the Secretary may require with respect to the costs incurred for equipment, supplies, and services furnished to the facility's home dialysis patient population; and

"(D) provide for full access for the Secretary to all such records, data, and information as he may require to perform his functions under this section.

Target reimbursement rate.

"(6) The Secretary shall establish, for each calendar year, commencing with January 1, 1979, a target reimbursement rate for home dialysis which shall be adjusted for regional variations in the cost of providing home dialysis. In establishing such a rate, the Secretary shall include—

"(A) the Secretary's estimate of the cost of providing medically necessary home dialysis supplies and equipment;

"(B) an allowance, in an amount determined by the Secretary, to cover the cost of providing personnel to aid in home dialysis; and

"(C) an allowance, in an amount determined by the Secretary, to cover administrative costs and to provide an incentive for the efficient delivery of home dialysis;

but in no event shall such target rate exceed 70 percent of the national average payment, adjusted for regional variations, for maintenance dialysis services furnished in approved providers and facilities during the preceding fiscal year. Any such target rate so established shall be utilized, without renegotiation of the rate, throughout the calendar year for which it is established. During the last quarter of each calendar year, the Secretary shall establish a home dialysis target reimbursement rate for the next calendar year based on the most recent data available to the Secretary at the time. In establishing any rate under this paragraph, the Secretary may utilize a competitive-bid procedure, a prenegotiated rate procedure, or any other procedure

which the Secretary determines is appropriate and feasible in order to carry out this paragraph in an effective and efficient manner.

"(7) For purposes of this title, the term 'home dialysis supplies and equipment' means medically necessary supplies and equipment (including supportive equipment) required by an individual suffering from end-stage renal disease in connection with renal dialysis carried out in his home (as defined in regulations), including obtaining, installing, and maintaining such equipment. Definitions.

"(8) For purposes of this title, the term 'self-care home dialysis support services', to the extent permitted in regulation, means—

"(C) testing and appropriate treatment of the water; and

"(D) such additional supportive services as the Secretary finds appropriate and desirable.

"(9) For purposes of this title, the term 'self-care dialysis unit' means a renal dialysis facility or a distinct part of such facility or of a provider of services, which has been approved by the Secretary to make self-dialysis services, as defined by the Secretary in regulations, available to individuals who have been trained for self-dialysis. A self-care dialysis unit must, at a minimum, furnish the services, equipment and supplies needed for self-care dialysis, have patient-staff ratios which are appropriate to self-dialysis (allowing for such appropriate lesser degree of ongoing medical supervision and assistance of ancillary personnel than is required for full care maintenance dialysis), and meet such other requirements as the Secretary may prescribe with respect to the quality and cost-effectiveness of services.

"(c)(1)(A) For the purpose of assuring effective and efficient administration of the benefits provided under this section, the Secretary shall establish, in accordance with such criteria as he finds appropriate, renal disease network areas, such network organizations (including a coordinating council, an executive committee of such council, and a medical review board, for each network area) as he finds necessary to accomplish such purpose, and a national end stage renal disease medical information system. The Secretary may by regulations provide for such coordination of network planning and quality assurance activities and such exchange of data and information among agencies with responsibilities for health planning and quality assurance activities under Federal law as is consistent with the economical and efficient administration of this section and with the responsibilities established for network organizations under this section. Network organizations. Regulations.

"(B) At least one patient representative shall serve as a member of each coordinating council and executive committee.

"(C) The Secretary shall, in regulations, prescribe requirements with respect to membership in network organizations by individuals (and the relatives of such individuals) (i) who have an ownership or control interest in a facility or provider which furnishes services referred to in section 1861(s)(2)(F), or (ii) who have received remuneration from any such facility or provider in excess of such amounts as constitute reasonable compensation for services (including time and effort relative to the provision of professional medical services) or goods supplied to such facility or provider; and such requirements shall provide for the definition, disclosure, and, to the maximum Regulations. 42 USC 1395x. "(2) The network organizations of each network shall be responsible, in addition to such other duties and functions as may be prescribed by the Secretary, for—

"(A) encouraging, consistent with sound medical practice, the use of those treatment settings most compatible with the successful rehabilitation of the patient;

Criteria and standards.

"(B) developing criteria and standards relating to the quality and appropriateness of patient care; and network goals with respect to the placement of patients in self-care settings and undergoing or preparing for transplantation;

"(C) evaluating the procedure by which facilities and providers in the network assess the appropriateness of patients for proposed treatment modalities;

"(D) identifying facilities and providers that are not cooperating toward meeting network goals and assisting such facilities and providers in developing appropriate plans for correction; and

Annual report to Secretary of Health, Education, and Welfare.

"(E) submitting an annual report to the Secretary on July 1 of each year which shall include a full statement of the network's goals, data on the network's performance in meeting its goals (including data on the comparative performance of facilities and providers with respect to the identification and placement of suitable candidates in self-care settings and transplantation), identification of those facilities that have consistently failed to cooperate with network goals, and recommendations with respect to the need for additional or alternative services or facilities in the network in order to meet the network goals, including self-dialysis training, transplantation, and organ procurement facilities.

"(3) Where the Secretary determines, on the basis of the data contained in the network's annual report and such other relevant data as may be available to him, that a facility or provider has consistently failed to cooperate with network plans and goals, he may terminate or withhold certification of such facility or provider (for purposes of payment for services furnished to individuals with end stage renal disease) until he determines that such provider or facility is making reasonable and appropriate efforts to cooperate with the network's plans and goals.

"(4) The Secretary shall, in determining whether to certify additional facilities or expansion of existing facilities within a network, take into account the network's goals and performance as reflected in the network's annual report.

Guidelines.

"(5) The Secretary, after consultation with appropriate professional and planning organizations, shall provide such guidelines with respect to the planning and delivery of renal disease services as are necessary to assist network organizations in their development of their respective networks' goals to promote the optimum use of self-dialysis and transplantation by suitable candidates for such modalities.

"(6) It is the intent of the Congress that the maximum practical number of patients who are medically, socially, and psychologically suitable candidates for home dialysis or transplantation should be so treated. The Secretary shall consult with appropriate professional and network organizations and consider available evidence relating to developments in research, treatment methods, and technology for home dialysis and transplantation. The Secretary shall periodically submit to the Congress such legislative recommendations as the Secretary finds

Report to Congress.

warranted on the basis of such consultation and evidence to further the national objective of maximizing the use of home dialysis and transplantation consistent with good medical practice.

"(d) Notwithstanding any provision to the contrary in section 226 any individual who donates a kidney for transplant surgery shall be entitled to benefits under parts A and B of this title with respect to such donation. Reimbursement for the reasonable expenses incurred by such an individual with respect to a kidney donation shall be made (without regard to the deductible, premium, and coinsurance provisions of this title), in such manner as may be prescribed by the Secretary in regulations, for all reasonable preparatory, operation, and postoperation recovery expenses associated with such donation, including but not limited to the expenses for which payment could be made if he were an eligible individual for purposes of parts A and B of this title without regard to this subsection. Payments for postoperation recovery expenses shall be limited to the actual period of recovery.

Regulations.

"(e)(1) Notwithstanding any other provision of this title, the Secretary may, pursuant to agreements with approved providers of services and renal dialysis facilities, reimburse such providers and facilities (without regard to the deductible and coinsurance provisions of this title) for the reasonable cost of the purchase, installation, maintenance and reconditioning for subsequent use of artificial kidney and automated dialysis peritoneal machines (including supportive equipment) which are to be used exclusively by entitled individuals dialyzing at home.

Agreements.

"(2) An agreement under this subsection shall require that the provider or facility will—

"(A) make the equipment available for use only by entitled individuals dialyzing at home;

"(B) recondition the equipment, as needed, for reuse by such individuals throughout the useful life of the equipment, including modification of the equipment consistent with advances in research and technology;

"(C) provide for full access for the Secretary to all records and information relating to the purchase, maintenance, and use of the equipment; and

"(D) submit such reports, data, and information as the Secretary may require with respect to the cost, management, and use of the equipment.

"Supportive equipment."

"(f)(1) The Secretary shall initiate and carry out, at selected locations in the United States, pilot projects under which financial assistance in the purchase of new or used durable medical equipment for renal dialysis is provided to individuals suffering from end stage renal disease at the time home dialysis is begun, with provision for a trial period to assure successful adaptation to home dialysis before the actual purchase of such equipment.

Experiments and pilot projects.

"(2) The Secretary shall conduct experiments to evaluate methods for reducing the costs of the end stage renal disease program. Such experiments shall include (without being limited to) reimbursement for nurses and dialysis technicians to assist with home dialysis, and reimbursement to family members assisting with home dialysis.

"(3) The Secretary shall conduct experiments to evaluate methods of dietary control for reducing the costs of the end stage renal disease program, including (without being limited to) the use of protein-

controlled products to delay the necessity for, or reduce the frequency of, dialysis in the treatment of end stage renal disease.

Studies.

"(4) The Secretary shall conduct a comprehensive study of methods for increasing public participation in kidney donation and other organ donation programs.

"(5) The Secretary shall conduct a full and complete study of the reimbursement of physicians for services furnished to patients with end stage renal disease under this title, giving particular attention to the range of payments to physicians for such services, the average amounts of such payments, and the number of hours devoted to furnishing such services to patients at home, in renal disease facilities, in hospitals, and elsewhere.

"(6) The Secretary shall conduct a study of the number of patients with end stage renal disease who are not eligible for benefits with respect to such disease under this title (by reason of this section or otherwise), and of the economic impact of such noneligibility of such individuals. Such study shall include consideration of mechanisms whereby governmental and other health plans might be instituted or modified to permit the purchase of actuarially sound coverage for the costs of end stage renal disease.

"(7) The Secretary shall conduct a study of the medical appropriateness and safety of cleaning and reusing dialysis filters by home dialysis patients. In such cases in which the Secretary determines that such home cleaning and reuse of filters is a medically sound procedure, the Secretary shall conduct experiments to evaluate such home cleaning and reuse as a method of reducing the costs of the end stage renal disease program.

Reports to Congress.

"(8) The Secretary shall submit to the Congress no later than October 1, 1979, a full report on the experiments conducted under paragraphs (1), (2), (3), and (7). and the studies under paragraphs (4), (5), (6), and (7). SEC. 102. (a) Except as provided in subsection (b) and section 103, no franchisor engaged in the sale, consignment, or distribution of motor fuel in commerce may—

(1) terminate any franchise (entered into or renewed on or after the date of enactment of this Act) prior to the conclusion of the term, or the expiration date, stated in the franchise; or

(2) fail to renew any franchise relationship (without regard to the date on which the relevant franchise was entered into or renewed).

(b)(1) Any franchisor may terminate any franchise (entered into or renewed on or after the date of enactment of this Act) or may fail to renew any franchise relationship, if—

(A) the notification requirements of section 104 are met; and

(B) such termination is based upon a ground described in paragraph (2) or such nonrenewal is based upon a ground described in paragraph (2) or (3).

(2) For purposes of this subsection, the following are grounds for termination of a franchise or nonrenewal of a franchise relationship:

(A) A failure by the franchisee to comply with any provision of the franchise, which provision is both reasonable and of

material significance to the franchise relationship, if the franchisor first acquired actual or constructive knowledge of such failure—

(i) not more than 120 days prior to the date on which notification of termination or nonrenewal is given, if notification is given pursuant to section 104(a); or

(ii) not more than 60 days prior to the date on which notification of termination or nonrenewal is given, if less than 90 days notification is given pursuant to section 104(b)(1).

(B) A failure by the franchisee to exert good faith efforts to carry out the provisions of the franchise, if—

(i) the franchisee was apprised by the franchisor in writing of such failure and was afforded a reasonable opportunity to exert good faith efforts to carry out such provisions; and

(ii) such failure thereafter continued within the period which began not more than 180 days before the date notification of termination or nonrenewal was given pursuant to section 104.

(C) The occurrence of an event which is relevant to the franchise relationship and as a result of which termination of the franchise or nonrenewal of the franchise relationship is reasonable, if such event occurs during the period the franchise is in effect and the franchisor first acquired actual or constructive knowledge of such occurrence—

(i) not more than 120 days prior to the date on which notification of termination or nonrenewal is given, if notification is given pursuant to section 104(a); or

(ii) not more than 60 days prior to the date on which notification of termination or nonrenewal is given, if less than 90 days notification is given pursuant to section 104(b)(1).

(ii) the franchisee is promptly provided with a copy of such agreement, together with the summary statement described in section 104(d); and

(iii) within 7 days after the date on which the franchisee is provided a copy of such agreement, the franchisee has not posted by certified mail a written notice to the franchisor repudiating such agreement.

(E) In the case of any franchise entered into prior to the date of the enactment of this Act and in the case of any franchise entered into or renewed on or after such date (the term of which is 3 years or longer, or with respect to which the franchisee was offered a term of 3 years or longer), a determination made by the franchisor in good faith and in the normal course of business to withdraw from the marketing of motor fuel through retail outlets in the relevant geographic market area in which the marketing premises are located, if—

(i) such determination—

(I) was made after the date such franchise was entered into or renewed, and

(II) was based upon the occurrence of changes in relevant facts and circumstances after such date;

(ii) the termination or nonrenewal is not for the purpose of converting the premises, which are the subject of the franchise, to operation by employees or agents of the franchisor for such franchisor's own account; and

(iii) in the case of leased marketing premises—

(I) the franchisor, during the 180-day period after notification was given pursuant to section 104, either made a bona fide offer to sell, transfer, or assign to the franchisee such franchisor's interests in such premises, or, if applicable, offered the franchisee a right of first refusal of at least 45 days duration of an offer, made by another, to purchase such franchisor's interest in such premises; or

(II) in the case of the sale, transfer, or assignment to another person of the franchisor's interest in such premises in connection with the sale, transfer, or assignment to such other person of the franchisor's interest in one or more other marketing premises, if such other person offers, in good faith, a franchise to the franchisee on terms and conditions which are not discriminatory to the franchisee as compared to franchises then currently being offered by such other person or franchises then in effect and with respect to which such other person is the franchisor.

(B) The receipt of numerous bona fide customer complaints by the franchisor concerning the franchisee's operation of the marketing premises, if—

(i) the franchisee was promptly apprised of the existence and nature of such complaints following receipt of such complaints by the franchisor; and

(C) A failure by the franchisee to operate the marketing premises in a clean, safe, and healthful manner, if the franchisee failed to do so on two or more previous occasions and the franchisor notified the franchisee of such failures.

(D) In the case of any franchise entered into prior to the date of the enactment of this Act (the unexpired term of which, on such date of enactment, is 3 years or longer) and, in the case of any franchise entered into or renewed on or after such date (the term of which was 3 years or longer, or with respect to which the franchisee was offered a term of 3 years or longer), a determina-

tion made by the franchisor in good faith and in the normal course of business, if—

(i) such determination is—

(I) to convert the leased marketing premises to a use other than the sale or distribution of motor fuel,

(II) to materially alter, add to, or replace such premises,

(III) to sell such premises, or

(IV) that renewal of the franchise relationship is likely to be uneconomical to the franchisor despite any reasonable changes or reasonable additions to the provisions of the franchise which may be acceptable to the franchisee;

(ii) with respect to a determination referred to in subclause (II) or (IV), such determination is not made for the purpose of converting the leased marketing premises to operation by employees or agents of the franchisor for such franchisor's own account; and

(iii) in the case of leased marketing premises such franchisor, during the 90-day period after notification was given pursuant to section 104, either—

(I) made a bona fide offer to sell, transfer, or assign to the franchisee such franchisor's interests in such premises; or

(II) if applicable, offered the franchisee a right of first refusal of at least 45-days duration of an offer, made by another, to purchase such franchisor's interest in such premises.

(c) As used in subsection (b)(2)(C), the term "an event which is relevant to the franchise relationship and as a result of which termination of the franchise or nonrenewal of the franchise relationship is reasonable" includes events such as— Definition.

(1) fraud or criminal misconduct by the franchisee relevant to the operation of the marketing premises;

(4) loss of the franchisor's right to grant possession of the leased marketing premises through expiration of an underlying lease, if the franchisee was notified in writing, prior to the commencement of the term of the then existing franchise—

(A) of the duration of the underlying lease, and

(B) of the fact that such underlying lease might expire and not be renewed during the term of such franchise (in the case of termination) or at the end of such term (in the case of nonrenewal);

(5) condemnation or other taking, in whole or in part, of the marketing premises pursuant to the power of eminent domain;

(6) loss of the franchisor's right to grant the right to use the trademark which is the subject of the franchise, unless such loss was due to trademark abuse, violation of Federal or State law, or other fault or negligence of the franchisor, which such abuse, vio-

lation, or other fault or negligence is related to action taken in bad faith by the franchisor;

(7) destruction (other than by the franchisor) of all or a substantial part of the marketing premises;

(8) failure by the franchisee to pay to the franchisor in a timely manner when due all sums to which the franchisor is legally entitled;

(9) failure by the franchisee to operate the marketing premises for—

(10) willful adulteration, mislabeling or misbranding of motor fuels or other trademark violations by the franchisee;

(11) knowing failure of the franchisee to comply with Federal, State, or local laws or regulations relevant to the operation of the marketing premises; and

(12) conviction of the franchisee of any felony involving moral turpitude.

(d) In the case of any termination of a franchise (entered into or renewed on or after the date of enactment of this Act), or in the case of any nonrenewal of a franchise relationship (without regard to the date on which such franchise relationship was entered into or renewed)—

(1) if such termination or nonrenewal is based upon an event described in subsection (c)(5), the franchisor shall fairly apportion between the franchisor and the franchisee compensation, if any, received by the franchisor based upon any loss of business opportunity or good will; and

(2) if such termination or nonrenewal is based upon an event described in subsection (c)(7) and the leased marketing premises are subsequently rebuilt or replaced by the franchisor and operated under a franchise, the franchisor shall, within a reasonable period of time, grant to the franchisee a right of first refusal of the franchise under which such premises are to be operated.

(2) Except as provided in paragraph (3), in any action under subsection (a), the court shall grant a preliminary injunction if— Preliminary injunction.

(A) the franchisee shows—

(i) the franchise of which he is a party has been terminated or the franchise relationship of which he is a party has not been renewed, and

(ii) there exist sufficiently serious questions going to the merits to make such questions a fair ground for litigation; and

(3) Nothing in this subsection prevents any court from requiring the franchisee in any action under subsection (a) to post a bond, in an amount established by the court, prior to the issuance or continuation of any equitable relief.

(4) In any action under subsection (a), the court need not exercise its equity powers to compel continuation or renewal of the franchise relationship if such action was commenced—

(C) to reasonable attorney and expert witness fees to be paid by the franchisor, unless the court determines that only nominal damages are to be awarded to such franchisee, in which case the court, in its discretion, need not direct that such fees be paid by the franchisor.

(2) The question of whether to award exemplary damages and the amount of any such award shall be determined by the court and not by a jury.

(3) In any action under subsection (a), the court may, in its discretion, direct that reasonable attorney and expert witness fees be paid by the franchisee if the court finds that such action is frivolous.

(e)(1) In any action under subsection (a) with respect to a failure of a franchisor to renew a franchise relationship in compliance with the requirements of section 102, the court may not compel a continuation or renewal of the franchise relationship if the franchisor demonstrates to the satisfaction of the court that—

(A) the basis for such nonrenewal is a determination made by the franchisor in good faith and in the normal course of business—

(i) to convert the leased marketing premises to a use other than the sale or distribution of motor fuel,

(ii) to materially alter, add to, or replace such premises,

(iii) to sell such premises,

(B) the requirements of section 104 have been complied with.

(2) The provisions of paragraph (1) shall not affect any right of any franchisee to recover actual damages and reasonable attorney and expert witness fees under subsection (d) if such nonrenewal is prohibited by section 102.

(f) For purposes of this section, the octane rating of any automotive gasoline shall be considered to be certified, displayed, or represented by any person consistent with the rating certified to, or determined by, such person—

(1) in the case of automotive gasoline which consists of a blend of two or more quantities of automotive gasoline of differing octane ratings, only if the rating certified, displayed, or represented by such person is the average of the octane ratings of such quantities, weighted by volume; or

(2) in the case of gasoline which does not consist of such a blend, only if the octane rating such person certifies, displays, or represents is the same as the octane rating of such gasoline certified to, or determined by, such person.

(g) The foregoing provisions of this section shall not apply—

(1) to any representation (by display at the point of sale or by other means) of any characteristics of any automotive gasoline other than its octane rating; or

(h) Any display or representation, with respect to the octane requirement of any motor vehicle, required to be made under any rule prescribed under subsection (d) shall not create an express or implied warranty under State or Federal law that any automotive gasoline the octane rating of which equals or exceeds such octane requirement—

(1) may be used as a fuel in all motor vehicles of the same class as that motor vehicle without knocking; or

(2) may be used as a fuel in such motor vehicle under all operating conditions without knocking.

An Act

To authorize the Secretary of Agriculture to provide cooperative forestry assistance to States and others, and for other purposes.

July 1, 1978
[H.R. 11777]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Cooperative Forestry Assistance Act of 1978".

Cooperative Forestry Assistance Act of 1978.
16 USC 2101 note.

POLICY AND PURPOSE

16 USC 2101.

SEC. 2. (a) Congress finds and declares that—

(1) most of the Nation's productive forest land is in private, State, and local governmental ownership, and the Nation's capacity to produce renewable forest resources is significantly dependent on these non-Federal forest lands;

(2) adequate supplies of timber and other forest resources are essential to the Nation, and adequate supplies are dependent upon efficient methods for establishing, managing, and harvesting trees and processing, marketing, and using wood and wood products;

(3) managed forest lands provide habitats for fish and wildlife, as well as esthetics, outdoor recreation opportunities, and other forest resources;

(4) insects and diseases affecting trees occur and sometimes create emergency conditions on all land, whether Federal or non-Federal, and efforts to prevent and control such insects and diseases often require coordinated action by both Federal and non-Federal land managers;

(5) fires in rural areas threaten human lives, property, and forests and other resources, and Federal-State cooperation in forest fire protection has proven effective and valuable;

(6) trees and forests are of great environmental and economic value to urban areas; and

(7) managed forests contribute to improving the quality, quantity, and timing of water yields, which are of broad benefit to society.

(b) The purpose of this Act is to authorize the Secretary of Agriculture (hereinafter in this Act referred to as the "Secretary"), with respect to non-Federal forest lands, to assist in—

(1) the advancement of forest resources management;

(2) the encouragement of the production of timber;

(3) the prevention and control of insects and diseases affecting trees and forests;

(4) the prevention and control of rural fires;

(5) the efficient utilization of wood and wood residues, including the recycling of wood fiber;

(6) the improvement and maintenance of fish and wildlife habitat; and

(7) the planning and conduct of urban forestry programs.

(c) It is in the national interest for the Secretary to work through and in cooperation with State foresters or equivalent State officials in implementing Federal programs affecting non-Federal forest lands.

(d) This Act shall be deemed to complement the policies and direction set forth in the Forest and Rangeland Renewable Resources Planning Act of 1974.

16 USC 1600 note.

RURAL FORESTRY ASSISTANCE

16 USC 2102.

SEC. 3. (a) Congress finds that—

(1) production of timber on non-Federal forest lands and the efficient processing and use of wood produced on these lands are important in meeting the Nation's demand for wood and wood products;

(2) the Federal Government can assist in increasing timber inventories, improving and maintaining fish and wildlife habitat, and providing other forest resources on non-Federal forest lands; and

(3) Federal assistance in forest resources management on non-Federal forest lands and the utilization of resources from these lands contribute to the economic strength and environmental quality of the Nation, providing many public benefits.

(b) The Secretary is authorized to provide financial, technical, and related assistance to State foresters or equivalent State officials to—

(1) develop genetically improved tree seeds;

(2) procure, produce, and distribute tree seeds and trees for the purpose of establishing forests, windbreaks, shelterbelts, woodlots, and other plantings;

(3) plant tree seeds and trees for the reforestation or afforestation of non-Federal forest lands suitable for the production of timber and other benefits associated with the growing of trees;

(4) plan, organize, and implement measures on non-Federal forest lands, including, but not limited to, thinning, prescribed burning, and other silvicultural practices designed to increase the quantity and improve the quality of trees and other vegetation, fish and wildlife habitat, and water yielded therefrom;

(5) protect or improve soil fertility on non-Federal forest lands and the quality, quantity, and timing of water yields; and

(6) provide technical information, advice, and related assistance to private forest landowners and managers, vendors, forest operators, wood processors, public agencies, and individuals regarding—

(A) the harvesting, processing, and marketing of timber and other forest resources and the marketing and utilization of wood and wood products;

(B) conversion of wood to energy for domestic, industrial, municipal, and other uses;

(C) management planning and treatment of forest land, including, but not limited to, site preparation, reforestation, thinning, prescribed burning, and other silvicultural practices designed to increase the quantity and improve the quality of timber and other forest resources;

(D) protection and improvement of forest soil fertility and the quality, quantity, and timing of water yields; and

(E) the effects of forestry practices on fish and wildlife and their habitats.

Appropriation authorization.

(c) There are hereby authorized to be appropriated annually such sums as may be needed to implement this section.

FORESTRY INCENTIVES

SEC. 4. (a) The Secretary is authorized to develop and implement a forestry incentives program to encourage the development, management, and protection of nonindustrial private forest lands. The purposes of such program shall be to encourage landowners to apply practices that will provide for afforestation of suitable open lands, reforestation of cutover or other nonstocked or understocked forest lands, timber stand improvement practices, including thinning, prescribed burning, and other silvicultural treatments, and forest resources management and protection, so as to provide for the production of timber and other forest resources associated therewith. 16 USC 2103.

(b) For the purposes of this section, the term "private forest land" means land capable of producing crops of industrial wood and owned by any private individual, group, Indian tribe or other native group, association, corporation, or other legal entity. "Private forest land."

(c) Landowners shall be eligible for cost sharing under this program if they own one thousand acres or less of private forest land, except that the Secretary may approve cost sharing with landowners owning more than one thousand acres of such land if significant public benefits will accrue. In no case, however, may the Secretary approve cost sharing with landowners owning more than five thousand acres of private forest land. Cost sharing.

(d) The Secretary shall administer this section in accordance with regulations the Secretary shall develop in consultation with the committee described in section 10(c) of this Act. Regulations issued under title X of the Agricultural Act of 1970, as added by the Agriculture and Consumer Protection Act of 1973, to the extent not inconsistent with the provisions of this section, shall remain in effect until revoked or amended by regulations issued under this subsection. The regulations issued under this subsection shall include guidelines for the administration of this section at the Federal and State levels, and shall identify the measures and activities eligible for cost sharing under this section. Regulations. 16 USC 1501.

(e) Individual forest management plans developed by the landowner in cooperation with and approved by the State forester or equivalent State official shall be the basis for agreements between the landowner and the Secretary under this section. The Secretary shall encourage participating States to use private agencies, consultants, organizations, and firms to the extent feasible for the preparation of individual forest management plans.

(f) In return for the agreement by the landowner, the Secretary shall agree to share the cost of implementing those forestry practices and measures set forth in the agreement for which the Secretary determines that cost sharing is appropriate. The portion of such cost (including labor) to be shared shall be that portion that the Secretary determines is necessary and appropriate to implement the forestry practices and measures under the agreement, but not more than 75 percent of the actual costs incurred by the landowner. The maximum amount any individual may receive annually under the program authorized by this section shall be determined by the Secretary in consultation with the committee described in section 10(c) of this Act.

(g) The Secretary shall, for the purposes of this section, distribute funds available for cost sharing among the States only after assessing the public benefit incident thereto, and after giving appropriate consideration to (1) the acreage of private commerical forest land in Funds, distribution.

each State, (2) the potential productivity of such land, (3) the number of ownerships eligible for cost sharing in each State, (4) the need for reforestation, timber stand improvement, or other forestry investments on such ownerships, and (5) the enhancement of other forest resources.

(h) The Secretary may, if the Secretary determines that doing so will contribute to the effective and equitable administration of the program authorized by this section, use an advertising and bid procedure in determining the lands in any area to be covered by agreements under this section.

(i) In implementing this section, the Secretary may use the authorities provided in sections 1001, 1002, 1003, 1004, and 1008 of the Agricultural Act of 1970, as added by the Agriculture and Consumer Protection Act of 1973.

(c) Operations planned to prevent, retard, control, or suppress insects or diseases affecting forests and trees on land not controlled or administered by the Secretary shall not be conducted without the consent, cooperation, and participation of the entity having ownership of or jurisdiction over the affected land.

(d) No money appropriated to implement this section shall be expended to prevent, retard, control, or suppress insects or diseases affecting trees on non-Federal land until the entity having ownership of or jurisdiction over the affected land contributes, or agrees to contribute, to the work to be done in the amount and in the manner determined by the Secretary.

(e) The Secretary may, in the Secretary's discretition and out of any money appropriated to implement this section, make allocations to Federal agencies having jurisdiction over lands held or owned by the United States in the amounts the Secretary deems necessary to prevent, retard, control, or suppress insect infestations and disease epidemics affecting trees on those lands.

(f) Any money appropriated to implement this section shall be available for necessary expenses. However, no money appropriated to implement this section shall be used to (1) pay the cost of felling and removing dead or dying trees unless the Secretary determines that such actions are necessary to prevent the spread of a major insect infestation or disease epidemic severely affecting trees, or (2) compensate for the value of any property injured, damaged, or destroyed by any cause. The Secretary may procure materials and equipment necessary to prevent, retard, control, or suppress insects and diseases affecting trees without regard to section 3709 of the Revised Statutes, as amended (41 U.S.C. 5), under whatever procedures the Secretary may prescribe, whenever the Secretary deems such action necessary and in the public interest.

An Act

July 11, 1978
[S. 2401]

To amend the Consumer Product Safety Act to establish an interim consumer product safety rule relating to the standards for flame resistance and corrosiveness of certain insulation, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Emergency Interim Consumer Product Safety Standard Act of 1978".

Emergency Interim Consumer Product Safety Standard Act of 1978.
15 USC 2051 note.
15 USC 2082 note.

FINDINGS AND PURPOSE

SEC. 2. (a) The Congress finds that—

(1) existing Federal, State, and local laws and regulations are insufficient to protect the consumer from improperly manufactured cellulose insulation;

(2) an unreasonably large quantity of cellulose insulation is being distributed that does not meet minimum safety standards;

(3) an urgent need exists for the expedited setting of interim mandatory Federal standards for the manufacture of cellulose insulation; and

(4) such standards are reasonably necessary to eliminate or reduce an unreasonable risk of injury to consumers from flammable or corrosive cellulose insulation.

(b) It is the purpose of the Congress in this Act to provide an interim mandatory safety standard for cellulose insulation manufactured for use as a consumer product.

INTERIM CELLULOSE INSULATION SAFETY STANDARD

SEC. 3. (a) The Consumer Product Safety Act (15 U.S.C. 2051 et seq.) is amended by adding at the end thereof the following new section:

"INTERIM CELLULOSE INSULATION SAFETY STANDARD

15 USC 2082.

"SEC. 35. (a)(1) Subject to the provisions of paragraph (2), on and after the last day of the 60-day period beginning on the effective date of this section, the requirements for flame resistance and corrosiveness set forth in the General Services Administration's specification for cellulose insulation, HH-I-515C (as such specification was in effect on February 1, 1978), shall be deemed to be an interim consumer product safety standard which shall have all the authority and effect of any other consumer product safety standard promulgated by the Commission under this Act. During the 45-day period beginning on the effective date of this section, the Commission may make, and shall publish in the Federal Register, such technical, nonsubstantive changes in such requirements as it deems appropriate to make such requirements suitable for promulgation as a consumer product safety standard. At the end of the 60-day period specified in the first sentence of this paragraph, the Commission shall publish in the Federal Register such interim consumer product safety standard, as altered by the Commission under this paragraph.

Regulations.
Publication in Federal Register.

"(2) The interim consumer product safety standard established in paragraph (1) shall provide that any cellulose insulation which is produced or distributed for sale or use as a consumer product shall have a flame spread rating of 0 to 25, as such rating is set forth in the General Services Administration's specification for cellulose insulation, HH-I-515C.

"(3) During the period for which the interim consumer product safety standard established in subsection (a) is in effect, in addition to complying with any labeling requirement established by the Commission under this Act, each manufacturer or private labeler of cellulose insulation shall include the following statement on any container of such cellulose insulation: 'ATTENTION: This material meets the applicable minimum Federal flammability standard. This standard is based upon laboratory tests only, which do not represent actual conditions which may occur in the home'. Such statement shall be located in a conspicuous place on such container and shall appear in conspicuous and legible type in contrast by typography, layout, and color with other printed matter on such container.

"(b) Judicial review of the interim consumer product safety standard established in subsection (a), as such standard is in effect on and after the last day of the 60-day period specified in such subsection, shall be limited solely to the issue of whether any changes made by the Commission under paragraph (1) are technical, nonsubstantive changes. For purposes of such review, any change made by the Commission under paragraph (1) which requires that any test to determine the flame spread rating of cellulose insulation shall include a correction for variations in test results caused by equipment used in the test shall be considered a technical, nonsubstantive change. Judicial review.

"(c)(1)(A) Any interim consumer product safety standard established pursuant to this section shall be enforced in the same manner as any other consumer product safety standard until such time as there is in effect a final consumer product safety standard promulgated by the Commission, as provided in subparagraph (B), or until such time as it is revoked by the Commission under section 9(e). A violation of the interim consumer product safety standard shall be deemed to be a violation of a consumer product safety standard promulgated by the Commission under section 9. 15 USC 2058.

"(B) If the Commission determines that the interim consumer product safety standard does not adequately protect the public from the unreasonable risk of injury associated with flammable or corrosive cellulose insulation, it shall promulgate a final consumer product safety standard to protect against such risk. Such final standard shall be promulgated pursuant to section 553 of title 5, United States Code, except that the Commission shall give interested persons an opportunity for the oral presentation of data, views, or arguments, in addition to an opportunity to make written submissions. A transcript shall be kept of any oral presentation. The provisions of section 9 (b), (c), and (d) shall apply to any proceeding to promulgate such final standard. In any judicial review of such final standard under section 11, the court shall not require any demonstration that each particular finding made by the Commission under section 9(c) is supported by substantial evidence. The court shall affirm the action of the Commission unless the court determines that such action is not supported by substantial evidence on the record taken as a whole. 15 USC 2060.

"(2) (A) Until there is in effect such a final consumer product safety standard, the Commission shall incorporate into the interim consumer product safety standard, in accordance with the provisions of this paragraph, each revision superseding the requirements for flame resistance and corrosiveness referred to in subsection (a) and promulgated by the General Services Administration.

Notice.

"(B) At least 45 days before any revision superseding such requirements is to become effective, the Administrator of the General Services Administration shall notify the Commission of such revision. In the case of any such revision which becomes effective during the period beginning on February 1, 1978, and ending on the effective date of this section, such notice from the Administrator of the General Services Administration shall be deemed to have been made on the effective date of this section.

Regulations.
Publication in Federal Register.

"(C) (i) No later than 45 days after receiving any notice under subparagraph (B), the Commission shall publish the revision, including such changes in the revision as it considers appropriate to make the revision suitable for promulgation as an amendment to the interim consumer product safety standard, in the Federal Register as a proposed amendment to the interim consumer product safety standard.

"(ii) The Commission may extend the 45-day period specified in clause (i) for an additional period of not more than 150 days if the Commission determines that such extension is necessary to study the technical and scientific basis for the revision involved, or to study the safety and economic consequences of such revision.

"(D) (i) Additional extensions of the 45-day period specified in subparagraph (C) (i) may be taken by the Commission if—

"(I) the Commission makes the determination required in subparagraph (C) (ii) with respect to each such extension; and

"(II) in the case of further extensions proposed by the Commission after an initial extension under this clause, such further extensions have not been disapproved under clause (iv).

"(ii) Any extension made by the Commission under this subparagraph shall be for a period of not more than 45 days.

Notice.
Publication in Federal Register.
Report to congressional committees.

"(iii) Prior notice of each extension made by the Commission under this subparagraph, together with a statement of the reasons for such extension and an estimate of the length of time required by the Commission to complete its action upon the revision involved, shall be published in the Federal Register and shall be submitted to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Interstate and Foreign Commerce of the House of Representatives.

"(iv) In any case in which the Commission takes an initial 45-day extension under clause (i), the Commission may not take any further extensions under clause (i) if each committee referred to in clause (iii) disapproves by committee resolution any such further extensions before the end of the 15-day period following notice of such initial extension made by the Commission in accordance with clause (iii).

"(E) The Commission shall give interested persons an opportunity to comment upon any proposed amendment to the interim consumer product safety standard during the 30-day period following any publication by the Commission under subparagraph (C).

"(F) No later than 90 days after the end of the period specified in subparagraph (E), the Commission shall promulgate the amendment to the interim consumer product safety standard unless the Commission determines, after consultation with the Secretary of Energy, that—

"(i) such amendment is not necessary for the protection of consumers from the unreasonable risk of injury associated with flammable or corrosive cellulose insulation; or

"(ii) implementation of such amendment will create an undue burden upon persons who are subject to the interim consumer product safety standard.

"(G) The provisions of section 11 shall not apply to any judicial review of any amendment to the interim product safety standard promulgated under this paragraph. 15 USC 2060.

"(d) Any Federal department, agency, or instrumentality, or any Federal independent regulatory agency, which obtains information which reasonably indicates that cellulose insulation is being manufactured or distributed in violation of this Act shall immediately inform the Commission of such information.

"(e)(1) The Commission, no later than 45 days after the effective date of this section, shall submit a report to the Committee on Commerce, Science, and Transportation of the Senate and to the Committee on Interstate and Foreign Commerce of the House of Representatives which shall contain a detailed statement of the manner in which the Commission intends to carry out the enforcement of this section. Report to congressional committees.

"(2)(A) The Commission, no later than 6 months after the date upon which the report required in paragraph (1) is due (and no later than the end of each 6-month period thereafter), shall submit a report to each committee referred to in paragraph (1) which shall describe the enforcement activities of the Commission with respect to this section during the most recent 6-month period.

"(B) The first report which the Commission submits under subparagraph (A) shall include the results of tests of cellulose insulation manufactured by at least 25 manufacturers which the Commission shall conduct to determine whether such cellulose insulation complies with the interim consumer product safety standard. The second such report shall include the results of such tests with respect to 50 manufacturers who were not included in testing conducted by the Commission for inclusion in the first report.

"(f)(1) The Commission shall have the authority to require that any person required to comply with the certification requirements of section 14 with respect to the manufacture of cellulose insulation shall provide for the performance of any test or testing program required for such certification through the use of an independent third party qualified to perform such test or testing program. The Commission may impose such requirement whether or not the Commission has established a testing program for cellulose insulation under section 14(b). 15 USC 2063.

"(2) The Commission, upon petition by a manufacturer, may waive the requirements of paragraph (1) with respect to such manufacturer if the Commission determines that the use of an independent third party is not necessary in order for such manufacturer to comply with the certification requirements of section 14.

15 USC 2063.
Rules.

"(3) The Commission may prescribe such rules as it considers necessary to carry out the provisions of this subsection.

Appropriation authorization.

"(g) There are authorized to be appropriated, for each of the fiscal years 1978, 1979, 1980, and 1981, such sums as may be necessary to carry out the provisions of this section.".

(1) in paragraph (8) thereof, by striking out "or";

(2) in paragraph (9) thereof, by striking out the period and inserting in lieu thereof "; or"; and

Public Law 95-328
95th Congress

An Act

Relating to the settlement between the United States and the Ak-Chin Indian community of certain water right claims of such community against the United States.

July 28, 1978
[S. 1582]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the Congress hereby declares that it is the policy of Congress to resolve, without costly and lengthy litigation, the claims of the Ak-Chin Indian community for water based upon failure of the United States to meet its trust responsibility to the Indian people provided reasonable settlement can be reached.

Ak-Chin Indians, water right claims.

(b) The Congress hereby finds and declares that—

(1) the Ak-Chin Indian community relies for its economic sustenance on farming, and that ground water, necessary thereto, is declining at a rate which will make it uneconomical to farm within the next few years;

(2) at the time of the settlement of the reservation, it was the obligation and intention of the United States to provide water to the Ak-Chin Indian Reservation, and such obligation remains unfulfilled;

(3) it is likely that the United States would be held liable for its failure to provide water and for allowing ground water beneath the reservation to be mined;

(4) there exists a critical situation at Ak-Chin in that there is not sufficient economically recoverable ground water beneath the reservation to sustain a farming operation until a permanent source of water suitable for irrigation on the reservation can be delivered;

(5) this Act is proposed to settle the Ak-Chin Indian community's claim for water by meeting the emergency needs of the Ak-Chin community through construction of a well field and water delivery system from nearby Federal lands and by obligating the United States to meet the Ak-Chin community's needs for a permanent supply of water in a fixed amount to be available upon a date certain, in exchange for a release of all claims such community has against the United States for failing to act consistently with its trust responsibility to protect and deliver the water resources of the community; and

(6) it is the intention of this Act not to discriminate against any non-Indian landowners or other persons, but to fulfill the historic and legal obligation of the United States toward the Ak-Chin Indian community.

Studies.

SEC. 2. (a) For the purposes of this Act, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall undertake engineering and hydrological studies as may be necessary to determine whether there exists, on Federal lands near the Ak-Chin Indian Reservation, a source of ground water which could be taken, on an annual basis, for use in connection with any contract entered into pursuant to subsection (b) of this section, subject to the provisions in (c) (2).

Report to Congress.

Such studies shall be completed and a report with respect thereto submitted to the Congress within twelve months after the date of the enactment of this Act.

Contracts.

(b) Within one hundred and eighty days following the submission to the Congress of the report referred to in subsection (a), the Secretary, if he determines that there exists a source of ground water which can be so taken on an annual basis, shall enter into a contract or other agreement with the Ak-Chin Indian community pursuant to which the Secretary shall agree, on behalf of the United States, to—

(1) furnish, subject to the provisions of clause (2) of subsection (c) of this section, to the Ak-Chin Indian community, commencing within sixty days following the completion of the necessary facilities under clause (2) of this subsection but in no event later than four years from the date of said contract, the delivery to the southeast corner of the lands comprising the Ak-Chin Indian Reservation, on an annual basis, of eighty-five thousand acre-feet of ground water from nearby Federal lands covered by such studies;

(2) take such action as may be necessary to begin within sixty days following the date of such contract, to drill, construct, equip, maintain, repair, reconstruct, and operate a well field on such Federal lands, and to construct and maintain a delivery system, including canals, pumping stations and other appurtenant works, sufficient to provide for the delivery of such ground water from such Federal lands to the southeast corner of the lands comprising the Ak-Chin Indian Reservation.

(c)(1) The delivery of ground water under clause (1) of subsection (b) shall continue until augmented or replaced by the permanent water supply required under section 3 to be delivered to the Ak-Chin Indian Reservation, except that the obligation to deliver ground water during any year shall be reduced for that year by an amount equal to the amount of surface water delivered to such community pursuant to such contract during such year.

(2) Notwithstanding the provisions of clause (1) of subsection (b) of this section, the Secretary, if he determines that pumping eighty-five thousand acre-feet of ground water annually from nearby Federal lands to the Ak-Chin community would (A) not be hydrologically feasible or (B) diminish the ground water supply in the basin and thereby cause severe damage to other water users; may deliver a lesser amount.

(d) The Secretary is authorized to receive and consider any claims arising under this Act from water users other than the Ak-Chin Indian community for compensation for any losses or other expenses incurred by such users by reason of the enactment of this Act or actions taken thereunder.

Plan, report to Congress.

(e) Notwithstanding any other provision of this Act, if the Secretary determines on the basis of studies conducted pursuant to subsection (a) of this section, that the pumping on an annual basis of any such ground water pursuant to clause (1) of subsection (b) of this section in excess of sixty thousand acre-feet is not possible by reason of clause (2) of subsection (c), and the Ak-Chin Indian community does not agree to contract for a lesser amount, the Secretary shall report to the Congress an alternative plan for meeting the emergency needs of the Ak-Chin Indian community. Such alternative plan shall be submitted to the Congress within one hundred and eighty days following the submission of the report referred to in subsection (a).

SEC. 3. In addition, and as a part of the contract referred to in section 2(b) of this Act, the Secretary shall provide for, commencing as soon as possible, but in no event later than the expiration of the twenty-five-year period following the date of the enactment of this Act, the permanent delivery, on an annual basis, to the lands comprising the Ak-Chin Indian Reservation, of eighty-five thousand acre-feet of water suitable for irrigation on the reservation.

Waivers.

SEC. 4. (a) As consideration on the part of the Ak-Chin Indian community for entering into any contract or agreement pursuant to section 2(b), the Ak-Chin Indian community shall agree to waive, in a manner satisfactory to the Secretary, any and all claims of water rights or injuries to water rights of the Ak-Chin Indian community, including both ground water and surface water from time immemorial to the present, which it might have against the United States, the State of Arizona or agency thereof, or any other person, corporation, or municipal corporation, arising under the laws of the United States or the State of Arizona.

(b) As further consideration on the part of the Ak-Chin Indian community for entering into any contract or other agreement pursuant to section 2(b), the Ak-Chin Indian community shall agree to waive any and all claims of water rights or injuries to water rights, including both ground water and surface water, arising under the laws of the United States or the State of Arizona, which it might have in the future against any person, corporation, municipal corporation, or the State of Arizona or agency thereof.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, the community will not thereby waive any claims against the United States for breach, if any, of the contract referred to in section 2(b) of this Act. A failure to deliver water within the times specified in either section 2(b) or 3 shall be deemed a breach of the contract. The measure of damages for any such breach shall be the replacement cost of water not delivered by the United States.

Breach of contract.

Damages.

Appropriation authorization.

SEC. 5. There are authorized to be appropriated for the fiscal year ending September 30, 1979, the sum of $500,000, and the aggregate sum of $42,500,000 to be appropriated prior to the fiscal year ending September 30, 1983, for carrying out the purposes of section 2 of this Act. Notwithstanding any other provisions of this Act, no authorization to make payments under this Act, or to enter into contracts, shall be effective except to such extent or in such amounts as are provided in advance in appropriations Acts.

(3) "Secretary" means the Secretary of the Treasury;

(4) "independent fiscal monitor" means an agency, board, or other entity authorized by the law of the State which has the authority to control the fiscal affairs of the city during the entire period for which assistance under this title will be outstanding and which authority the State has covenanted will not be substantially impaired during such period;

(5) "financing agent" means any agency or instrumentality of the State duly authorized by the law of the State to act on behalf of or in the interest of the city, and no other subdivision of the State, with respect to the city's financial affairs;

(6) "city indebtedness" means indebtedness for borrowed money of (A) a financing agent, but only if the proceeds thereof are advanced to or applied for the benefit of the city, or (B) the city; and

(7) "fiscal year" means a fiscal year of the city, except in section 111.

GUARANTEE AUTHORITY

31 USC 1522.

SEC. 102. (a) Upon the written request of the city and the Governor of the State, the Secretary may guarantee the payment, in whole or in part, of interest, principal, or both, of city indebtedness in accordance with this title, but any such guarantee shall cease to be effective not later than fifteen years after the date of the issuance of the city indebtedness involved.

(b) A guarantee under this title is effective only with respect to city indebtedness which is issued or is to be issued to employee pension funds of the city or of the State, or of any agency of the city or of the State, and shall terminate whenever such indebtedness is sold or otherwise disposed of by such a fund (other than to a successor in interest not involving a change in beneficial ownership).

(c) Whenever the payment of principal and interest on city indebtedness is guaranteed under this title, the Secretary shall assess

and collect from the issuer, no less frequently than annually, a guarantee fee computed daily at a rate of no less than one-half of 1 per centum per annum on the outstanding principal amount of city indebtedness guaranteed hereunder. All funds received by the Secretary in payment of such fees shall be paid into the general fund of the Treasury. The Secretary may periodically escalate the guarantee fee to induce the obligor to enter the public credit markets.

CONDITIONS OF ELIGIBILITY

SEC. 103. The Secretary may make guarantees under this title only if— 31 USC 1523.

(1) there is a reasonable prospect of repayment of the city indebtedness to be guaranteed in accordance with its terms and conditions;

(2) the Secretary determines that the city is effectively unable to obtain credit in the public credit markets or elsewhere in amounts and terms sufficient to meet the city's financing needs;

(3) the interest rate on such city indebtedness is reasonable, taking into consideration current average market yields for other obligations guaranteed by the United States;

(4) during the four-year period ending June 30, 1982, the long-term and seasonal borrowing needs of the city (other than borrowing assisted or to be assisted under this title) will be met through commitments from the State, an agency of the State, private sources, or through public credit markets, in amounts which will be sufficient to enable the city, when the guarantee authority conferred by this title has terminated, to meet all of its long-term and seasonal borrowing needs through the public credit markets, and for the purpose of making such determination, the Secretary may assume that all other conditions under this section are and will be fulfilled;

(5)(A) the independent fiscal monitor is requiring the city to adopt and adhere to budgets covering all expenditures other than capital items, the results of which would not, for fiscal years of the city beginning after June 30, 1981, show a deficit when reported in accordance with generally accepted accounting principles and, for fiscal years of the city beginning on or prior thereto but after June 30, 1978, to make substantial progress toward that goal, and, for each fiscal year of the city beginning prior to June 30, 1981, but after June 30, 1978, is requiring the city to adopt and adhere to budgets covering all expenditures other than capital items, the results of which would not show a deficit when reported in accordance with accounting principles established under State law;

(B) the city has submitted to the Secretary, with the approval of the independent fiscal monitor, in such detail and in accordance with such accounting principles as the Secretary may prescribe, a plan for bringing all of its expenditures other than capital items into balance with its revenues for each of the first three full fiscal years of the city beginning after June 30, 1978, and the city agrees to publish, after the completion of each fiscal year covered by the plan, an analysis reconciling its actual revenues and expenditures with projected revenues and expenditures, and to publish periodic projections which reflect the impact of the plan on tax rates; and

(C) the city submits, with the approval of the independent fiscal monitor, in such detail as the Secretary may prescribe and in accordance with generally accepted accounting principles, a plan for bringing all of its expenditures other than capital items into balance with its revenues no later than the final fiscal year of the four year period which begins with the fiscal year beginning July 1, 1978, and the city is required, on or before the first day of each fiscal year thereafter during which city indebtedness guaranteed under this title is outstanding, to have prepared and submit a plan covering the four year period beginning with such fiscal year which will result in budgets which would not show a deficit when reported in accordance with accounting principles set forth in subparagraph (A);

(6) the independent fiscal monitor demonstrates to the satisfaction of the Secretary that it has the authority to control the fiscal affairs of the city for the entire period during which assistance under this title will be outstanding;

(7) the city has agreed—

Independent public accountants, opinions.

(A) to obtain and submit to the Secretary, as soon as practicable after the close of each fiscal year of the city during which the Secretary may make guarantees under this title or during which any city indebtedness guaranteed hereunder is outstanding, an opinion of independent public accountants setting forth the results of an audit by such accountants of the financial statements of the city for such fiscal year, which opinion shall describe any deviation in the preparation of such financial statements from generally accepted accounting principles applicable to governmental bodies and shall state that the audit of such financial statements was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary under the circumstances; and

Audit committee. Establishment.

(B) to establish an audit committee which shall assist in the determination of areas of inquiry for, review the progress of, and evaluate the results of, audits to be conducted by such independent public accountants, and which shall consist of the mayor of the city, the comptroller of the city, the president of the city council, two individuals with expertise in municipal finance, and two officers or employees of two different firms of independent public accountants which are not engaged either by the city or by the comptroller of the city, such individuals and such officers or employees of such firms to be selected by the independent fiscal monitor;

(8) (A) in the case of guarantees issued after June 30, 1979, the State has furnished to the Secretary satisfactory assurances that the amount of financial assistance to be provided by the State to the city during the fiscal year in which such guarantee is to be issued will not be less than the amount of such assistance which was provided during the fiscal year ending June 30, 1979, except during any fiscal year for which the city has presented a budget which the Secretary has determined is balanced in accordance with generally accepted accounting principles; and

(B) the State or an agency of the State, subject to and in accordance with applicable State law, when any guarantee hereunder is made by the Secretary, shall deposit in a fund approved by the Secretary, an amount which, together with all amounts

previously so deposited in such fund, shall equal not less than 5 per centum of the principal of and of one year's interest on the then outstanding city indebtedness then guaranteed under this title, and which shall, under the direction of the Secretary, be used to pay, or to reimburse the Treasury for paying, principal and interest which the city fails to pay, the payment of which is guaranteed under this title, but in no case will the fund be used to pay or reimburse an amount in excess of 5 per centum of the principal amount of and of one year's interest on all guaranteed city indebtedness outstanding on the date of the failure;

(9) the city has agreed, in addition to other efforts undertaken by the city to increase employee productivity, to establish a productivity council (A) which shall consist of representatives of the city government and of city employee unions, (B) which shall develop and seek to implement methods for enhancing the productivity of the city's labor force, and (C) which shall have a representative of the independent fiscal monitor as an observer, and the independent fiscal monitor shall review and report, not less than annually, on the development and implementation of such methods, such report to be published and made available to the public, and transmitted to the Secretary; Information, availability to the public.

(10) the city has agreed to offer to sell for distribution to the public its short-term notes in fiscal years 1980, 1981, and 1982 and its long-term bonds in fiscal years 1981 and 1982, unless the Secretary determines that any such offer would be inconsistent with the financial interests of the city;

(11) the city has agreed that—

(A) following the fiscal year ending June 30, 1982, and during any fiscal year thereafter in which a guarantee under this title is outstanding, the city will pay or provide for the payment of city indebtedness than guaranteed hereunder, giving priority to city indebtedness having the longest maturity or maturities, in a principal amount not less than 15 per centum of the net proceeds of city indebtedness issued in public credit markets during such year, except that the Secretary may modify or waive such 15 per centum requirement to the extent he determines that its application (i) would substantially impair the city's ability to meet its essential capital needs, or (ii) would substantially overburden the market for long-term city indebtedness; and

(B) as soon as practicable after the Secretary determines that the city has demonstrated its ability to meet its long-term credit needs through public credit markets. the city will implement a program satisfactory to the Secretary of refunding any outstanding city indebtedness guaranteed under this title for the purpose of achieving complete repayment of such indebtedness at the earliest practicable date, taking into consideration such factors as the Secretary deems appropriate, including the effect of such refunding on the city's need to maintain the city's continued access to public credit markets for its long-term credit needs; and

(12) the city and the State are meeting their respective obligations under this section.

Any determination by the Secretary that the conditions set forth in this section have been met shall be conclusive, such determination to be evidenced by the making of such guarantee, and the validity of any guarantee so made shall be incontestable in the hands of the holder of

such city indebtedness, except for fraud or material misrepresentation on the part of such holder. The Secretary is authorized to determine the manner in which such guarantees will be issued and, in addition to the terms and conditions required by this section, to require from, or agree to with, the city, a financing agent, the holders of the city indebtedness guaranteed, and any other party in interest such other terms and conditions as he may deem appropriate, including provision of security for the repayment of amounts paid pursuant to any guarantee under this title. Any such other term or condition may be modified, amended, or waived in the discretion of the Secretary.

(2) During the fiscal year beginning on July 1, 1978, not to exceed $750,000,000 shall be available for the guarantee of city indebtedness—

(A) $325,000,000, and

(B) $1,000,000,000 reduced by the sum of (i) the principal amount of city indebtedness guaranteed under paragraphs (2) (A) and (3) and outstanding on the date on which the guarantees are made under this paragraph, and (ii) the amount, if any, covered by a resolution agreed to by the Senate or the House of Representatives pursuant to paragraph (3),

Joint Resolution

American Indian Religious Freedom.

Aug. 11, 1978
[S.J. Res. 102]

Whereas the freedom of religion for all people is an inherent right, fundamental to the democratic structure of the United States and is guaranteed by the First Amendment of the United States Constitution;

Whereas the United States has traditionally rejected the concept of a government denying individuals the right to practice their religion and, as a result, has benefited from a rich variety of religious heritages in this country;

Whereas the religious practices of the American Indian (as well as Native Alaskan and Hawaiian) are an integral part of their culture, tradition and heritage, such practices forming the basis of Indian identity and value systems;

Whereas the traditional American Indian religions, as an integral part of Indian life, are indispensable and irreplaceable;

Whereas the lack of a clear, comprehensive, and consistent Federal policy has often resulted in the abridgment of religious freedom for traditional American Indians;

Whereas such religious infringements result from the lack of knowledge or the insensitive and inflexible enforcement of Federal policies and regulations premised on a variety of laws;

Whereas such laws were designed for such worthwhile purposes as conservation and preservation of natural species and resources but were never intended to relate to Indian religious practices and, therefore, were passed without consideration of their effect on traditional American Indian religions;

Whereas such laws and policies often deny American Indians access to sacred sites required in their religions, including cemeteries;

Whereas such laws at times prohibit the use and possession of sacred objects necessary to the exercise of religious rites and ceremonies;

Whereas traditional American Indian ceremonies have been intruded upon, interfered with, and in a few instances banned: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That henceforth it shall be the policy of the United States to protect and preserve for American Indians their inherent right of freedom to believe, express, and exercise the traditional religions of the American Indian, Eskimo, Aleut, and Native Hawaiians, including but not limited to access to sites, use and possession of sacred objects, and the freedom to worship through ceremonials and traditional rites.

American Indian Religious Freedom.
42 USC 1996.

42 USC 1996 note.

SEC. 2. The President shall direct the various Federal departments, agencies, and other instrumentalities responsible for administering relevant laws to evaluate their policies and procedures in consultation with native traditional religious leaders in order to determine appropriate changes necessary to protect and preserve Native American religious cultural rights and practices. Twelve months after approval of this resolution, the President shall report back to the Congress the results of his evaluation, including any changes which were made in administrative policies and procedures, and any recommendations he may have for legislative action.

Ickes, Secretary of the Interior approved on February 2, 1943, by Franklin D. Roosevelt, President of the United States, and recorded in book 186, pages 312 through 320 of the records of Carter County, Oklahoma. Any conditions providing for a reversion of title to the United States that may be contained in the conveyance of such lands by the United States to the State of Oklahoma are hereby released as to oil and gas exploration and development affecting the lands herein authorized to be leased. The State of Oklahoma shall surrender the present deed of conveyance by the United States of the lands described in this Act and the United States shall issue a new deed to the State of Oklahoma for those lands, which new deed shall include oil and gas exploration and development as permitted uses of such lands: *Provided, however*, That it shall be a condition of such new deed that oil and gas exploration and development shall take place on the lands described in this Act only pursuant to plans which have been reviewed (such review to include preparation of a detailed statement of the type specified in section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(a)), and approved by the Secretary of the Interior and which will assure that such exploration and development shall be carried out in a manner which to the maximum extent possible will assure the preservation of the natural, scenic, and recreational values of the Demonstration Area: *Provided further*, (i) That it shall be a further condition of such new deed that the State of Oklahoma, in consideration for the release of the conditions referred to in this section, shall hold all proceeds hereafter received from any oil and gas exploration and development of the lands described in this Act in a separate fund open to inspection by the Secretary of the Interior, and shall pay the Secretary each year from such fund 50 per centum of the gross income from such exploration and development, including rents, royalties, bonuses and any interest accruing thereon and all costs which the Secretary determines are included in his review of the oil and gas exploration and development plans and the operation of such fund; and (ii) That all

amounts paid to the Secretary pursuant to this proviso shall be deposited in the general fund of the Treasury as miscellaneous receipts: *And provided further*, That the State of Oklahoma shall continue to use such lands in the Lake Murray Recreational Demonstration Area primarily for park, recreational, and conservation purposes.

SEC. 2. The issuance of the new deed described in section 1 of this Act shall take place only upon payment to the Secretary of the Interior by the State of Oklahoma for administrative costs of issuance of the new deed. Moneys paid to the Secretary of the Interior for administrative costs shall be paid to the agency which rendered the service, and deposited to the appropriation then current.

Public Law 95-344
95th Congress

An Act

Aug. 15, 1978
[H.R. 8336]

To authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Chattahoochee River National Recreation Area, Ga.
Establishment.
16 USC 460ii.

TITLE I

SEC. 101. The Congress finds the natural, scenic, recreation, historic, and other values of a forty-eight-mile segment of the Chattahoochee River and certain adjoining lands in the State of Georgia from Buford Dam downstream to Peachtree Creek are of special national significance, and that such values should be preserved and protected from developments and uses which would substantially impair or destroy them. In order to assure such preservation and protection for public benefit and enjoyment, there is hereby established the Chattahoochee River National Recreation Area (hereinafter referred to as the "recreation area"). The recreation area shall consist of the river and its bed together with the lands, waters, and interests therein within the boundary generally depicted on the map entitled "Chattahoochee River National Recreation Area", numbered CHAT-20,000, and dated July 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior.

Publication in Federal Register.

Following reasonable notice in writing to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate of his intention to do so, the Secretary of the Interior (hereinafter referred to as the "Secretary") may, by publication of a revised map or other boundary description in the Federal Register, (1) make minor revisions in the boundary of the recreation area, and (2) revise the boundary to facilitate access to the recreation area, or to delete lands which would be of little or no benefit to the recreation area due to the existence of valuable improvements completely constructed prior to the date of enactment of this Act. The total area, exclusive of the river and its bed, within the recreation area may not exceed six thousand three hundred acres.

Land acquisition.
16 USC 460ii-1.

SEC. 102. (a) Within the recreation area the Secretary is authorized to acquire lands, waters, and interests therein by donation, purchase with donated or appropriated funds, or exchange. Property owned by the State of Georgia or any political subdivision thereof may be acquired only by donation.

(b) When a tract of land lies partly within and partly without the boundaries of the recreation area, the Secretary may acquire the entire tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the recreation area may be exchanged by the Secretary for non-Federal land within such boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.).

(c) Except for property which the Secretary determines to be necessary for the purposes of administration, development, access, or public use, an owner of improved property which is used solely for noncommercial residential purposes on the date of its acquisition by the Secretary may retain, as a condition of such acquisition, a right of use and occupancy of the property for such residential purposes. The right retained may be for a definite term which shall not exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner or the death of the spouse, whichever occurs later. The owner shall elect the term to be retained. The Secretary shall pay the owner the fair market value of the property on the date of such acquisition, less the fair market value of the term retained by the owner.

(d) Any right of use and occupancy retained pursuant to this section may, during its existence, be conveyed or transferred, but all rights of use and occupancy shall be subject to such terms and conditions as the Secretary deems appropriate to assure the use of the property in accordance with the purposes of this Act. Upon his determination that the property, or any portion thereof, has ceased to be so used in accordance with such terms and conditions, the Secretary may terminate the right of use and occupancy by tendering to the holder of such right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination.

"Improved property."

(e) As used in this section, the term "improved property" means a detached, year-round noncommercial residential dwelling, the construction of which was begun before January 1, 1975, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

16 USC 460ii-2.

SEC. 103. (a) The Secretary shall administer, protect, and develop the recreation area in accordance with the Act of August 25, 1916 (39 Stat. 535), and in accordance with any other statutory authorities available to him for the conservation and management of historic and natural resources, including fish and wildlife, to the extent he finds such authority will further the purposes of this Act. In developing and administering the recreation area, the Secretary shall take into consideration applicable Federal, State, and local recreation plans and resource use and development plans, including, but not limited to, the Atlanta Regional Commission Chattahoochee Corridor Study, dated July 1972.

16 USC 1.

(b) The Secretary is authorized and encouraged to enter into cooperative agreements with the State or its political subdivisions whereby he may assist in the planning for and interpretation of non-Federal publicly owned lands within or adjacent or related to the recreation area to assure that such lands are used in a manner consistent with the findings and purposes of this Act.

(c) In planning for the development and public use of the recreation area, the Secretary shall consult with the Secretary of the Army to assure that public use of adjacent or related water resource development or flood control projects and that of the recreation area are complementary.

39-194 O—80—pt 1——34 : QL3

(d) In administering the recreation area, the Secretary may permit fishing in waters under his jurisdiction in accordance with applicable State and Federal laws and regulations. The Secretary, after consultation with the appropriate State agency responsible for fishing activities, may designate zones where, and establish periods when, fishing shall be permitted and issue such regulations as he may determine to be necessary to carry out the provisions of this subsection. Except in emergencies, such regulations shall be put into effect only after consultation with the appropriate State agency.

Regulations.

16 USC 460ii–3.

SEC. 104. (a) The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (16 U.S.C. 791a et seq.), on or directly affecting the recreation area, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such area is established, except where such project is determined by the State of Georgia to be necessary for water supply or water quality enhancement purposes and authorized by the United States Congress. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments upstream or downstream from the recreation area or on any stream tributary thereto which will not invade the recreation area or unreasonably diminish the scenic, recreational, and fish and wildlife values present therein on the date of approval of this Act. Nothing contained in this subsection shall preclude the upgrading, improvement, expansion or development of facilities or public works for water supply or water quality enhancement purposes if such action would not have a material adverse effect on the values for which the recreation area is established.

(b) No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such area is established, as determined by the Secretary, nor shall such department or agency request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without at least sixty days in advance, (1) advising the Secretary in writing of its intention to do so and (2) reporting to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate the nature of the project involved and the manner in which such project would conflict with the purposes of this Act or would affect the recreation area and the values to be protected by it under this Act. It is not the intention of Congress by this Act to require the manipulation or reduction of lake water levels in Lake Sidney Lanier. Nothing in this Act shall be construed in any way to restrict, prohibit, or affect any recommendation of the Metropolitan Atlanta Water Resources Study as authorized by the Public Works Committee of the United States Senate on March 2, 1972.

Report to congressional committees.

(c) The Secretary is directed to proceed as expeditiously as possible to acquire the lands and interests in lands necessary to achieve the purposes of this Act.

Land acquisition.

16 USC 460ii–4.

SEC. 105. (a) From the appropriations authorized for fiscal year 1978 and succeeding fiscal years pursuant to the Land and Water

Conservation Fund Act (78 Stat. 897), as amended, not more than $72,900,000 may be expended for the acquisition of lands and interests in lands authorized to be acquired pursuant to the provisions of this Act. 16 USC 460*l*-4.

(b) Effective on October 1, 1978, there are authorized to be appropriated not to exceed $500,000 for the development of essential public facilities. Appropriation authorization.

(c) Within three years from the effective date of this Act, the Secretary shall, after consulting with the Governor of the State of Georgia, develop and transmit to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate a general management plan for the use and development of the recreation area consistent with the findings and purposes of this Act, indicating: Plan, report to congressional committees.

(1) lands and interests in lands adjacent or related to the recreation area which are deemed necessary or desirable for the purposes of resource protection, scenic integrity, or management and administration of the area in furtherance of the purposes of this Act, the estimated cost of acquisition, and the recommended public acquisition agency;

(2) the number of visitors and types of public use within the recreation area that can be accommodated in accordance with the full protection of its resources; and

(3) the facilities deemed necessary to accommodate and provide access for such visitors and uses, including their location and estimated cost.

TITLE II

SEC. 201. Section 4 of the Act approved August 31, 1965 (79 Stat. 588), as amended, providing for the commemoration of certain historical events in the State of Kansas, is further amended by changing "$2,000,000." to "$2,750,000.": *Provided*, That such increase shall be effective on October 1, 1978. Appropriation authorization.

TITLE III

FINDINGS AND PURPOSE

SEC. 301. (a) The Congress hereby finds that— 16 USC 2301.

(1) the purpose of the National Park System is to preserve outstanding natural, scenic, historic, and recreation areas for the enjoyment, education, inspiration, and use of all people;

(2) units of the National Park System have recently been established near major metropolitan areas in order to preserve remaining open space and to provide recreational opportunities for urban residents (many of whom do not have access to personal motor vehicles); and

(3) circumstances which necessarily require people desiring to visit units of the National Park System to rely on personal motor vehicles may diminish the natural and recreational value of such units by causing traffic congestion and environmental damage, and by requiring the provision of roads, parking, and other facilities in ever-increasing numbers and density.

(b) The purpose of this title is to make the National Park System more accessible in a manner consistent with the preservation of parks and the conservation of energy by encouraging the use of transportation modes other than personal motor vehicles for access to and within units of the National Park System with minimum disruption to nearby communities through authorization of a pilot transportation program.

16 USC 2302.

SEC. 302. (a) The Secretary of the Interior (hereinafter referred to as "Secretary") is authorized to formulate transportation plans and implement transportation projects where feasible pursuant to those plans for units of the national park system.

Land acquisition.

(b) To carry out the purposes of subsection (a) of this section, the Secretary is authorized to—

(1) contract with public or private agencies or carriers to provide transportation services, capital equipment, or facilities to improve access to units of the national park system;

(2) operate such services directly in the absence of suitable and adequate agencies or carriers;

(3) acquire by purchase, lease, or agreement, capital equipment for such services; and

(4) where necessary to carry out the purposes of this title, acquire by lease, purchase, donation, exchange, or transfer, lands, waters, and interests therein which are situated outside the boundary of a unit of the national park system, which property shall be administered as part of the unit: *Provided*, That any land or interests in land owned by a State or any of its political subdivisions may be acquired only by donation: *Provided further*, That any land acquisition shall be subject to such statutory limitations, if any, on methods of acquisition and appropriations thereof as may be specifically applicable to such area.

(c) Acquisitions pursuant to subsection (b) (3) and (4) of this section shall not commence prior to sixty days (not counting days on which the Senate or the House of Representatives has adjourned for more than three consecutive days) from the time the Secretary has submitted a detailed proposal for such acquisitions to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives.

(d) All fees directly collected by the National Park Service in the operation of the facilities and services authorized by this title shall be covered into the Planning, Development, and Operation of Recreation Facilities appropriation account to be subject to appropriation.

Information, availability to public.

(e) The Secretary shall establish information programs to inform the public of available park access opportunities and to promote the use of transportation modes other than personal motor vehicles for access to and travel within the units of the national park system.

16 USC 20.

(f) Transportation facilities and services provided pursuant to this title shall not be considered as concession facilities or services within the meaning of the Act of October 9, 1965 (79 Stat. 969) and may be undertaken by the Secretary directly or by contract without regard to any requirement of local, State, or Federal law respecting determinations of public convenience and necessity or other similar matters: *Provided*, That the Secretary or his contractor shall consult with the appropriate State or local public service commission or other such body having authority to issue certificates of convenience and necessity, and any such contractor shall be subject to applicable requirements of such body unless the Secretary determines that such

requirements would not be consistent with the purposes and provisions of this title.

(g) No grant of authority in this title shall be deemed to expand the exemption of section 203(b)(4) of the Interstate Commerce Act (49 U.S.C. 303(b)(4)).

16 USC 2303.

SEC. 303. (a) To carry out the purposes of this title, the Secretary of Transportation, the Secretary of Housing and Urban Development, the Secretary of Health, Education, and Welfare, and the Secretary of Commerce, and the heads of such other Federal departments or agencies as the Secretary deems necessary are directed to assist the Secretary in the formulation and implementation of transportation projects.

Report to congressional committees.

(b) Within one hundred and eighty days from the enactment of this Act, the Secretary shall prepare and submit to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives, a compilation of Federal statutes and programs providing authority for the planning, funding, or operation of transportation projects which might be utilized by the Secretary to carry out the purpose of this title. The Secretary shall revise the compilation thereafter as he deems necessary.

Notice, publication in Federal Register. 16 USC 2304.

SEC. 304. (a) The Secretary shall, during the formulation of any transportation plan authorized pursuant to section 302 of this title—

(1) give public notice of intention to formulate such a plan by publication in the Federal Register and in a newspaper or periodical having general circulation in the vicinity of the affected unit of the national park system;

(2) following such notice hold a public meeting at a location or locations convenient to the affected unit of the National Park System.

(b) Prior to the implementation of any project developed pursuant to the transportation plan formulated pursuant to subsection (a) of this section, the Secretary shall—

Notice.

(1) establish procedures, including but not limited to public meetings, to give State and local governments and the public adequate notice and an opportunity to comment on the proposed transportation project; and

Report to congressional committees.

(2) submit, when the proposed project would involve an expenditure in excess of $100,000 in any fiscal year, a detailed report to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives. The Secretary may proceed with the implementation of such plan only after sixty days (not counting days on which the Senate or House of Representatives has adjourned for more than three consecutive days) have elapsed following submission of the plan.

Report to Congress. 16 USC 2305.

SEC. 305. The Secretary shall submit a report to the Congress within three years of the effective date of this Act. The report shall include, but not be limited to, his findings and recommendations regarding—

(a) preservation of natural resource values within units of the National Park System through access alternatives;

(b) effects of transportation projects on communities in close proximity to the units of the National Park System; and

(c) future transportation projects formulated pursuant to this title.

Appropriation authorization. 16 USC 2306.

SEC. 306. In carrying out the purposes of this title, there is hereby authorized to be appropriated $1,000,000 for fiscal year 1979; $2,000,000 for fiscal year 1980; and $3,000,000 for fiscal year 1981, which shall remain available until expended. In a fiscal year when the amounts actually appropriated are less than the amounts listed above, the authorized but unappropriated amount shall continue to be available for appropriation in succeeding fiscal years.

An Act

To provide for consumers a further means of minimizing the impact of inflation and economic depression by narrowing the price spread between costs to the producer and the consumer of needed goods, services, facilities, and commodities through the development and funding of specialized credit sources for, and technical assistance to, self-help, not-for-profit cooperatives, and for other purposes.

Aug. 20, 1978
[H.R. 2777]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Consumer Cooperative Bank Act".

National Consumer Cooperative Bank Act.
12 USC 3001 note.

STATEMENT OF FINDINGS AND PURPOSE

12 USC 3001.

SEC. 2. The economic and financial structure of this country in combination with the Nation's natural resources and the productivity of the American people has produced one of the highest average standards of living in the world. However, the Nation has been experiencing inflation and unemployment together with an increasing gap between producers' prices and consumers' purchasing power. This has resulted in a growing number of our citizens, especially the elderly, the poor, and the inner city resident, being unable to share in the fruits of our Nation's highly efficient economic system. The Congress finds that user-owned cooperatives are a proven method for broadening ownership and control of the economic organizations, increasing the number of market participants, narrowing price spreads, raising the quality of goods and services available to their membership, and building bridges between producers and consumers, and their members and patrons. The Congress also finds that consumer and other types of self-help cooperatives have been hampered in their formation and growth by lack of access to adequate cooperative credit facilities and lack of technical assistance. Therefore, the Congress finds a need for the establishment of a National Consumer Cooperative Bank which will make available necessary financial and technical assistance to cooperative self-help endeavors as a means of strengthening the Nation's economy.

TITLE I—NATIONAL CONSUMER COOPERATIVE BANK

CREATION AND CHARTER OF BANK

Subject to the provisions of subsection (b) of this section, all members of the Board shall be appointed by the President, with the advice and consent of the Senate, for terms of three years or until their successors have been appointed and qualified. The President shall appoint seven members of the Board from among the officers of the agencies and departments of the United States Government: *Provided*, That at any one time no more than one member shall be from any one agency or department. Any member appointed by the President may be removed at any time with or without cause by the President. If a vacancy occurs on the Board for any reason other than a resignation pursuant to subsection (b) of this section, a new member shall be appointed by the President to serve until the next annual meeting of the Bank, at which time the vacancy shall be filled for the remainder of the unexpired term by the President or the holders of class B and class C stock, as provided in this section 104.

Similarly, when the amount of paid-in capital attributable to the shares of class B and class C stock equals or exceeds $10,000,000 the terms of the other three members appointed by the President from the general public shall terminate. As members of the Board resign in accordance with the foregoing provisions, the directorships vacated shall be deemed shareholder directorships and shall be filled by the holders of class B stock and class C stock in accordance with the provisions of subsection (c) of this section. Five remaining members of the Board appointed by the President shall resign on the Final Government Equity Redemption Date. Vacant shareholder directorships shall be filled, whether by appointment or election, so that at any time when there are three or more shareholder directors on the board, there shall be at least one director representing each of the classes of housing cooperatives, low-income cooperatives, and consumer goods and services cooperatives. Each nominee for shareholder direc-

(e) No director shall be eligible to be elected for more than two consecutive full three-year terms. No officer of the Bank shall be eligible to serve simultaneously as a director on the Board of the Bank. The Bank shall give adequate advance notice to all voting stockholders of nominees and of the procedures for nominating other candidates. Each voting stockholder shall make the information required in this paragraph available to its members.

(f) The Board shall annually elect from among its members a chairman and vice chairman and select a secretary who need not be a member. The Board shall establish the policies of the Bank governing its funding, lending, and other financial and technical assistance, and shall direct the management of the Bank.

Its meeting shall be open to members or representatives of all eligible cooperatives and other eligible organizations, as observers only, and to persons or representatives of groups who identify their interest in the Bank and who are invited to attend a meeting, subject to such rules as the Board may establish for the conduct of such meetings. Those rules shall include the manner of giving notice of meetings, the procedure for the conduct of meetings, the manner of submitting topics for the agenda, the allocation of time of presentations, and debate. The chairman, when sustained by the majority of the Board present, may adjourn the open meeting into an executive session on motion of the chairman, any Board member, or at the request of any applicant, borrower, officer, or employee when the matter under discussion involves an application, a loan, a personnel action, or other matter which might tend to impinge on the right of privacy of any person. (b) The capital stock of the Bank shall include class A, class B, and class C stock and such other classes with such rights, powers, privileges, and preferences of the separate classes as may be specified, not inconsistent with law, in the bylaws of the Bank. So long as any class A stock is outstanding, the Bank shall not pay any dividend on any other class of stock at a rate greater than the statutory dividend payable on the class A stock. Class B and class C stock shall be common stock with voting rights as provided for herein and shall be issued only to eligible borrowers and organizations controlled by such borrowers or organizations eligible to borrow, and shall be transferable only on the books of the Bank and then only to another eligible borrower. (c) Class A stock with a par value of $100 per share shall be issued by the Bank to the Secretary of the Treasury on behalf of the United States in exchange for capital furnished pursuant to subsection (a) of this section. The holder of class A stock shall be entitled to dividends at a rate determined by the Secretary of the Treasury taking into consideration the average market yield, during the month preceding the close of each fiscal year, on outstanding marketable obligations of the United States of comparable maturity: *Provided*, That until October 1, 1990, such dividends shall not exceed 25 per centum of gross revenues for the year less necessary operating expenses, including a reserve for possible losses. Such dividends shall be payable annually into miscellaneous receipts of the Treasury and shall be cumulative. Any such dividend payment may be deferred by the Board of Directors with the approval of the Secretary of the Treasury, but any dividend payment so deferred shall bear interest at the same rate as the rate at which dividends accumulate on the class A stock. Without the approval of the Secretary of the Treasury, the Bank shall not pay any dividend or distribution on, or make any redemption or repurchase of, any other class of stock at any time when the cumulative dividends on the class A stock shall not have been paid in full (together with any unpaid interest thereon). Upon any liquidation or dissolution of the Bank, the holder of class A stock shall be entitled to receive out of the assets of the Bank available for distribution to its stockholders, prior to any payment to the holders of any other class of stock of the Bank, an amount not less than the aggregate par value of all class A stock outstanding, plus all accrued and unpaid dividends accrued thereon to and including the date of payment (together with all unpaid interest thereon). Each such redemption shall take place not later than ninety days after the close of each fiscal year.

(d) Class B stock shall be held only by recipients of loans under section 105 of this Act, and such borrowers shall be required to own class B stock in an amount not less than 1 per centum of the face amount of the loan at the time the loan is made. Such borrowers may be required by the Bank to own additional class B or class C stock at the time the loan is made, but not to exceed an amount equal to 10 per centum of the face amount of the loan, or from time to time, as the Bank may determine. Such additional stock ownership requirements may be on the basis of the face amount of the loan, the outstanding balances, or on a percentage of interest payable during any year or any quarter thereof, as the Bank may determine will provide adequate capital for the operation of the Bank and equitable ownership thereof among borrowers.

(e) Class C stock shall be available for purchase and shall be held only by borrowers or by organizations eligible to borrow under section 105 of this Act or by organizations controlled by such borrowers, and shall be entitled to dividends in the manner specified in the bylaws of the Bank. (f) Nonvoting stock of other classifications and other priorities may be issued at the discretion of the Board, to other investors, except that so long as any class A stock is outstanding, the Board shall not authorize or issue any class of stock, whether voting or nonvoting, that would rank prior or equal to the class A stock as to dividends or upon liquidation or dissolution.

(g) (1) The bylaws of the Bank may provide for more than one vote on the basis of—

(C) number of members in the cooperative.

(2) Such bylaws shall avoid—

(A) voting control of the Bank from becoming concentrated with the larger affluent or smaller less affluent organizations;

(B) a disproportionately larger vote in one or more of the groups of cooperatives referred to in section 103(c) of this Act; and

(C) the concentration of more than 5 per centum of the total voting control in any one class B or class C stockholder.

(h) The Bank may accept nonreturnable capital contributions on which no interest, dividend, or patronage refund shall be payable from associations, foundations, or funds or public bodies or agencies at the discretion of the Board. For the purpose of accepting such contributions, the Bank will be a governmental unit within the meaning of section 170(b)(1)(A)(v) of the Internal Revenue Code of 1954. 26 USC 170.

(i) After payment of all operating expenses of the Bank, including interest on its obligations, and after setting aside appropriate funds

for reserves for losses, for cumulative dividends on class A stock and dividends on class C stock and for any redemption of class A stock in accordance with subsection (c), the Bank shall annually set aside the remaining earnings of the Bank for patronage refunds in the form of class B or C stock or allocated surplus in accordance with the bylaws of the Bank. After ten years from the date of issue of any such stock, or at such earlier time as all the Government-held stock is retired, patronage refunds may be made in cash, or partly in stock and partly in cash.

ELIGIBILITY

12 USC 3015.

SEC. 105. (a) For the purpose of all titles of this Act, subject to the limitations of subsection (d) of this section, an eligible cooperative is an organization chartered or operated on a cooperative, not-for-profit basis for producing or furnishing goods, services or facilities, primarily for the benefit of its members or voting stockholders who are ultimate consumers of such goods, services, or facilities, or a legally chartered entity entirely owned and controlled by any such organization or organizations, if it—

(1) makes such goods, services or facilities directly or indirectly available to its members or voting stockholders on a not-for-profit basis;

(2) does not pay dividends on voting stock or membership capital in excess of such percentage per annum as may be approved under the bylaws of the Bank;

(3) provides that its net savings shall be allocated or distributed to all members or patrons, in proportion to their patronage, or shall be retained for the actual or potential expansion of its services or the reduction of its charges to the patrons, or for such other purposes as may be authorized by its membership not inconsistent with its purposes;

(4) makes membership available on a voluntary basis, without any social, political, racial, or religious discrimination and without any discrimination on the basis of age, sex, or marital status, to all persons who can make use of its services and are willing to accept the responsibilities of membership, subject only to limitations under applicable Federal or State laws or regulations;

(5) in the case of primary cooperative organizations restricts its voting control to members or voting stockholders on a one vote per person basis and takes positive steps to insure economic democracy and maximum participation by members of the cooperative including the holding of annual meetings and, in the case of organizations owned by groups of cooperatives, provides positive protections to insure economic democracy; and

(6) is not a credit union, mutual savings bank, or mutual savings and loan association.

(b) No organization shall be ineligible because it produces, markets, or furnishes goods, services, or facilities on behalf of its members as primary producers, unless the dollar volume of loans made by the Bank to such organizations exceeds 10 per centum of the gross assets of the Bank.

"Net savings."

(c) As used in this section, the term "net savings" means, for any period, the borrower's gross receipts, less the operating and other expenses deductible therefrom in accordance with generally accepted accounting principles, including, without limitation, contributions to

allowable reserves, and after deducting the amounts of any dividends on its capital stock or other membership capital payable during, or within forty-five days after, the close of such period.

(d) An eligible cooperative which also has been determined to be eligible for credit assistance from the Rural Electrification Administration, the National Rural Utilities Cooperative Finance Corporation, the Rural Telephone Bank, the Banks for Cooperatives or other institutions of the Farm Credit System, or the Farmers Home Administration may receive the assistance authorized by this Act only (1) if the Bank determines that a request for assistance from any such source or sources has been rejected or denied solely because of the unavailability of funds from such source or sources, or (2) by agreement between the Bank and the agency or agencies involved.

(e) Notwithstanding any other provision of this section, a credit union serving predominantly low-income members (as defined by the Administrator of the National Credit Union Administration) may receive technical assistance under title II.

ANNUAL MEETING

SEC. 106. The Bank shall hold an annual meeting of its stockholders which shall be open to the public. At least 30 days' advance notice of the time and place of the annual meeting shall be given to all stockholders. Borrowers from the Bank shall also give notice of the meeting to their members, who shall be entitled to attend. At such meeting the Bank shall give a full report of its activities during the year and its financial condition and may present proposals for future action and other matters of general concern to borrowers and organizations eligible to borrow from the Bank. Members and representatives of borrowers may present motions or resolutions relating to matters within the scope of this Act and may participate in the discussion thereof and other matters on the agenda. 12 USC 3016.

BORROWING AUTHORITY

SEC. 107. (a) The Bank is authorized to obtain funds through the public or private sale of its bonds, debentures, notes, and other evidences of indebtedness. Such obligations shall be issued at such times, bear interest at such rates, and contain such terms and conditions as the Board shall determine after consultation with the Secretary of the Treasury: *Provided, however*, That the amount of such obligations which may be outstanding at any one time pursuant to this section shall not exceed ten times the paid-in capital and surplus of the Bank. 12 USC 3017.

(b) The Bank is also authorized, but not required, and only so long as any of its class A stock is held by the Secretary of the Treasury, to issue its obligations to the Secretary of the Treasury, in amounts not to exceed in the aggregate such amounts as are provided in appropriations Acts and the Secretary of the Treasury may in his discretion purchase any such obligations. Each purchase of obligations of the Bank under this subsection shall be upon such terms and conditions as to yield a rate of return not less than a rate determined by the Secretary of the Treasury, taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturity. The Secretary of the Treasury may sell,

upon such terms and conditions and at such price or prices as he shall determine any of the obligations of the Bank acquired by him under this subsection.

(c) The Bank may purchase its own obligations, and may provide for the sale of any such obligations through a fiscal agent or agents, by negotiation, offer, bid, syndicate sale, or otherwise, and may deliver such obligations by book entry, wire transfer, or such other means as may be appropriate.

(d) Obligations issued under this section shall not be guaranteed by the United States and shall not constitute a debt or obligation of the United States or any agency or instrumentality thereof other than the Bank.

LENDING POWERS

12 USC 3018.

SEC. 108. (a) The Bank may make loans and commitments for loans under this subsection to any organization determined by the Bank to be eligible under the provisions of section 105 of this Act, and may purchase or discount obligations of members of such organizations if the Bank, to the exclusion of all other persons, entities, agencies, or jurisdictions, also determines that the applicant has or will have a sound organizational and financial structure, income in excess of its operating costs and assets in excess of its obligations, and a reasonable expectation of a continuing demand for its production, goods, commodities, or services, or the use of its facilities, so that the loan will be fully repayable in accordance with its terms and conditions. Commencing on October 1, 1983, the Bank shall not make any loan to a cooperative for the purpose of financing the construction, ownership, acquisition, or improvement of any structure used primarily for residential purposes if, after giving effect to such loan, the aggregate amount of all loans outstanding for such purpose would exceed 30 per centum of the gross assets of the Bank. The Board of Directors shall use its best efforts to insure that at the end of each fiscal year of the Bank at least 35 per centum of its outstanding loans are to—

(1) cooperatives at least a majority of the members of which are low-income persons, and

(2) other cooperatives, if the proceeds of such loans are directly applied to finance a facility, activity, or service that the Board finds will be used predominantly by low-income persons.

Publication in Federal Register.

The Board shall adopt and publish in the Federal Register rules defining the term "low-income persons" for purposes of this subsection. The criteria to be applied and the factors to be considered by the Bank in making loans, loan commitments, purchases, discounts, and guarantees shall include an assessment of the impact of the loan on existing small businesses in the eligible organizations' business territory. The criteria and factors shall be stated in rules of the Bank which shall be published and made available to applicants and, upon request, to any other person or organization.

(b) Loans under this section shall be repayable in not more than forty years and, except for loans with final due date not longer than five years from the date of the loan, shall be amortized as to principal and interest. In setting the terms, rates, and charges, it shall be the objective of the Bank to provide the type of credit needed by eligible borrowers, at the lowest reasonable cost on a sound business basis, taking into account the cost of money to the Bank, necessary reserve and

expenses of the Bank, and the technical and other assistance attributable to loans under this section made available by the Bank, but so long as the Bank makes loans from the proceeds of the sale of class A stock, the interest rate shall not be less than the rates generally prevailing in the area from other sources for loans for similar purposes and maturities, taking into consideration the cost to the borrower of required purchase of class B stock in the Bank. The loan terms may provide for interest rates to vary from time to time during the repayment period of the loan in accordance with the rates being charged by the Bank for new loans at such times. The proceeds of a loan under this subsection may be advanced by the borrower to its members or stockholders under circumstances described in the bylaws or rules of the Bank.

(c) Subject to section 102(13), the Bank may guarantee all or any part of the principal and interest of any loan made by any State or federally chartered lending institution to any borrower if such loan is to an organization that would be an eligible borrower from the Bank for a direct loan and is on terms and conditions (including the rate of interest) which would be permissible terms and conditions for such a direct loan. The Bank may impose a charge for any such guarantee. No loan may be guaranteed by the Bank if the income therefrom to the lender is excluded from such lender's gross income for purposes of chapter 1 of the Internal Revenue Code of 1954. 26 USC 1 *et seq.*

(d) Any loan guaranteed under subsection (c) shall be assignable to the extent provided in the contract of guarantee as may be determined by the Bank. The guarantee shall be uncontestable, except for fraud or misrepresentation of which the holder had actual knowledge at the time he acquired the loan. The Bank in lieu of requiring such lender to service such guaranteed loan until final maturity or liquidation, may purchase the loan for the balance of the principal and accrued interest thereon without penalty, if it determines that (1) the liquidation of the loan would result in the insolvency of the borrower or deprive the borrower of assets essential to its continued operation, and (2) the loan will be repayable with revision of the loan rates, terms, or payment periods or other conditions not inconsistent with loans made by the Bank under subsection (a) of this section, which revisions the lender or other holder of such guaranteed loan is unwilling to make.

(e) As long as any of the class A stock of the Bank is held by the Secretary of the Treasury, the aggregate amount of commitments by the Bank to make or guarantee loans shall not exceed such amounts as may be specified in annual appropriation Acts.

TAXATION

SEC. 109. Until the Final Government Equity Redemption Date, but not thereafter, the Bank, including its franchise, capital, reserves, surplus, mortgages, or other security holdings and income shall be exempt from taxation now or hereafter imposed by any State, county, municipality, or local taxing authority, but any real property held by the Bank shall be subject to any State, county, municipal, or local taxation to the same extent according to its value as other real property is taxed. 12 USC 3019.

QUARTERS AND SPACE

12 USC 3020. SEC. 110. Until the Final Government Equity Redemption Date, space for the principal office and any branch offices of the Bank shall be provided by the General Services Administration. Thereafter, the Bank may lease, construct, or own quarters and provide for the space requirements of its principal and other offices.

12 USC 3022. SEC. 112. In addition to appropriations specifically authorized in this Act, there are authorized to be appropriated $2,000,000 for the fiscal year ending September 30, 1979, and for each of the two succeeding fiscal years, ending September 30, 1980, and September 30, 1981, such sums as may be necessary: *Provided*, That none of these appropriated sums shall be used to retire any indebtedness of the Bank incurred pursuant to section 107 of this Act. Any sums so appropriated shall remain available until expended.

APPEALS

12 USC 3023. SEC. 113. (a) If an application for assistance under this Act is denied in whole or in part, the applicant shall be informed within thirty days in writing of the reasons for the denial or restriction.

(b) Any applicant for assistance under this Act receiving notice of denial or restriction of the application may, within thirty days of receipt of such notice, request the Board of Directors to review the application and notice of denial or restriction for a determination of whether the action of the Bank was correctly within the terms of the Act, the regulations, and the policy of the Board. The Board shall consider the request for review at its next meeting and promptly inform the applicant of its determination and the reasons therefor.

CONFLICT OF INTEREST

12 USC 3024. SEC. 114. The Board of Directors shall adopt and publish its own conflict of interest rules which shall be no less stringent in effect than the Federal Executive conflict of interest rules contained in Executive
18 USC 201 note. Order Numbered 11222 in prohibiting participation or action or the use of inside information for personal advantage on any matter involving a corporation, trust, partnership, or cooperative organization in which a board member, officer, or employee holds a substantial financial interest or holds a position as board member or senior officer, the activities of which organization might be relevant to, be competitive with, or be inconsistent with the objectives of any bank created under this Act. These rules shall require—

(1) each nominee for elected membership on the Board established under this Act to make public and file with the election

official before the date of election a statement of his financial interest and position, if any, in such organizations; and

(2) each senior executive officer and appointed member of the Board to file with the appointing officer, before entering that office a statement of his financial interest and position, if any, in such organizations, which shall be available for inspection upon request.

The provisions of this section shall remain in effect until the Final Government Equity Redemption Date.

EXAMINATION AND AUDIT

SEC. 115. Until the stock of the Bank held by the United States has been fully retired, the operations of the Bank shall be examined annually under the direction of an agency or instrumentality of the Federal Government designated by the President, including the General Accounting Office, and reports of such examination shall be forwarded to the Congress. The President shall, no later than the date that 66⅔ per centum of the class A stock is held by others than the Secretary of the Treasury, establish an Office of Supervision and Audit which shall be responsible for audits and examinations of the Bank, shall assure that the objectives of this title are carried out, and shall review and comment on the bylaws of the Bank and the general policies of the Bank and shall make an annual report to the Congress. 12 USC 3025. 12 USC 3043.

SEC. 203. (a) The Office may make a capital investment advance out of the Account to any eligible cooperative, either in conjunction with or without a loan if the Office determines that—

(1) (A) the applicant's initial or supplemental capital requirements exceeds its ability to obtain such capital through a loan under section 108 or from other sources; or

(B) the membership of the applicant is, or will consist, substantially of low-income persons, as defined by the Board of Directors, or the applicant proposes to undertake to provide specialized goods, services, or facilities to serve their needs; and

(b) The Office may make advances out of the Account to pay all or part of the interest payable to the Bank or any other lender by an eligible cooperative applicant which the Office determines cannot pay a market rate of interest because it sells goods or services to, or provides facilities for the use of, persons of low income: *Provided*, That such advances will not exceed an amount equal to 4 per centum of the principal amount of the indebtedness of such applicant to the Bank or such other lender for any year in which the net income of the cooperative is insufficient to meet scheduled interest payments.

(c) Capital investment advances made by the Office pursuant to subsection (a) and interest supplement advances made by the Office pursuant to subsection (b) shall bear interest at a rate determined by the Board of Directors of the Bank, and the Board of Directors may authorize an interest rate applicable to such advances lower than the rate applicable to loans by the Bank pursuant to section 108.

The Secretary shall also include in such report each individual project with respect to which the scope

was reduced by more than 25 per centum in order to permit contract award within the available authorization for such project. An Act

To establish a comprehensive and coordinated national climate policy and program, and for other purposes.

Sept. 17, 1978
[H.R. 6669]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Climate Program Act".

National Climate Program Act.
15 USC 2901 note.

SEC. 2. FINDINGS.

15 USC 2901.

The Congress finds and declares the following:

(1) Weather and climate change affect food production, energy use, land use, water resources and other factors vital to national security and human welfare.

(2) An ability to anticipate natural and man-induced changes in climate would contribute to the soundness of policy decisions in the public and private sectors.

(3) Significant improvements in the ability to forecast climate on an intermediate and long-term basis are possible.

(4) Information regarding climate is not being fully disseminated or used, and Federal efforts have given insufficent attention to assessing and applying this information.

(5) Climate fluctuation and change occur on a global basis, and deficiencies exist in the system for monitoring global climate changes. International cooperation for the purpose of sharing the benefits and costs of a global effort to understand climate is essential.

(6) The United States lacks a well-defined and coordinated program in climate-related research, monitoring, assessment of effects, and information utilization.

FEDERAL BRANCHES AND AGENCIES

12 USC 3102.

SEC. 4. (a) Except as provided in section 5, a foreign bank which engages directly in a banking business outside the United States may, with the approval of the Comptroller, establish one or more Federal branches or agencies in any State in which (1) it is not operating a branch or agency pursuant to State law and (2) the establishment of a branch or agency, as the case may be, by a foreign bank is not prohibited by State law.

Regulations.

(b) In establishing and operating a Federal branch or agency, a foreign bank shall be subject to such rules, regulations, and orders as the Comptroller considers appropriate to carry out this section, which shall include provisions for service of process and maintenance of branch and agency accounts separate from those of the parent bank. Except as otherwise specifically provided in this Act or in rules, regulations, or orders adopted by the Comptroller under this section, operations of a foreign bank at a Federal branch or agency shall be conducted with the same rights and privileges as a national bank at the same location and shall be subject to all the same duties, restrictions, penalties, liabilities, conditions, and limitations that would apply under the National Bank Act to a national bank doing business at the same location, except that (1) the requirements of section 5240 of the Revised Statutes (12 U.S.C. 481) shall be met with respect to a Federal branch or agency if it is examined at least once in each calendar year: (2) any limitation or restriction based on the capital stock and surplus of a national bank shall be deemed to refer, as applied to a Federal branch or agency, to the dollar equivalent of the capital stock and surplus of the foreign bank, and if the foreign bank has more than one Federal branch or agency the business transacted by all such branches and agencies shall be aggregated in determining compliance with the limitation; (3) a Federal branch or agency shall not be required to become a member bank, as that term is defined in section 1 of the Federal Reserve Act; and (4) a Federal agency shall not be required to become an insured bank as that term is defined in section 3(h) of the Federal Deposit Insurance Act.

12 USC 38.

12 USC 221.

12 USC 1813.

(c) In acting on any application to establish a Federal branch or agency, the Comptroller shall take into account the effects of the proposal on competition in the domestic and foreign commerce of the United States, the financial and managerial resources and future prospects of the applicant foreign bank and the branch or agency, and the convenience and needs of the community to be served.

(d) Notwithstanding any other provision of this section, a foreign bank shall not receive deposits or exercise fiduciary powers at any Federal agency. A foreign bank may, however, maintain at a Federal agency for the account of others credit balances incidental to, or arising out of, the exercise of its lawful powers.

(e) No foreign bank may maintain both a Federal branch and a Federal agency in the same State.

(f) Any branch or agency operated by a foreign bank in a State pursuant to State law and any commercial lending company controlled by a foreign bank may be converted into a Federal branch or agency with the approval of the Comptroller. In the event of any conversion pursuant to this subsection, all of the liabilities of such foreign bank previously payable at the State branch or agency, or all of the liabilities of the commercial lending company, shall thereafter be payable by such foreign bank at the branch or agency established under this subsection.

(g)(1) Upon the opening of a Federal branch or agency in any State and thereafter, a foreign bank, in addition to any deposit requirements imposed under section 6 of this Act, shall keep on deposit, in accordance with such rules and regulations as the Comptroller may prescribe, with a member bank designated by such foreign bank, dollar deposits or investment securities of the type that may be held by national banks for their own accounts pursuant to paragraph "Seventh" of section 5136 of the Revised Statutes, as amended, in an amount as hereinafter set forth. Such depository bank shall be located in the State where such branch or agency is located and shall be approved by the Comptroller if it is a national bank and by the Board of Governors of the Federal Reserve System if it is a State Bank. Regulations. 12 USC 24.

(2) The aggregate amount of deposited investment securities (calculated on the basis of principal amount or market value, whichever is lower) and dollar deposits for each branch or agency established and operating under this section shall be not less than the greater of (1) that amount of capital (but not surplus) which would be required of a national bank being organized at this location, or (2) 5 per centum of the total liabilities of such branch or agency, including acceptances, but excluding (A) accrued expenses, and (B) amounts due and other liabilities to offices, branches, agencies, and subsidiaries of such foreign bank. The Comptroller may require that the assets deposited pursuant to this subsection shall be maintained in such amounts as he may from time to time deem necessary or desirable, for the maintenance of a sound financial condition, the protection of depositors, and the public interest, but such additional amount shall in no event be greater than would be required to conform to generally accepted banking practices as manifested by banks in the area in which the branch or agency is located.

(3) The deposit shall be maintained with any such member bank pursuant to a deposit agreement in such form and containing such limitations and conditions as the Comptroller may prescribe. So long

as it continues business in the ordinary course such foreign bank shall, however, be permitted to collect income on the securities and funds so deposited and from time to time examine and exchange such securities.

Conditions and requirements.

(4) Subject to such conditions and requirements as may be prescribed by the Comptroller, each foreign bank shall hold in each State in which it has a Federal branch or agency, assets of such types and in such amount as the Comptroller may prescribe by general or specific regulation or ruling as necessary or desirable for the maintenance of a sound financial condition, the protection of depositors, creditors and the public interest. In determining compliance with any such prescribed asset requirements, the Comptroller shall give credit to (A) assets required to be maintained pursuant to paragraphs (1) and (2) of this subsection, (B) reserves required to be maintained pursuant to section 7(a) of this Act, and (C) assets pledged, and surety bonds payable, to the Federal Deposit Insurance Corporation to secure the payment of domestic deposits. The Comptroller may prescribe different asset requirements for branches or agencies in different States, in order to ensure competitive equality of Federal branches and agencies with State branches and agencies and domestic banks in those States.

(h) A foreign bank with a Federal branch or agency operating in any State may (1) with the prior approval of the Comptroller establish and operate additional branches or agencies in the State in which such branch or agency is located on the same terms and conditions and subject to the same limitations and restrictions as are applicable to the establishment of branches by a national bank if the principal office of such national bank were located at the same place as the initial branch or agency in such State of such foreign bank and (2) change the designation of its initial branch or agency to any other branch or agency subject to the same limitations and restrictions as are applicable to a change in the designation of the principal office of a national bank if such principal office were located at the same place as such initial branch or agency.

(i) Authority to operate a Federal branch or agency shall terminate when the parent foreign bank voluntarily relinquishes it or when such parent foreign bank is dissolved or its authority or existence is otherwise terminated or canceled in the country of its organization. If (1) at any time the Comptroller is of the opinion or has reasonable cause to believe that such foreign bank has violated or failed to comply with any of the provisions of this section or any of the rules, regulations, or orders of the Comptroller made pursuant to this section, or (2) a conservator is appointed for such foreign bank or a similar proceeding is initiated in the foreign bank's country of organization, the Comptroller shall have the power, after opportunity for hearing, to revoke the foreign bank's authority to operate a Federal branch or agency. The Comptroller may, in his discretion, deny such opportunity for hearing if he determines such denial to be in the public interest. The Comptroller may restore any such authority upon due proof of compliance with the provisions of this section and the rules, regulations, or orders of the Comptroller made pursuant to this section.

Hearing.

(j)(1) Whenever the Comptroller revokes a foreign bank's authority to operate a Federal branch or agency or whenever any creditor of any such foreign bank shall have obtained a judgment against it arising out of a transaction with a Federal branch or agency in any court of record of the United States or any State of

the United States and made application, accompanied by a certificate from the clerk of the court stating that such judgment has been rendered and has remained unpaid for the space of thirty days, or whenever the Comptroller shall become satisfied that such foreign bank is insolvent, he may, after due consideration of its affairs, in any such case, appoint a receiver who shall take possession of all the property and assets of such foreign bank in the United States and exercise the same rights, privileges, powers, and authority with respect thereto as are now exercised by receivers of national banks appointed by the Comptroller.

(2) In any receivership proceeding ordered pursuant to this subsection (j), whenever there has been paid to each and every depositor and creditor of such foreign bank whose claim or claims shall have been proved or allowed, the full amount of such claims arising out of transactions had by them with any branch or agency of such foreign bank located in any State of the United States, except (A) claims that would not represent an enforceable legal obligation against such branch or agency if such branch or agency were a separate legal entity, and (B) amounts due and other liabilities to other offices or branches or agencies of, and wholly owned (except for a nominal number of directors' shares) subsidiaries of, such foreign bank, and all expenses of the receivership, the Comptroller or the Federal Deposit Insurance Corporation, where that Corporation has been appointed receiver of the foreign bank, shall turn over the remainder, if any, of the assets and proceeds of such foreign bank to the head office of such foreign bank, or to the duly appointed domiciliary liquidator or receiver of such foreign bank.

INTERSTATE BANKING OPERATIONS

(a) Except as provided by subsection (b), (1) no foreign bank may directly or indirectly establish and operate a Federal branch outside of its home State unless (A) its operation is expressly permitted by the State in which it is to be operated, and (B) the foreign bank shall enter into an agreement or undertaking with the Board to receive only such deposits at the place of operation of such Federal branch as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act under rules and regulations administered by the Board; (2) no foreign bank may directly or indirectly establish and operate a State branch outside of its home State unless (A) it is approved by the bank regulatory authority of the State in which such branch is to be operated, and (B) the foreign bank shall enter into an agreement or undertaking with the Board to receive only such deposits at the place of operation of such State branch as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act under rules and regulations administered by the Board; (3) no foreign bank may directly or indirectly establish and operate a Federal agency outside of its home State unless its operation is expressly permitted by the State in which it is to be operated; (4) no foreign bank may directly or indirectly establish and operate a State agency or commercial lending company subsidiary outside of its home State, unless its establishment and operation is approved by the bank regulatory authority of the State in which it is to be operated; and (5) no foreign bank may directly or indirectly acquire any voting shares of, interest in, or substantially all of the assets of a bank

12 USC 1813.

(b) After the date of enactment of this Act no foreign bank may establish a branch, and after one year following such date no foreign bank may operate a branch, in any State in which the deposits of a bank organized and existing under the laws of that State would be required to be insured, unless the branch is an insured branch as defined in section 3(s) of the Federal Deposit Insurance Act, or unless the branch will not thereafter accept deposits of less than $100,000, or unless the Federal Deposit Insurance Corporation determines by order or regulation that the branch is not engaged in domestic retail deposit activities requiring deposit insurance protection, taking account of the size and nature of depositors and deposit accounts.

"(7) the probable adequacy and reliability of information supplied and to be supplied by the bank to the Corporation to enable it to carry out its functions under this Act.

"(c)(1) Before any branch of a foreign bank becomes an insured branch, the bank shall deliver to the Corporation or as the Corporation may direct a surety bond, a pledge of assets, or both, in such amounts and of such types as the Corporation may require or approve, for the purpose set forth in paragraph (4) of this subsection.

In the implementation of its authority under this subsection, however, the Corporation shall endeavor to avoid imposing requirements on such banks which would

If the court shall determine that there has been any such failure or threatened failure to comply with any such requirement, it shall be the duty of the court to issue such injunction. Joint Resolution

Sept. 18, 1978
[H.J. Res. 1014]

Designating April 28 and 29 of 1979 as "Days of Remembrance of Victims of the Holocaust".

Whereas six million Jews and millions of other people were murdered in concentration camps as part of a program of extermination carried out by the Nazi party during World War II;

Whereas the people of the United States should recognize that all acts of bigotry are rooted in the cruelty of spirit and the callousness that led the Nazis to commit atrocities against millions of people, and should dedicate themselves to the principle of human equality;

Whereas the people of the United States should recognize that tyranny creates the political atmosphere in which bigotry flourishes, and should be vigilant to detect, and ready to resist, the tyrannical exercise of power;

Whereas on April 28 and 29 of 1945 the Armed Forces of the United States liberated the surviving victims of Nazi internment in the concentration camp in Dachau, Germany, and revealed to the world evidence of a tragic human holocaust that must never be forgotten; and

Whereas the Nazi concentration camp in Dachau, Germany, is not only a shocking symbol of Nazi brutality and destruction, but also a symbol of the danger inherent in tyranny, the pernicious quality of bigotry, and the human capacity to be cruel: Now, therefore, be it

Days of Remembrance of Victims of the Holocaust. Designation authorization.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That April 28 and 29 of 1979 are designated as "Days of Remembrance of Victims of the Holocaust", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such days with appropriate ceremonies and activities.

TITLE I—FINDINGS AND PURPOSES WITH RESPECT TO MANAGING THE RESOURCES OF THE OUTER CONTINENTAL SHELF

FINDINGS

43 USC 1801.

SEC. 101. The Congress finds and declares that—

(1) the demand for energy in the United States is increasing and will continue to increase for the foreseeable future;

(2) domestic production of oil and gas has declined in recent years;

(3) the United States has become increasingly dependent upon imports of oil from foreign nations to meet domestic energy demand;

(4) increasing reliance on imported oil is not inevitable, but is rather subject to significant reduction by increasing the development of domestic sources of energy supply;

(5) consumption of natural gas in the United States has greatly exceeded additions to domestic reserves in recent years;

(6) technology is or can be made available which will allow significantly increased domestic production of oil and gas without undue harm or damage to the environment;

(7) the Outer Continental Shelf contains significant quantities of oil and natural gas and is a vital national resource reserve which must be carefully managed so as to realize fair value, to preserve and maintain competition, and to reflect the public interest;

(8) there presently exists a variety of technological, economic, environmental, administrative, and legal problems which tend to retard the development of the oil and natural gas reserves of the Outer Continental Shelf;

(9) environmental and safety regulations relating to activities on the Outer Continental Shelf should be reviewed in light of current technology and information;

(10) the development, processing, and distribution of the oil and gas resources of the Outer Continental Shelf, and the siting of related energy facilities, may cause adverse impacts on various States and local governments;

(11) policies, plans, and programs developed by States and local governments in response to activities on the Outer Continental Shelf cannot anticipate and ameliorate such adverse impacts unless such States, working in close cooperation with affected local governments, are provided with timely access to information regarding activities on the Outer Continental Shelf and an opportunity to review and comment on decisions relating to such activities;

(12) funds must be made available to pay for the prompt removal of any oil spilled or discharged as a result of activities on the Outer Continental Shelf and for any damages to public or private interests caused by such spills or discharges;

(13) because of the possible conflicts between exploitation of the oil and gas resources in the Outer Continental Shelf and other uses of the marine environment, including fish and shellfish growth and recovery, and recreational activity, the Federal Government must assume responsibility for the minimization or elimination of any conflict associated with such exploitation;

(14) the oil and gas resources of the Outer Continental Shelf are limited, nonrenewable resources which must be developed in a manner which takes into consideration the Nation's long-range energy needs and also assures adequate protection of the renewable resources of the Outer Continental Shelf which are a continuing and increasingly important source of food and protein to the Nation and the world; and

(15) funds must be made available to pay for damage to commercial fishing vessels and gear resulting from activities involving oil and gas exploration, development, and production on the Outer Continental Shelf.

PURPOSES

SEC. 102. The purposes of this Act are to— 43 USC 1802.

(1) establish policies and procedures for managing the oil and natural gas resources of the Outer Continental Shelf which are intended to result in expedited exploration and development of the Outer Continental Shelf in order to achieve national economic and energy policy goals, assure national security, reduce dependence on foreign sources, and maintain a favorable balance of payments in world trade;

(2) preserve, protect, and develop oil and natural gas resources in the Outer Continental Shelf in a manner which is consistent with the need (A) to make such resources available to meet the Nation's energy needs as rapidly as possible, (B) to balance orderly energy resource development with protection of the human, marine, and coastal environments, (C) to insure the public a fair and equitable return on the resources of the Outer Continental Shelf, and (D) to preserve and maintain free enterprise competition;

(3) encourage development of new and improved technology for energy resource production which will eliminate or minimize risk of damage to the human, marine, and coastal environments;

(4) provide States, and through States, local governments, which are impacted by Outer Continental Shelf oil and gas explo-

ration, development, and production with comprehensive assistance in order to anticipate and plan for such impact, and thereby to assure adequate protection of the human environment;

(5) assure that States, and through States, local governments, have timely access to information regarding activities on the Outer Continental Shelf, and opportunity to review and comment on decisions relating to such activities, in order to anticipate, ameliorate, and plan for the impacts of such activities;

(6) assure that States, and through States, local governments, which are directly affected by exploration, development, and production of oil and natural gas are provided an opportunity to participate in policy and planning decisions relating to management of the resources of the Outer Continental Shelf;

(7) minimize or eliminate conflicts between the exploration, development, and production of oil and natural gas, and the recovery of other resources such as fish and shellfish;

(8) establish an oilspill liability fund to pay for the prompt removal of any oil spilled or discharged as a result of activities on the Outer Continental Shelf and for any damages to public or private interests caused by such spills or discharges;

(9) insure that the extent of oil and natural gas resources of the Outer Continental Shelf is assessed at the earliest practicable time; and

(10) establish a fishermen's contingency fund to pay for damages to commercial fishing vessels and gear due to Outer Continental Shelf activities.

"(2) with respect to cancellation of any lease or permit—

"(A) that such cancellation may occur at any time, if the Secretary determines, after a hearing, that—

"(i) continued activity pursuant to such lease or permit would probably cause serious harm or damage to life (including fish and other aquatic life), to property, to any mineral (in areas leased or not leased), to the national security or defense, or to the marine, coastal, or human environment;

"(ii) the threat of harm or damage will not disappear or decrease to an acceptable extent within a reasonable period of time; and

"(iii) the advantages of cancellation outweigh the advantages of continuing such lease or permit in force;

"(B) that such cancellation shall not occur unless and until operations under such lease or permit shall have been under suspension, or temporary prohibition, by the Secretary, with due extension of any lease or permit term continuously for a period of five years, or for a lesser period upon request of the lessee;

"(C) that such cancellation shall entitle the lessee to receive such compensation as he shows to the Secretary as being equal to the lesser of (i) the fair value of the canceled rights as of the date of cancellation, taking account of both anticipated revenues from the lease and anticipated costs, including costs

of compliance with all applicable regulations and operating orders, liability for cleanup costs or damages, or both, in the case of an oilspill, and all other costs reasonably anticipated on the lease, or (ii) the excess, if any, over the lessee's revenues, from the lease (plus interest thereon from the date of receipt to date of reimbursement) of all consideration paid for the lease and all direct expenditures made by the lessee after the date of issuance of such lease and in connection with exploration or development, or both, pursuant to the lease (plus interest on such consideration and such expenditures from date of payment to date of reimbursement), except that (I) with respect to leases issued before the date of enactment of this subparagraph, such compensation shall be equal to the amount specified in clause (i) of this subparagraph; and (II) in the case of joint leases which are canceled due to the failure of one or more partners to exercise due diligence, the innocent parties shall have the right to seek damages for such loss from the responsible party or parties and the right to acquire the interests of the negligent party or parties and be issued the lease in question;

"(3) for the assignment or relinquishment of a lease;

"(7) for the prompt and efficient exploration and development of a lease area; and

"(8) for compliance with the national ambient air quality standards pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.), to the extent that activities authorized under this Act significantly affect the air quality of any State.

"(b) The issuance and continuance in effect of any lease, or of any assignment or other transfer of any lease, under the provisions of this Act shall be conditioned upon compliance with regulations issued under this Act.

Judicial review.

"(c) Whenever the owner of a nonproducing lease fails to comply with any of the provisions of this Act, or of the lease, or of the regulations issued under this Act, such lease may be canceled by the Secretary, subject to the right of judicial review as provided in this Act, if such default continues for the period of thirty days after mailing of notice by registered letter to the lease owner at his record post office address.

"(d) Whenever the owner of any producing lease fails to comply with any of the provisions of this Act, of the lease, or of the regulations issued under this Act, such lease may be forfeited and canceled by an appropriate proceeding in any United States district court having jurisdiction under the provisions of this Act.

Secretary of Energy, consultation.
Notice and hearing.

"(e) Rights-of-way through the submerged lands of the outer Continental Shelf, whether or not such lands are included in a lease maintained or issued pursuant to this Act, may be granted by the Secretary for pipeline purposes for the transportation of oil, natural gas, sulphur, or other minerals, or under such regulations and upon such conditions as may be prescribed by the Secretary, or where appropriate the Secretary of Transportation, including (as provided in

section 21(b) of this Act) assuring maximum environmental protection by utilization of the best available and safest technologies, including the safest practices for pipeline burial and upon the express condition that oil or gas pipelines shall transport or purchase without discrimination, oil or natural gas produced from submerged lands or outer Continental Shelf lands in the vicinity of the pipelines in such proportionate amounts as the Federal Energy Regulatory Commission, in consultation with the Secretary of Energy, may, after a full hearing with due notice thereof to the interested parties, determine to be reasonable, taking into account, among other things, conservation and the prevention of waste. Failure to comply with the provisions of this section or the regulations and conditions prescribed under this section shall be ground for forfeiture of the grant in an appropriate judicial proceeding instituted by the United States in any United States district court having jurisdiction under the provisions of this Act.

"(f)(1) Except as provided in paragraph (2), every permit, license, easement, right-of-way, or other grant of authority for the transportation by pipeline on or across the outer Continental Shelf of oil or gas shall require that the pipeline be operated in accordance with the following competitive principles:

"(A) The pipeline must provide open and nondiscriminatory access to both owner and nonowner shippers.

"(B) Upon the specific request of one or more owner or nonowner shippers able to provide a guaranteed level of throughput, and on the condition that the shipper or shippers requesting such expansion shall be responsible for bearing their proportionate share of the costs and risks related thereto, the Federal Energy Regulatory Commission may, upon finding, after a full hearing with due notice thereof to the interested parties, that such expansion is within technological limits and economic feasibility, order a subsequent expansion of throughput capacity of any pipeline for which the permit, license, easement, right-of-way, or other grant of authority is approved or issued after the date of enactment of this subparagraph. This subparapragh shall not apply to any such grant of authority approved or issued for the Gulf of Mexico or the Santa Barbara Channel.

Regulations.

"(3) The Secretary of Energy and the Federal Energy Regulatory Commission shall consult with and give due consideration to the views of the Attorney General on specific conditions to be included in any permit, license, easement, right-of-way, or grant of authority in order to ensure that pipelines are operated in accordance with the competitive principles set forth in paragraph (1) of this subsection. In preparing any such views, the Attorney General shall consult with the Federal Trade Commission.

Regulations.

"(2) If no rule or order referred to in paragraph (1) has been issued, the lessee shall produce such oil or gas, or both, at rates consistent with any regulation promulgated by the Secretary of Energy which is to assure the maximum rate of production which may be sustained without loss of ultimate recovery of oil or gas, or both, under sound engineering and economic principles, and which is safe for the duration of the activity covered by the approved plan. The Secretary may permit the lessee to vary such rates if he finds that such variance is necessary.

Department of Energy, notification.

"(h) The head of any Federal department or agency who takes any action which has a direct and significant effect on the outer Continental Shelf or its development shall promptly notify the Secretary of such action and the Secretary shall thereafter notify the Governor of any affected State and the Secretary may thereafter recommend such changes in such action as are considered appropriate.

"(i) After the date of enactment of this section, no holder of any oil and gas lease issued or maintained pursuant to this Act shall be permitted to flare natural gas from any well unless the Secretary finds that there is no practicable way to complete production of such gas, or that such flaring is necessary to alleviate a temporary emergency situation or to conduct testing or work-over operations.".

REVISION OF BIDDING AND LEASE ADMINISTRATION

SEC. 205. (a) Subsections (a) and (b) of section 8 of the Outer Continental Shelf Lands Act (43 U.S.C. 1337 (a) and (b)) are amended to read as follows:

Regulations.

"(a) (1) The Secretary is authorized to grant to the highest responsible qualified bidder or bidders by competitive bidding, under regulations promulgated in advance, any oil and gas lease on submerged lands of the outer Continental Shelf which are not covered by leases meeting the requirements of subsection (a) of section 6 of this Act. Such regulations may provide for the deposit of cash bids in an interest-bearing account until the Secretary announces his decision on whether to accept the bids, with the interest earned thereon to be paid to the Treasury as to bids that are accepted and to the unsuccessful bidders as to bids that are rejected. The bidding shall be by sealed bid and, at the discretion of the Secretary, on the basis of—

43 USC 1335.

"(A) cash bonus bid with a royalty at not less than 12½ per centum fixed by the Secretary in amount or value of the production saved, removed, or sold;

"(B) variable royalty bid based on a per centum in amount or value of the production saved, removed, or sold, with either a fixed work commitment based on dollar amount for exploration or a fixed cash bonus as determined by the Secretary, or both;

"(C) cash bonus bid, or work commitment bid based on a dollar amount for exploration with a fixed cash bonus, and a diminishing or sliding royalty based on such formulae as the Secretary shall determine as equitable to encourage continued production from the lease area as resources diminish, but not less than 12½ per centum at the beginning of the lease period in amount or value of the production saved, removed, or sold;

"(D) cash bonus bid with a fixed share of the net profits of no less than 30 per centum to be derived from the production of oil and gas from the lease area;

"(E) fixed cash bonus with the net profit share reserved as the bid variable;

"(F) cash bonus bid with a royalty at no less than 12½ per centum fixed by the Secretary in amount or value of the production saved, removed, or sold and a fixed per centum share of net profits of no less than 30 per centum to be derived from the production of oil and gas from the lease area;

"(G) work commitment bid based on a dollar amount for exploration with a fixed cash bonus and a fixed royalty in amount or value of the production saved, removed, or sold; or

"(H) subject to the requirements of paragraph (4) of this subsection, any modification of bidding systems authorized in subparagraphs (A) through (G), or any other systems of bid variables, terms, and conditions which the Secretary determines to be useful to accomplish the purposes and policies of this Act, except that no such bidding system or modification shall have more than one bid variable.

"(2) The Secretary may, in his discretion, defer any part of the payment of the cash bonus, as authorized in paragraph (1) of this subsection, according to a schedule announced at the time of the announcement of the lease sale, but such payment shall be made in total no later than five years after the date of the lease sale.

"(3) The Secretary may, in order to promote increased production on the lease area, through direct, secondary, or tertiary recovery means, reduce or eliminate any royalty or net profit share set forth in the lease for such area.

"(4)(A) The Secretary of Energy shall submit any bidding system authorized in subparagraph (H) of paragraph (1) to the Senate and House of Representatives. The Secretary may institute such bidding system unless either the Senate or the House of Representatives passes a resolution of disapproval within thirty days after receipt of the bidding system.

Report to Congress. Resolution of disapproval.

"(B) Subparagraphs (C) through (J) of this paragraph are enacted by Congress—

"(i) as an exercise of the rulemaking power of the Senate and the House of Representatives, respectively, and as such they are deemed a part of the rules of each House, respectively, but they are applicable only with respect to the procedures to be followed in that House in the case of resolutions described by this paragraph, and they supersede other rules only to the extent that they are inconsistent therewith; and

"(ii) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner, and to the same extent as in the case of any other rule of that House.

"(C) A resolution disapproving a bidding system submitted pursuant to this paragraph shall immediately be referred to a committee (and all resolutions with respect to the same request shall be referred to the same committee) by the President of the Senate or the Speaker of the House of Representatives, as the case may be.

"(D) If the committee to which has been referred any resolution disapproving the bidding system of the Secretary has not reported the resolution at the end of ten calendar days after its referral, it shall be in order to move either to discharge the committee from further consideration of the resolution or to discharge the committee from further

consideration of any other resolution with respect to the same bidding system which has been referred to the committee.

"(E) A motion to discharge may be made only by an individual favoring the resolution, shall be highly privileged (except that it may not be made after the committee has reported a resolution with respect to the same recommendation), and debate thereon shall be limited to not more than one hour, to be divided equally between those favoring and those opposing the resolution. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

"(F) If the motion to discharge is agreed to or disagreed to, the motion may not be renewed, nor may another motion to discharge the committee be made with respect to any other resolution with respect to the same bidding system.

"(G) When the committee has reported, or has been discharged from further consideration of, a resolution as provided in this paragraph, it shall be at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the resolution. The motion shall be highly privileged and shall not be debatable. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

"(H) Debate on the resolution is limited to not more than two hours, to be divided equally between those favoring and those opposing the resolution. A motion further to limit debate is not debatable. An amendment to, or motion to recommit, the resolution is not in order, and it is not in order to move to reconsider the vote by which the resolution is agreed to or disagreed to.

"(I) Motions to postpone, made with respect to the discharge from the committee, or the consideration of a resolution with respect to a bidding system, and motions to proceed to the consideration of other business, shall be decided without debate.

"(J) Appeals from the decisions of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution with respect to a bidding system shall be decided without debate.

"(5)(A) During the five-year period commencing on the date of enactment of this subsection, the Secretary may, in order to obtain statistical information to determine which bidding alternatives will best accomplish the purposes and policies of this Act, require, as to no more than 10 per centum of the tracts offered each year, each bidder to submit bids for any area of the outer Continental Shelf in accordance with more than one of the bidding systems set forth in paragraph (1) of this subsection. For such statistical purposes, leases may be awarded using a bidding alternative selected at random for the acquisition of valid statistical data if such bidding alternative is otherwise consistent with the provisions of this Act.

"(B) The bidding systems authorized by paragraph (1) of this subsection, other than the system authorized by subparagraph (A), shall be applied to not less than 20 per centum and not more than 60 per centum of the total area offered for leasing each year during the five-year period beginning on the date of enactment of this subsection, unless the Secretary determines that the requirements set forth in this subparagraph are inconsistent with the purposes and policies of this Act.

"(6) At least ninety days prior to notice of any lease sale under subparagraph (D), (E), (F), or, if appropriate, (H) of paragraph (1), the Secretary shall by regulation establish rules to govern the calculation of net profits. In the event of any dispute between the United States and a lessee concerning the calculation of the net profits under the regulation issued pursuant to this paragraph, the burden of proof shall be on the lessee. Rules.

"(7) After an oil and gas lease is granted pursuant to any of the work commitment options of paragraph (1) of this subsection—

"(A) the lessee, at its option, shall deliver to the Secretary upon issuance of the lease either (i) a cash deposit for the full amount of the exploration work commitment, or (ii) a performance bond in form and substance and with a surety satisfactory to the Secretary, in the principal amount of such exploration work commitment assuring the Secretary that such commitment shall be faithfully discharged in accordance with this section, regulations, and the lease; and for purposes of this subparagraph, the principal amount of such cash deposit or bond may, in accordance with regulations, be periodically reduced upon proof, satisfactory to the Secretary, that a portion of the exploration work commitment has been satisfied;

"(B) 50 per centum of all exploration expenditures on, or directly related to, the lease, including, but not limited to (i) geological investigations and related activities, (ii) geophysical investigations including seismic, geomagnetic, and gravity surveys, data processing and interpretation, and (iii) exploratory drilling, core drilling, redrilling, and well completion or abandonment, including the drilling of wells sufficient to determine the size and areal extent of any newly discovered field, and including the cost of mobilization and demobilization of drilling equipment, shall be included in satisfaction of the commitment, except that the lessee's general overhead cost shall not be so included against the work commitment, but its cost (including employee benefits) of employees directly assigned to such exploration work shall be so included; and

"(C) if at the end of the primary term of the lease, including any extension thereof, the full dollar amount of the exploration work commitment has not been satisfied, the balance shall then be paid in cash to the Secretary.

"(8) Not later than thirty days before any lease sale, the Secretary shall submit to the Congress and publish in the Federal Register a notice— Notice, submittal to Congress. Publication in Federal Register.

"(A) identifying any bidding system which will be utilized for such lease sale and the reasons for the utilization of such bidding system; and

"(B) the schedule of all lease sales to be held the following year and the bidding system or systems to be utilized;

"(C) the benefits and costs associated with conducting lease sales using the various bidding systems;

"(D) if applicable, the reasons why a particular bidding system has not been or will not be utilized; and

"(E) if applicable, the reasons why more than 60 per centum or less than 20 per centum of the area leased in the past year, or to be offered for lease in the upcoming year, was or is to be leased under the bidding system authorized by subparagraph (A) of paragraph (1) of this subsection.

"(b) An oil and gas lease issued pursuant to this section shall—

"(1) be for a tract consisting of a compact area not exceeding five thousand seven hundred and sixty acres, as the Secretary may determine, unless the Secretary finds that a larger area is necessary to comprise a reasonable economic production unit;

"(2) be for an initial period of—

"(A) five years; or

"(B) not to exceed ten years where the Secretary finds that such longer period is necessary to encourage exploration and development in areas because of unusually deep water or other unusually adverse conditions,

and as long after such initial period as oil or gas is produced from the area in paying quantities, or drilling or well reworking operations as approved by the Secretary are conducted thereon;

"(3) require the payment of amount or value as determined by one of the bidding systems set forth in subsection (a) of this section;

"(4) entitle the lessee to explore, develop, and produce the oil and gas contained within the lease area, conditioned upon due diligence requirements and the approval of the development and production plan required by this Act;

"(5) provide for suspension or cancellation of the lease during the initial lease term or thereafter pursuant to section 5 of this Act;

43 USC 1334.

"(6) contain such rental and other provisions as the Secretary may prescribe at the time of offering the area for lease; and

"(7) provide a requirement that the lessee offer 20 per centum of the crude oil, condensate, and natural gas liquids produced on such lease, at the market value and point of delivery applicable to Federal royalty oil, to small or independent refiners as defined in the Emergency Petroleum Allocation Act of 1973.".

15 USC 751 note.

(b) Section 8 of the Outer Continental Shelf Lands Act (43 U.S.C. 1337) is further amended by striking out subsection (j), by relettering subsections (c) through (i), and all references thereto, as subsections (i) through (o), respectively, and by inserting immediately after subsection (b) the following new subsections:

Review.

"(c) (1) Following each notice of a proposed lease sale and before the acceptance of bids and the issuance of leases based on such bids, the Secretary shall allow the Attorney General, in consultation with the Federal Trade Commission, thirty days to review the results of such lease sale, except that the Attorney General, after consultation

with the Federal Trade Commission, may agree to a shorter review period.

"(2) The Attorney General may, in consultation with the Federal Trade Commission, conduct such antitrust review on the likely effects the issuance of such leases would have on competition as the Attorney General, after consultation with the Federal Trade Commission, deems appropriate and shall advise the Secretary with respect to such review. The Secretary shall provide such information as the Attorney General, after consultation with the Federal Trade Commission, may require in order to conduct any antitrust review pursuant to this paragraph and to make recommendations pursuant to paragraph (3) of this subsection. Antitrust review.

"(3) The Attorney General, after consultation with the Federal Trade Commission, may make such recommendations to the Secretary, including the nonacceptance of any bid, as may be appropriate to prevent any situation inconsistent with the antitrust laws. If the Secretary determines, or if the Attorney General advises the Secretary, after consultation with the Federal Trade Commission and prior to the issuance of any lease, that such lease may create or maintain a situation inconsistent with the antitrust laws, the Secretary may—

"(A) refuse (i) to accept an otherwise qualified bid for such lease, or (ii) to issue such lease, notwithstanding subsection (a) of this section; or

"(B) issue such lease, and notify the lessee and the Attorney General of the reason for such decision.

"(4)(A) Nothing in this subsection shall restrict the power under any other Act or the common law of the Attorney General, the Federal Trade Commission, or any other Federal department or agency to secure information, conduct reviews, make recommendations, or seek appropriate relief.

"(B) Neither the issuance of a lease nor anything in this subsection shall modify or abridge any private right of action under the antitrust laws.

"(d) No bid for a lease may be submitted if the Secretary finds, after notice and hearing, that the bidder is not meeting due diligence requirements on other leases. Notice and hearing.

"(e) No lease issued under this Act may be sold, exchanged, assigned, or otherwise transferred except with the approval of the Secretary. Prior to any such approval, the Secretary shall consult with and give due consideration to the views of the Attorney General.

"(f) Nothing in this Act shall be deemed to convey to any person, association, corporation, or other business organization immunity from civil or criminal liability, or to create defenses to actions, under any antitrust law.

"(g)(1) At the time of soliciting nominations for the leasing of lands within three miles of the seaward boundary of any coastal State, the Secretary shall provide the Governor of such State—

"(A) an identification and schedule of the areas and regions proposed to be offered for leasing;

"(B) all information concerning the geographical, geological, and ecological characteristics of such regions;

"(C) an estimate of the oil and gas reserves in the areas proposed for leasing; and

"(D) an identification of any field, geological structure, or trap located within three miles of the seaward boundary of such coastal State.

"(2) After receipt of nominations for any area of the outer Continental Shelf within three miles of the seaward boundary of any coastal State, the Secretary shall inform the Governor of such coastal State of any such area which the Secretary believes should be given further consideration for leasing. The Secretary, in consultation with the Governor of the coastal State, shall then, determine whether any such area may contain one or more oil or gas pools or fields underlying both the outer Continental Shelf and lands subject to the jurisdiction of such State. If, with respect to such area, the Secretary selects a tract or tracts which may contain one or more oil or gas pools or fields underlying both the outer Continental Shelf and lands subject to the jurisdiction of such State, the Secretary shall offer the Governor of such coastal State the opportunity to enter into an agreement concerning the disposition of revenues which may be generated by a Federal lease within such area in order to permit their fair and equitable division between the State and Federal Government.

"(3) Within ninety days after the offer by the Secretary pursuant to paragraph (2) of this subsection, the Governor shall elect whether to enter into such agreement and shall notify the Secretary of his decision. If the Governor accepts the offer, the terms of any lease issued shall be consistent with the provisions of this Act, with applicable regulations, and, to the maximum extent practicable, with the applicable laws of the coastal State. If the Governor declines the offer, or if the parties cannot agree to terms concerning the disposition of revenues from such lease (by the time the Secretary determines to offer the area for lease), the Secretary may nevertheless proceed with the leasing of the area.

"(4) Notwithstanding any other provision of this Act, the Secretary shall deposit in a separate account in the Treasury of the United States all bonuses, royalities, and other revenues attributable to oil and gas pools underlying both the outer Continental Shelf and submerged lands subject to the jurisdiction of any coastal State until such time as the Secretary and the Governor of such coastal State agree on, or if the Secretary and the Governor of such coastal State cannot agree, as a district court of the United States determines, the fair and equitable disposition of such revenues and any interest which has accrued and the proper rate of payments to be deposited in the treasuries of the Federal Government and such coastal State.

"(h) Nothing contained in this section shall be construed to alter, limit, or modify any claim of any State to any jurisdiction over, or any right, title, or interest in, any submerged lands.".

(c) Subsection (c) of section 105 of the Energy Policy and Conservation Act (42 U.S.C. 6213(c)) is amended to read as follows:

Exemptions.

"(c) The Secretary may, in his discretion, consider a request from any person described in subsection (a) of this section for an exemption from the prohibition of this section. In considering any such request, the Secretary may exempt bidding for leases for lands in any area only if the Secretary finds, on the record after opportunity for an agency hearing, that—

"(1) such lands have extremely high cost exploration or development problems; and

"(2) exploration and development will not occur on such lands unless such exemption is granted.

Findings of the Secretary under this subsection shall be final, and shall not be invalidated unless found to be arbitrary or capricious.".

OUTER CONTINENTAL SHELF OIL AND GAS EXPLORATION

Sec. 206. Section 11 of the Outer Continental Shelf Lands Act (43 U.S.C. 1340) is amended—

"(c)(1) Except as otherwise provided in the Act, prior to commencing exploration pursuant to any oil and gas lease issued or maintained under this Act, the holder thereof shall submit an exploration plan to the Secretary for approval. Such plan may apply to more than one lease held by a lessee in any one region of the outer Continental Shelf, or by a group of lessees acting under a unitization, pooling, or drilling agreement, and shall be approved by the Secretary if he finds that such plan is consistent with the provisions of this Act, regulations prescribed under this Act, including regulations prescribed by the Secretary pursuant to paragraph (8) of section 5(a) of this Act, and the provisions of such lease. The Secretary shall require such modifications of such plan as are necessary to achieve such consistency. The Secretary shall approve such plan, as submitted or modified, within thirty days of its submission, except that the Secretary shall disapprove such plan if he determines that (A) any proposed activity under such plan would result in any condition described in section 5(a)(2)(A)(i) of this Act, and (B) such proposed activity cannot be modified to avoid such condition. If the Secretary disapproves a plan under the preceding sentence, he may, subject to section 5(a)(2)(B) of this Act, cancel such lease and the lessee shall be entitled to compensation in accordance with the regulations prescribed under section 5(a)(2)(C) (i) or (ii) of this Act.

16 USC 1456.

"(3) An exploration plan submitted under this subsection shall include, in the degree of detail which the Secretary may by regulation require—

Regulations.

"(D) such other information deemed pertinent by the Secretary.

Regulations.

"(4) The Secretary may, by regulation, require that such plan be accompanied by a general statement of development and production intentions which shall be for planning purposes only and which shall not be binding on any party.

"(d) The Secretary may, by regulation, require any lessee operating under an approved exploration plan to obtain a permit prior to drilling any well in accordance with such plan.

"(e)(1) If a significant revision of an exploration plan approved under this subsection is submitted to the Secretary, the process to be used for the approval of such revision shall be the same as set forth in subsection (c) of this section.

"(2) All exploration activities pursuant to any lease shall be conducted in accordance with an approved exploration plan or an approved revision of such plan.

"(f)(1) Exploration activities pursuant to any lease for which a drilling permit has been issued or for which an exploration plan has been approved, prior to ninety days after the date of enactment of this subsection, shall be considered in compliance with this section, except that the Secretary may, in accordance with section 5(a)(1)(B) of this Act, order a suspension or temporary prohibition of any exploration activities and require a revised exploration plan.

"(g) Any permit for geological explorations authorized by this section shall be issued only if the Secretary determines, in accordance with regulations issued by the Secretary, that—

"(1) the applicant for such permit is qualified;

"(2) the exploration will not interfere with or endanger operations under any lease issued or maintained pursuant to this Act; and

"(3) such exploration will not be unduly harmful to aquatic life in the area, result in pollution, create hazardous or unsafe conditions, unreasonably interfere with other uses of the area, or disturb any site, structure, or object of historical or archeological significance.

The leasing program shall consist of a schedule of proposed lease sales indicating, as precisely as possible, the size, timing, and location of leasing activity which he determines will best meet national energy needs for the five-year period following its approval or reapproval. Such leasing program shall be prepared and maintained in a manner consistent with the following principles: 43 USC 1344.

"(1) Management of the outer Continental Shelf shall be conducted in a manner which considers economic, social, and environmental values of the renewable and nonrenewable resources contained in the outer Continental Shelf, and the potential impact of oil and gas exploration on other resource values of the outer Continental Shelf and the marine, coastal, and human environments.

"(2) Timing and location of exploration, development, and production of oil and gas among the oil- and gas-bearing physiographic regions of the outer Continental Shelf shall be based on a consideration of—

"(A) existing information concerning the geographical, geological, and ecological characteristics of such regions;

"(B) an equitable sharing of developmental benefits and environmental risks among the various regions;

"(C) the location of such regions with respect to, and the relative needs of, regional and national energy markets;

"(H) relevant environmental and predictive information for different areas of the outer Continental Shelf.

"(3) The Secretary shall select the timing and location of leasing, to the maximum extent practicable, so as to obtain a proper balance between the potential for environmental damage, the potential for the discovery of oil and gas, and the potential for adverse impact on the coastal zone.

Fair market value.

"(4) Leasing activities shall be conducted to assure receipt of fair market value for the lands leased and the rights conveyed by the Federal Government.

Appropriations and staff, estimates.

"(b) The leasing program shall include estimates of the appropriations and staff required to—

"(3) After the leasing program has been approved by the Secretary, or after eighteen months following the date of enactment of this section, whichever first occurs, no lease shall be issued unless it is for an area included in the approved leasing program and unless it contains provisions consistent with the approved leasing program, except that leasing shall be permitted to continue until such program is approved and for so long thereafter as such program is under judicial or administrative review pursuant to the provisions of this Act.

Review.

"(e) The Secretary shall review the leasing program approved under this section at least once each year. He may revise and reapprove such program, at any time, and such revision and reapproval, except in the case of a revision which is not significant, shall be in the same manner as originally developed.

"(b) Such recommendations shall be submitted within sixty days after notice of such proposed lease sale or after receipt of such development and production plan.

"(c) The Secretary shall accept recommendations of the Governor and may accept recommendations of the executive of any affected local government if he determines, after having provided the opportunity for consultation, that they provide for a reasonable balance between the national interest and the well-being of the citizens of the affected State. For purposes of this subsection, a determination of the national interest shall be based on the desirability of obtaining oil and gas supplies in a balanced manner and on the findings, purposes, and policies of this Act. The Secretary shall communicate to the Governor, in writing, the reasons for his determination to accept or reject such Governor's recommendations, or to implement any alternative means identified in consultation with the Governor to provide for a reasonable balance between the national interest and the well-being of the citizens of the affected State.

"(d) The Secretary's determination that recommendations provide, or do not provide, for a reasonable balance between the national interest and the well-being of the citizens of the affected State shall be final and shall not, alone, be a basis for invalidation of a proposed lease sale or a proposed development and production plan in any suit or judicial review pursuant to section 23 of this Act, unless found to be arbitrary or capricious. *Post*, p. 657.

"(e) The Secretary is authorized to enter into cooperative agreements with affected States for purposes which are consistent with this Act and other applicable Federal law. "(2) Each study required by paragraph (1) of this subsection shall be commenced not later than six months after the date of enactment of this section with respect to any area or region where a lease sale has been held or announced by publication of a notice of proposed lease sale before such date of enactment, and not later than six months prior to the holding of a lease sale with respect to any area or region where no lease sale has been held or scheduled before such date of enactment. The Secretary may utilize information collected in any study prior to such date of enactment. Effective date. Notice, publication.

"(3) In addition to developing environmental information, any study of an area or region, to the extent practicable, shall be designed to predict impacts on the marine biota which may result from chronic low level pollution or large spills associated with outer Continental Shelf production, from the introduction of drill cuttings and drilling

muds in the area, and from the laying of pipe to serve the offshore production area, and the impacts of development offshore on the affected and coastal areas.

"(b) Subsequent to the leasing and developing of any area or region, the Secretary shall conduct such additional studies to establish environmental information as he deems necessary and shall monitor the human, marine, and coastal environments of such area or region in a manner designed to provide time-series and data trend information which can be used for comparison with any previously collected data for the purpose of identifying any significant changes in the quality and productivity of such environments, for establishing trends in the areas studied and monitored, and for designing experiments to identify the causes of such changes.

Regulations.

"(c) The Secretary shall, by regulation, establish procedures for carrying out his duties under this section, and shall plan and carry out such duties in full cooperation with affected States. To the extent that other Federal agencies have prepared environmental impact statements, are conducting studies, or are monitoring the affected human, marine, or coastal environment, the Secretary may utilize the information derived therefrom in lieu of directly conducting such activities. The Secretary may also utilize information obtained from any State or local government, or from any person, for the purposes of this section. For the purpose of carrying out his responsibilities under this section, the Secretary may by agreement utilize, with or without reimbursement, the services, personnel, or facilities of any Federal, State, or local government agency.

"(d) The Secretary shall consider available relevant environmental information in making decisions (including those relating to exploration plans, drilling permits, and development and production plans), in developing appropriate regulations and lease conditions, and in issuing operating orders.

Information, submittal to Congress and availability to public.

"(e) As soon as practicable after the end of each fiscal year, the Secretary shall submit to the Congress and make available to the general public an assessment of the cumulative effect of activities conducted under this Act on the human, marine, and coastal environments.

Contracts or grants.

"(f) In executing his responsibilities under this section, the Secretary shall, to the maximum extent practicable, enter into appropriate arrangements to utilize on a reimbursable basis the capabilities of the Department of Commerce. In carrying out such arrangements, the Secretary of Commerce is authorized to enter into contracts or grants with any person, organization, or entity with funds appropriated to the Secretary of the Interior pursuant to this Act.

"(3) Except for any privileged or proprietary information (as such term is defined in regulations issued by the Secretary), the Secretary, within ten days after receipt of a plan and statement, shall (A) submit such plan and statement to the Governor of any affected State, and, upon request, to the executive of any affected local government, and (B) make such plan and statement available to any appropriate interstate regional entity and the public.

"(b) After the date of enactment of this section, no oil and gas lease may be issued pursuant to this Act in any region of the outer Continental Shelf, other than the Gulf of Mexico, unless such lease requires that development and production activities be carried out in accordance with a plan which complies with the requirements of this section.

"(c) A plan may apply to more than one oil and gas lease, and shall set forth, in the degree of detail established by regulations issued by the Secretary—

"(1) the specific work to be performed;

"(2) a description of all facilities and operations located on the outer Continental Shelf which are proposed by the lessee or known by him (whether or not owned or operated by such lessee) to be directly related to the proposed development, including the location and size of such facilities and operations, and the land, labor, material, and energy requirements associated with such facilities and operations;

"(3) the environmental safeguards to be implemented on the outer Continental Shelf and how such safeguards are to be implemented;

16 USC 1456.

"(2) The Secretary may require lessees of tracts for which development and production plans have not been approved, to submit preliminary or final plans for their leases, prior to or immediately after a determination by the Secretary that the procedures under the National Environmental Policy Act of 1969 shall commence.

42 USC 4321 note.

"(f) If approval of a development and production plan is found to be a major Federal action, the Secretary shall transmit the draft environmental impact statement to the Governor of any affected State, and upon request, to the executive of any local government, and shall make such draft available to any appropriate interstate regional entity and the public.

Environmental impact statement draft, availability to public.

"(g) If approval of a development and production plan is not found to be a major Federal action, the Governor of any affected State and the executive of any affected local government shall have sixty days from the date of receipt of the plan from the Secretary to submit comments and recommendations. Prior to submitting recommendations to the Secretary, the executive of any affected local government must forward his recommendations to the Governor of his State. Such comments and recommendations shall be made available to the public upon request. In addition, any interested person may submit comments and recommendations.

"(h)(1) After reviewing the record of any public hearing held with respect to the approval of a plan pursuant to the National Environmental Policy Act of 1969 or the comments and recommendations submitted under subsection (g) of this section, the Secretary shall, within sixty days after the release of the final environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969 in accordance with subsection (e) of this section, or sixty days after the period provided for comment under subsection (g) of this section, approve, disapprove, or require modifications of the plan. The Secretary shall require modification of a plan if he determines that the lessee has failed to make adequate provision in such plan for safe operations on the lease area or for protection of the human, marine, or coastal environment, including compliance with the regulations prescribed by the Secretary pursuant to paragraph (8) of section 5(a) of this Act. Any modification required by the Secretary which involves activities for which a Federal license or permit is required and which affects any land use or water use in the coastal zone of a State with a coastal zone management program approved pursuant to section 306 of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455) must receive concurrence by such State with respect to the consistency certification accompanying such plan pursuant to section 307(c)(3)(B) (i) or (ii) of such Act unless the Secretary of Commerce makes the finding authorized by section 307(c)(3)(B)(iii) of such Act. any land use or water use in the coastal zone of a State with a coastal zone management program approved pursuant to section 306 of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455) do not receive concurrence by such State with respect to the consistency certification accompanying such plan pursuant to section 307(c)(3)(B) (i) or (ii) of such Act and the Secretary of Commerce does not make the finding authorized by section 307(c)(3)(B)(iii) of such Act;

16 USC 1456.

"(C) if operations threaten national security or national defense; or

"(D) if the Secretary determines, because of exceptional geological conditions in the lease areas, exceptional resource values in the marine or coastal environment, or other exceptional circumstances, that (i) implementation of the plan would probably cause serious harm or damage to life (including fish and other aquatic life), to property, to any mineral deposits (in areas leased or not leased), to the national security or defense, or to the marine, coastal or human environments, (ii) the threat of harm or damage will not disappear or decrease to an acceptable extent within a reasonable period of time, and (iii) the advantages of disapproving the plan outweigh the advantages of development and production.

"(2)(A) If a plan is disapproved—

"(i) under subparagraph (A) of paragraph (1); or

"(ii) under subparagraph (B) of paragraph (1) with respect to a lease issued after approval of a coastal zone management program pursuant to the Coastal Zone Management Act of 1972 (16 U.S.C. 1455),

the lessee shall not be entitled to compensation because of such disapproval.

"(B) If a plan is disapproved—

"(i) under subparagraph (C) or (D) of paragraph (1); or

"(ii) under subparagraph (B) of paragraph (1) with respect to a lease issued before approval of a coastal zone management program pursuant to the Coastal Zone Management Act of 1972, and such approval occurs after the lessee has submitted a plan to the Secretary,

16 USC 1451 note.

the term of the lease shall be duly extended, and at any time within five years after such disapproval, the lessee may reapply for approval of the same or a modified plan, and the Secretary shall approve, disapprove, or require modifications of such plan in accordance with this subsection.

"(C) Upon expiration of the five-year period described in subparagraph (B) of this paragraph, or, in the Secretary's discretion, at an earlier time upon request of a lessee, if the Secretary has not approved a plan, the Secretary shall cancel the lease and the lessee shall be entitled to receive compensation in accordance with section 5(a)(2)(C) of this Act. The Secretary may, at any time within the five-year period described in subparagraph (B) of this paragraph, require the lessee to submit a development and production plan for approval, disapproval, or modification. If the lessee fails to submit a required plan expeditiously and in good faith, the Secretary shall find that the lessee has not been duly diligent in pursuing his obligations under the lease, and shall immediately initiate procedures to cancel such lease, without compensation, under the provisions of section 5(c) of this Act.

43 USC 1334.

"(3) The Secretary shall, from time to time, review each plan approved under this section. Such review shall be based upon changes in available information and other onshore or offshore conditions affecting or impacted by development and production pursuant to such plan. If the review indicates that the plan should be revised to meet the requirements of this subsection, the Secretary shall require such revision. Review.

"(i) The Secretary may approve any revision of an approved plan proposed by the lessee if he determines that such revision will lead to greater recovery of oil and natural gas, improve the efficiency, safety, and environmental protection of the recovery operation, is the only means available to avoid substantial economic hardship to the lessee, or is otherwise not inconsistent with the provisions of this Act, to the extent such revision is consistent with protection of the human, marine, and coastal environments. Any revision of an approved plan which the Secretary determines is significant shall be reviewed in accordance with subsections (d) through (f) of this section.

"(j) Whenever the owner of any lease fails to submit a plan in accordance with regulations issued under this section, or fails to comply with an approved plan, the lease may be canceled in accordance with sections 5 (c) and (d). Termination of a lease because of failure to comply with an approved plan, including required modifications or revisions, shall not entitle a lessee to any compensation. 43 USC 1334.

"(k) If any development and production plan submitted to the Secretary pursuant to this section provides for the production and transportation of natural gas, the lessee shall contemporaneously submit to the Federal Energy Regulatory Commission that portion of such plan which relates to production of natural gas and the facilities for transportation of natural gas. The Secretary and the Federal Energy Regulatory Commission shall agree as to which of them shall prepare an environmental impact statement pursuant to the National Environmental Policy Act of 1969 applicable to such portion of such plan, or conduct studies as to the effect on the environment of implementing it. Thereafter, the findings and recommendations by the agency preparing such environmental impact statement or conducting such studies pursuant to such agreement shall be adopted by the other agency, and such other agency shall not independently prepare another environmental impact statement or duplicate such studies with respect to such portion of such plan, but the Federal Energy Regulatory Commission, in connection with its review of an application for a certificate of public convenience and necessity applicable to such transportation facilities pursuant to section 7 of the Natural Gas Act (15 U.S.C. 717), may prepare such environmental studies or statement relevant to certification of such transportation facilities as have not been covered by an environmental impact statement or studies prepared by the Secretary. The Secretary, in consultation with the Federal Energy Regulatory Commission, shall promulgate rules to implement this subsection, but the Federal Energy Regulatory Commission shall retain sole authority with respect to rules and procedures applicable to the filing of any application with the Commission and to all aspects of the Commission's review of, and action on, any such application. Plan, transmittal to Federal Energy Regulatory Commission. 42 USC 4321 note. Rules.

"(l) The Secretary may require the provisions of this section to apply to an oil and gas lease issued or maintained under this Act, which is located in that area of the Gulf of Mexico which is adjacent

to the State of Florida, as determined pursuant to section 4(a)(2) of this Act.

"(2) As soon as practicable after information provided to the Secretary pursuant to subsection (a) of this section is processed, analyzed, and interpreted, the Secretary shall make available to the affected States, and upon request, to any affected local government, a summary of data designed to assist them in planning for the onshore impacts of possible oil and gas development and production. Such summary shall include estimates of (A) the oil and gas reserves in areas leased or to be leased, (B) the size and timing of development if and when oil or

gas, or both, is found, (C) the location of pipelines, and (D) the general location and nature of onshore facilities.

"(c) The Secretary shall prescribe regulations to (1) assure that the confidentiality of privileged or proprietary information received by the Secretary under this section will be maintained, and (2) set forth the time periods and conditions which shall be applicable to the release of such information. Such regulations shall include a provision that no such information will be transmitted to any affected State unless the lessee, or the permittee and all persons to whom such permittee has sold such information under promise of confidentiality, agree to such transmittal. "(B)(i) the summary of data prepared by the Secretary pursuant to subsection (b)(2) of this section, and (ii) any other processed, analyzed, or interpreted data prepared by the Secretary pursuant to subsection (b)(1) of this section, unless the Secretary determines that transmittal of such data prepared pursuant to such subsection (b)(1) would unduly damage the competitive position of the lessee or permittee who provided the Secretary with the information which the Secretary had processed, analyzed, or interpreted; and

"(C) any relevant information received by the Secretary pursuant to subsection (a) of this section, subject to any applicable requirements as to confidentiality which are set forth in regulations prescribed under subsection (c) of this section.

"(2) Notwithstanding the provisions of any regulation required pursuant to the second sentence of subsection (c) of this section, the Governor of any affected State may designate an appropriate State official to inspect, at a regional location which the Secretary shall designate, any privileged information received by the Secretary regarding any activity adjacent to such State, except that no such inspection shall take place prior to the sale of a lease covering the area in which such activity was conducted. Knowledge obtained by such State during such inspection shall be subject to applicable requirements as to confidentiality which are set forth in regulations prescribed under subsection (c) of this section.

"(e) Prior to transmitting any privileged information to any State, or granting such State access to such information, the Secretary shall enter into a written agreement with the Governor of such State in which such State agrees, as a condition precedent to receiving or being granted access to such information, to waive the defenses set forth in subsection (f)(2) of this section, and to hold the United States harmless from any violations of the regulations prescribed pursuant to subsection (c) that the State or its employees may commit.

Civil action.

"(f)(1) Whenever any employee of the Federal Government or of any State reveals information in violation of the regulations prescribed pursuant to subsection (c) of this section, the lessee or permittee who supplied such information to the Secretary or to any other Federal official, and any person to whom such lessee or permittee has sold such information under promise of confidentiality, may commence a civil action for damages in the appropriate district court of the United States against the Federal Government or such State, as the case may be.

"(2) In any action commenced against the Federal Government or a State pursuant to paragraph (1) of this subsection, the Federal Government or such State, as the case may be, may not raise as a defense (A) any claim of sovereign immunity, or (B) any claim that the employee who revealed the privileged information which is the basis of such suit was acting outside the scope of his employment in revealing such information.
